Using DevelopWest on a Mobile Device

1. Sign into Develop West [www.westga.edu/developwest](http://www.westga.edu/developwest) on your mobile device. Your User ID and Password will be your UWG network credentials.
2. The **MY FEED, MY PLAN** and **MY PROGRESS** links can be found at the bottom of the application.
3. Users can search on the training topic in the **Search** bar. This is similar to searching in the **Catalog** for all applicable courses or books. For example, a search on the topic “Communication” is displayed below.
4. Once the topic is identified click on the **Actions** button and select **Show Mobile Only** button.
5. This search will return the available courses, books, etc that are available on the mobile device for the selected topic. Click on the appropriate selection.
6. In this example, **Courses** was selected and the list of available courses is displayed. Select the **Course** you would like to participate in.
7. A brief description, expected duration and lesson objectives will be displayed for the selected course. To participate in the course click on the arrow button. Make sure your pop-up blockers are turned off or the course window will not open.
8. The **Table of Contents** listing the course content will be displayed. Simply click on the section of the course that you would like to participate in.
9. The course can be started and paused using the play and pause buttons on the right side of the viewing window.
