Minutes of the Meeting of UWG Staff Advisory Council
All-Staff Open Meeting
TLC 1305
July 24, 2013

1. Call to Order – Erin Brannon

2. Welcome and Introduction - Erin Brannon
   Erin Brannon introduced the Staff Advisory Officers and Representatives. She then introduced and welcomed our new present, Dr. Kyle Marrero.

3. Opening Remarks - Dr. Kyle Marrero
   Dr. Marrero announced he is happy to already be a part of our community and get the opportunity to talk to people in Carrollton about their connection to UWG. He is asking a lot of people if they have visited campus in the last 10 years. Many people have not, so he feels they have missed the incredible growth and change we have accomplished in the past decade.

   One of Dr. Marrero’s major initiatives is to reach out and invite people to campus and to grow our community service focus. He wants UWG to make a real impact on the outside community. Dr. Marrero also noted the campus is currently very focused on the SACS reaccreditation 10 year on-site visit scheduled for this coming April. And the new Strategic Plan 2014-2020 is also a priority. He feels we have to focus on investing in the infrastructure – both physical and people – to be able to succeed on all levels.

   In his first days as president, Dr. Marrero conducted 23 interviews with a cross section of the campus community (AVPs, Directors, and Faculty). The common thread in what he heard is that we have to find out who we are, recognize this identity, and own it. In other words, clarify and pursue who we are, what we are, what we stand for, and what we want to be.

   Dr. Marrero closed by noting the #1 issue for UWG is the Complete College Georgia program. This is and will continue to be a huge priority and will require all of us to do our part in our jobs to help our students graduate.

4. Master Plan Update – Brendan Bowen
   Mr. Bowen announced that in the past 10 years we have done $300 million worth of construction and added one million square feet to campus. He presented a PowerPoint slideshow (see attached) that highlighted the projects completed in just the last two years and showed opportunities for growth with the land we currently own. He also explained the core principles guiding the current Master Planning project.
Mr. Bowen then discussed the Greenbelt Project and announced we are working with the City of Carrollton to direct it through our campus at no cost to us. The pathway will be open to the public and will be maintained and patrolled by the University.

He highlighted some of the many major renovation projects currently underway around campus, and announced we have received the certificate of occupancy for East Village. There is also an ongoing Back Campus Drive project to build a pedestrian plaza with a focus on making this area more pedestrian friendly. He encouraged the staff to go and see the new projects across campus (Nursing Building, The Oaks, East Commons, etc.) These are remarkable additions to our campus.

Mr. Bowen described the Newnan Hospital renovation project, an economic development project for the city of Newnan (see attached). The hospital land and building were gifted to the city of Newnan by Newnan Hospital Inc., and the city of Newnan is renovating the building according to our needs. And in the end, UWG will be buying a building for $5 million that has $15 million worth of renovations. Work is being done to restore the historic portion of the hospital. The project is scheduled to finish in January 2015.

Mr. Bowen took the opportunity to thank his AEC team for their hard work and contributions to the success of all these projects, and he thanked all UWG employees for their patience during the many construction projects on campus. Information updates on construction projects can be found on the Campus Planning & Facilities website.

5. **Title IX Update and New Process – Tricia Durrough/Juanita Hicks**

Tricia Durrough gave a PowerPoint presentation on Title IX which prohibits discrimination based on sex or gender and addresses sexual harassment/assault (see attached). UWG needed to implement some new policies to be fully compliant with Title IX, and it was determined we needed a policy/procedure to address all civil rights violations in the same way. A committee was formed, and it developed new policies/procedures and are in the process of communicating the information across campus. The committee worked to develop a comprehensive grievance process and detailed investigation protocols for all civil rights violations.

Juanita Hicks explained that all employees are considered “reporting employees.” Employees must only report violations they witness to the Title IX committee. In contrast, a “responsible employee” has the ability/responsibility to report violations and potentially take action. “Employee investigators” will be trained to research/investigate complaints of violations. Hearing boards will also be utilized as part of the Title IX procedures. An investigation manual and further training materials are currently being developed. And a Social Equity Coordinator will be hired as a full time employee to handle all aspects of UWG’s Title IX compliance.

Volunteers are being accepted for roles as investigators and/or hearing board members. Employees should notify their supervisors if they are interested in volunteering.
Mr. Lambert showed campus maps to illustrate the current parking and the FY04 parking plan, and he highlighted the proposed changes to parking on campus (see attached).

Starting this fall, all residential freshman students will be required to park at the Athletic Complex lots, and 24-hour busing will be provided to campus. Also, twice a week bus service will take students off campus to shop (Kroger, Target, etc.).

He explained upcoming changes that will provide additional parking for faculty/staff. These changes provide an additional 155 spaces for faculty/staff parking. Mr. Lambert stressed that faculty/staff are also allowed to park in spaces on campus designated as Open Parking.

Mr. Lambert revealed new signage designed to make it very clear which lots are faculty/staff vs. commuter. In closing, he strongly encouraged everyone to utilize our free bus service on campus.

7. Closing – Erin Brannon
Ms. Brannon announced the next Open Forum All Staff meeting is scheduled for Wednesday, October 16th in the Campus Center Ballroom.

Dr. Marrero closed the meeting by asking the staff to start the tradition of addressing everyone you meet with a “GO WEST! - GO WOLVES!” greeting! Adjournment – Erin Brannon

Ms. Brannon adjourned meeting at 11:49 am.

Who is awarded

43% of the scholarships are awarded to freshmen

67% go to students from Carroll, Coweta and Douglas Counties
...local students

The awards extend across all academic units
You may want to know why you should support the place you work… it’s suppose to pay ME, right?!
Help me help you…

• Your donation is for the students’ education.
• Our participation rate is used to solicit dollars from external sources. When we believe, they believe.
• The dollars you give can fund your priorities at UWG.
Excuses, excuses, excuses…

We haven’t gotten raises in years.
   Our area was hard-hit by the recession, everyone has suffered

If I got paid more I’d give.
   We are asking for 100% participation, not a 100% contribution

What’s in it for me?
   You are giving West Georgia students options they would not otherwise have…my experience

I’m a staff member and don’t really interact with the students

   Scholarship students work with staff all over campus…I did.
Why are you being asked?

- You know better than anyone the value of the education that you provide.
Who has your donations helped?...Me!

- Family of 5 with income less than $10,000 in 1989 (about $18,000 in current dollars)...no monetary support from parents
- From Haralson County
- Second in family to graduate high school
- First to attend college beyond the first semester
- Graduated from West Georgia College in 1993 with BS in Economics and BA in Philosophy
- Campus Jobs: Campus bus driver, football team bus driver, marching band equipment manager and driver, motor pool maintenance person, parking lot painter, Honors Program secretary

Who has your donations helped?...and me

- The youngest of four children, my dad was a policeman and my mom worked at Mt. Vernon Mills …no monetary support from parents
- From Chattooga County
- Both parents received their GED
- Graduated from UWG in 2005 with BA in Political Science and MPA in 2010
- My brother, Greg, and I were the only in our family to attend college and we both have received our Bachelor and Masters degrees from UWG.
- Campus Jobs: Resident Advisor, Resident Director, Annual Fund Student Caller, SGA Secretary, SAC Secretary
- Off Campus: Mt. Vernon Mills and Dan’s Bounty Table
The legacy of donations from 1989-1993
A Second Generation UWG Student
Use Your Dollars to Vote in Favor of Our Students

• Participation counts; you can give one donation AND YOU’RE DONE!"
• (Bi-weekly) Give $5 per pay period for 12 months, that’s 10 large Lattes from Starbucks
• (Monthly) Give $10 per month for 10 months, that’s 2 McDonald’s Value Meals
• Give more if you can…
• You aren’t writing a blank check, support the area of your choice
Benefits

- Every dollar makes a difference to the students you’re interacting with on a daily basis…It certainly did with both of us when we were undergrads here.
- A stronger UWG or College means more regional/national prestige
- Faculty/staff support increases alumni and external support
- Students see their faculty in a different light…more engaged in their education
- You can help some students become the first in their family to graduate from college.
- It’s tax-deductible, re-allocate your tax dollars where you think they have the most benefits…
- Don’t hold your department back from their 100% mark!
- Weekly prize drawings for participants and the possibility of your OWN designated parking spot with a gift of $100…

UWG RECYCLING PROGRAM

MARK REEVES
ASSISTANT VICE PRESIDENT OF AUXILIARY SERVICES
UNIVERSITY OF WEST GEORGIA

GO WEST UWG™
LET’S TALK TRASH
The subject is Waste Management
WHY WE NEED TO RECYCLE:

Georgians annually throw away an estimated:

- 1.9 million tons of paper a year
- 1 million tons of plastic
- 30,000 tons of metal
- Recycling 1 aluminum can will run a computer for 3 hours.
- Recycling 1 soft drink bottle will save enough energy to run a TV for 1.5 hours.
- Recycling 5 lbs of paper will conserve enough water to “offset” the water used in a typical shower.
THE UNIVERSITY OF WEST GEORGIA

Located in Carrollton, Georgia approximately 50 miles west of Atlanta.

Founded in 1906

- Over 640 Acres
- 91 Buildings
- 12,000 Students

FALL 2011  AUXILIARY DUMPSTERS

4 dumpsters at the Main Dining Hall
3 dumpsters at the Food Court
2 dumpsters at the **Bookstore**
1 dumpster at **Publications & Printing**
1 dumpster at the **Central Warehouse**
**11 total**

Each dumpster is emptied daily, Monday through Friday. For a service fee of $515 monthly per dumpster.
CARROLL COUNTY LANDFILL

3.6 miles from the University
11 Auxiliary Services dumpsters
each emptied daily, Monday-Friday, 52 weeks per year
= 2860 dumpster loads annually to the landfill
Each dumpster, 6’ x 6’ x 7’ = 252 cubic feet
2860 x 252 = 720,720 cubic feet of trash annually
50’ Boxcar
5238 cubic feet of storage
720,720 / 5238 =
= 138 BOXCARS (FULL OF TRASH)
ENVIRONMENTAL BENEFITS TO RECYCLING

• Turns waste into valuable raw materials
• Creates jobs
• Builds more competitive manufacturing
• Reduces pollution
• Saves natural resources
• Reduces the need to build landfills and incinerators
RECYCLING MAKES A DIFFERENCE IN GEORGIA

Georgia’s Paper Industry
- Paper mills use 40% less energy to make paper from recycled paper than they do making it from timber.
- A ton of paper made from recycled fibers conserves 7,000 gallons of water.
- Recycles almost 8% of all paper consumed in the United States.
- Includes 16 paper mills using recycled content, 9 relying exclusively on recycled fiber.

Plastic Beverage Containers (PET):
- 1/3 of all Plastic Beverage Containers recycled in North America get recycled in Georgia – turned into carpet.

Aluminum Recycling:
- Novelis, one of the largest aluminum recyclers in the world, processes used beverage cans in Greensboro, GA, with its North American headquarters located in Atlanta.
For every ton of paper we recycle, we save,

- 3 cubic yards of landfill space.

• Stringing a bail could take a couple of hours

• Recyclables had to sit outside before baling and transport

• Vehicle availability for transport of commodities

FALL 2012/SPRING 2013 PROGRAM – NEW PARTNER – WASTE PRO

- All cardboard, plastic, aluminum & white paper placed in designated Waste Pro roll-offs
- No baling, sorting or storing materials
- Single Stream
In May 2012, we received a grant from Keep America Beautiful for 40 Dasani bottle collection bins. These were distributed through campus in Fall 2012.
COLLECTION PROCESS

- Recycling units located in most university buildings, typically near vending machines, lobbies or kitchens. Units are also located at each bus stop and along the pedestrian walkways around campus for plastic bottles and cans.
• Auxiliary Services cardboard is broken down by employees and collected by the recycling student staff.

• Office paper is placed in specifically designated blue recycle units at each desk. Collected by the custodial staff and emptied into specially designated orange plastic bags.

• Office cardboard broken down and collected by custodial staff.
• Cardboard, plastic, aluminum, white paper – All combined in Waste Pro containers on campus.
• Once the container was returned to Waste Pro, the contents were sorted, weighed and then UWG received a compensation check for the commodities.

STRATEGIES FOR GROWING THE RECYCLE PROGRAM IN ACADEMIC YEAR 2014

Involving Greater Campus Community

- Education – spread the word
- Add Collection to Move-In Days
- Decentralize recycle container locations
- Explore replacing roll-offs with compactors.
- Expand program to include Residence Halls
- Food Service Equip – can crusher, food pulper, etc.
- Bus Stops

RECYCLE EDUCATION TRUCK FROM COKE

Bringing valuable information on recycling in a fun and interactive environment with:

- Videos
- Games
- Prizes
- Interactive Displays

Coming to UWG on October 17, 2013
FALL 2013  MOVE-IN

4 Roll-offs were provided to accommodate each Residence Hall during Move In weekend.

Container Cost = Neutral
Diverted _____ tons from Landfill and generated __$$__ in recycle Revenue
REDISTRIBUTED ROLL-OFFS
COMPACTOR VS ROLL-OFFS
EXPAND TO RES LIFE –
PLACED RECYCLE BINS AT ALL BUS STOPS
PURCHASED CAN CRUSHER FOR FOOD SERVICE

Possible to reduce can volume by 85%, allowing for you to put 6 times more cans in your recycling bin than without crushing.
UPDATED FY 2014 PROJECTIONS

Revenue $ 4,862.26
Cost Avoidance $43,260
Expenses $(30,566)
Gain/Loss $17,556.26

LET’S TALK TRASH
The subject is Waste Management
WHY WE NEED TO RECYCLE:

Georgians annually throw away an estimated:

- 1.9 million tons of paper a year
- 1 million tons of plastic
- 30,000 tons of metal
- Recycling 1 aluminum can will run a computer for 3 hours.
- Recycling 1 soft drink bottle will save enough energy to run a TV for 1.5 hours.
- Recycling 5 lbs of paper will conserve enough water to “offset” the water used in a typical shower.

4 dumpsters at the Main Dining Hall
3 dumpsters at the Food Court
2 dumpsters at the **Bookstore**
1 dumpster at **Publications & Printing**
1 dumpster at the **Central Warehouse**

11 total

Each dumpster is emptied daily, Monday through Friday. For a service fee of $515 monthly per dumpster.
CARROLL COUNTY LANDFILL

3.6 miles from the University
11 Auxiliary Services dumpsters
each emptied daily, Monday-Friday, 52 weeks per year
= 2860 dumpster loads annually to the landfill
Each dumpster, 6' x 6' x 7' = 252 cubic feet
2860 x 252 = 720,720 cubic feet of trash annually

RECYCLING MAKES A DIFFERENCE IN GEORGIA

Georgia’s Paper Industry
- Paper mills use 40% less energy to make paper from recycled paper than they do making it from timber.
- A ton of paper made from recycled fibers conserves 7,000 gallons of water.
- Recycles almost 8% of all paper consumed in the United States.
- Includes 16 paper mills using recycled content, 9 relying exclusively on recycled fiber.

Plastic Beverage Containers (PET):
- 1/3 of all Plastic Beverage Containers recycled in North America get recycled in Georgia – turned into carpet.

Aluminum Recycling:
- Novelis, one of the largest aluminum recyclers in the world, processes used beverage cans in Greensboro, GA, with its North American headquarters located in Atlanta.
BUILDING AN AUXILIARY SERVICES RECYCLING PROGRAM

STAFFING

• 2 dedicated part-time student staff – hired in January 2012

• $8.00 per hour, average of 20 hours per week

• Auxiliary Services provided all the financial support.

• Facilities & Grounds provided labor to collect office paper.

• Environmental Health & Safety supervise.
EQUIPMENT NEEDS

- Truck
- Baler
- Forklift
PARTNERED WITH OUR CAMPUS BEVERAGE VENDOR
BALES RECYCLED SPRING 2012

1/26/2012 TO 6/4/2012
WEIGHT: 15,977.00
FINANCIALS RESULTS

Revenue - $1,255
- 18 bales: 8 tons
  - 14 cardboard, currently capturing 40-70%
  - 1 paper
  - 3 plastic – approx. 40 bags of bottles; currently capturing 60-75%

Expenses - $6,700
- $5,500 in materials and labor
- $1,200 Baler / $200 per month for 6 months

Bottom Line - $5,445
LESSONS LEARNED

- No loading dock available; must single stack bails inside box truck. Consultant had to bring out flat bed trailers & haul the baled commodities.

- Sorting of material: No sufficient space to sort & store items. Sorting had to be done outside in the sun/rain.

- Generation of recyclables exceed the ability of 2 part-time student workers for gathering, sorting, storing and baling.

- Stringing a bail could take a couple of hours.

- Recyclables had to sit outside before baling and transport.

- Vehicle availability for transport of commodities.
FACILITY & EQUIPMENT
ESTIMATED COSTS TO MOVE FORWARD WITH CURRENT VENDOR

- **Build**
  - Pavilion $25,000 (pole barn with slab) with Dock

- **Buy**
  - Baler $10k
  - Forklift $10k
  - Truck $10k
  - $55k minimum
• All cardboard, plastic, aluminum & white paper placed in designated Waste Pro roll-offs
• No baling, sorting or storing materials
• Single Stream
• Cardboard, plastic, aluminum, white paper – All combined in Waste Pro containers on campus.
• Once the container was returned to Waste Pro, the contents were sorted, weighed and then UWG received a compensation check for the commodities.

3. Opening Remarks - Dr. Kyle Marrero
   Dr. Marrero discussed the work being done on the University’s Strategic Plan. He provided an historical timeline of past Strategic Planning committee work and the revising and developing of the current plan. He outlined and explained the four main sections of the plan:
   - Strategic Imperative #1: Student Success—Enhanced Learning, Access, Progression, and Development
   - Strategic Imperative #2: Academic Success - Academic Programming and Faculty Support
   - Strategic Imperative #3: Successful Partnerships--Building Engaged, Mutually Beneficial Collaborations

Professional development requests/general comments we received in the SAC box at the benefits fair.

- Love, love, love working @ UWG!!
- Why did you get rid of the Cancer policy for Aflac?
- Leadership & Management skills
- Can we look at not being required to take so much annual leave at Christmas? I hate having to scrounge to keep enough AL hours for this.
- Pay increase
- Most admin staff use Excel – offer this free to staff members
- Employees working 32 hours currently do not receive tuition. Why?
- Time management classes
- It would be nice to have more trainings/workshops covering diversity issues on campus.
- I believe SAC is doing a good job.
- We should print these on brightly colored paper to draw attention.
- More staff/faculty events so they can mingle – currently there is a divide between faculty & staff that I think shouldn’t be encouraged.
- For next year: an easel or display asking for personal development ideas! Something big!
- Currently staff are @ the minimum, whereas faculty are @ 85% of their respective rank & discipline national average. Is anymore thought being given to staff merit increases to help promote more confidence in our administration and UWG?
- Staff award pins given out @ Staff Appreciation Day instead of General Faculty meeting.
- Staff promotion

UWG Staff Advisory Council

by Erin Brannon

Over the past year, the Staff Advisory Council has become a more visible and vocal group on the UWG campus. From benefits and mentoring to diversity and recognition, Staff Advisory Council works closely with the university’s strategic planning committee, policies committee, office of the president and many others to ensure the perspectives and best interests of staff are considered in decision-making across the university.

I believe in the past year, we have worked to gain voice for staff, ensuring we are heard by upper-level administration. We are fortunate to have the support of President Marrero, who often comes to us to discuss topics, review ideas and consider action.

The Staff Advisory Council consists of 28 representatives and four officers; representatives are nominated for a two-year term and appointed by their respective Vice President while officers are elected by the Council. Council members meet twice per semester in the fall and spring and hold an open-forum all-staff meeting each fall, spring and summer.

In addition to acting as an advisory body to the university president, UWG’s council is part of the University System of Georgia Staff Council. I, along with Ashley Lewis, vice chair, attend the annual USGSC meetings as well.

We find that many of the same issues we discuss at UWG are part of a larger USG conversation. We’re able to bring back information from these meetings and share with council representatives and across campus.

This year, the Council organized the UWG Toy Drive which donated hundreds of toys to Toys for Tots and wash/dry/bar for 15 local teenagers through the Division of Family and Children Services. In conjunction with UWG’s Human Resources, the Council organized the annual Staff Appreciation Day which, due to growth and popularity, had to be relocated to the Coliseum. Fifty staff members received service pins and seven were recognized with staff awards.

More information about Staff Advisory Council, including a list of current representatives, can be found online at www.westga.edu/sac.

Erin Brannon is the chair of the Staff Advisory Council and is the administrative manager in the College of Social Sciences Dean’s Office.
