

Doctor of Education (Ed.D.) in School Improvement

Mission Statement

The mission of the Doctor of Education (Ed.D.) in School Improvement is to develop change agents and transformational leaders who, through collaboration with colleagues, schools, and communities, initiate sustainable systemic change in the schools they serve. The program is grounded in research knowledge and skills, technological competence, teaching and learning processes, and a commitment to diversity. Graduates will plan strategically and design, implement, and document collaboratively the impact of educational improvement programs that bring all students to high levels of academic achievement.

I hereby commit to the Mission of the Doctor of Education in School Improvement.
