IT'S ONE OF THE CORNERSTONES OF THE GO WEST PHILOSOPHY. The UWG family is committed to being a caring, active part of the local community—and the global one.

For some, that means serving in soup kitchens, taking foreign aid trips to struggling communities around the world, or participating in benefit runs or events. For others, it means writing letters for those who can’t do it themselves, tending to an abandoned or abused animal, or teaching a young mother to read.

Our sponsored organizations and departments collect toys for children, socks for the elderly, and canned goods for those in need. Our Serve West programs include on- and off-campus clean-up initiatives, community education projects, and much more.

Every day, our faculty, staff, students, and alumni prove that amazing things happen when you Go West and Give Back. gowestgeorgia.com
