GUSTAFSON TRAVEL

Vacations with a personal touch
for Alumni and Friends of the University of West Georgia

Tour Leaders: Leland and Gherry Gustafson

As many of you know, we have taken individuals and

families all over the world for the past twenty years. As educators, we feel that travel is a most beneficial and rewarding experience. Leland is a professor of Economics at the University of West Georgia and Gherry is a former teacher of gifted students in Carroll County, Georgia. Together we try to give you a trip that has unique experiences and exposes you to the people as well as the history of each culture.

2017 Antarctica – Jan 25 – Feb 13
