

2009-2010 INCOME SUMMARY/ HOUSEHOLD EXPENSES

Student's Name _____ UWG ID # _____

The income reported on your FAFSA (Federal Application for Federal Student Aid) appears insufficient to support your household size. Independent students and parents of dependent students are required to complete this form in its entirety to clarify how your living expenses are currently being met.

The following information may help you in completing this form:

- If housing, including rent, utilities and food, is being provided for you, then you must determine a monthly amount for each of these items. If you cannot determine these amounts the financial aid office will use a standard amount, approved by the Department of Education per month, per person.
- If someone is providing you with housing please note this under "Explanation of how living expenses are met"
- If you don't have an expense as listed, write in "none".
- Transportation includes car payments AND monthly gasoline expenses.
- Personal expenses include things such as haircuts, clothing, etc.
- Miscellaneous expenses include things such as movies, dining out and other entertainment.
- Insurance includes car and health insurance.
- Even if someone else is paying for these items for you the amount they are paying needs to be included.

When reporting child support, social security, TANF, VA or SSI benefits you must report the total monthly amount received for all family members in the household.
