Senate Teaching and Learning Committee Agenda

OCTOBER 1, 2026

Attendees: Jenna Harte, Mandi Campbell, Blake Adams, Patrick Clinton, Brad Prince, Raihan Amed, Crystal Shelnutt, Susan Webb Hall, David Haase

1. **ITS Survey**
    a. We made final edits to the document
    b. A Qualtrics Survey will be made by IFE to be sent to faculty
    c. We'll share through the IFE & Provosts Newsletters, as well as possibly through faculty senate.

2. **Common Course Components**
    a. No recommendations were made for changes to the CourseDen navigation bar; we will write a position statement to support the IFE disabling the capability for faculty to edit the nav bar to ensure consistent experience for students.

3. **Online Teaching Support:**
    We believe this should move in three phases:
    1) Ensure Faculty Engagement: An MOU which details UWG's expectations for RSI (regular and substantive interaction). This should be signed by any faculty teaching online.
    2) Support Usability: proposed 2-hour training course to teach LMS basics.
    3) Strengthen Pedagogy: Support from IFE to improve teaching strategies.

The committee will review a draft MOU next month written in collaboration with the IFE.

4. **AI -**Tabled.
5. **New Business:**
    a. **Night School.** Many colleges do this. Suggestion to ask Associate Deans or chairs to gather this data for us.
