**INHERENT AUTHORITY**
The University reserves the right to take necessary and appropriate action to protect the safety and well-being of the campus community.

**SHARED RESPONSIBILITY**
Student organizations are responsible at all times for any violations of University regulations by their guests. Student organizational members who knowingly act in concert to violate University regulations may be held individually and jointly responsible, along with their respective student organizations. The role of counsel in the meeting shall be limited to consulting with the individual student. Students who will be accompanied by counsel must inform the Office of Student Activities in writing at least two business days prior to the scheduled date of the hearing.

Appeals must be specific and detailed as to the nature and substance of the student organization's complaint and must clearly indicate what action is requested. Cases will not be reheard on appeal, but rather will be decided based upon the record of the original proceeding. Mere dissatisfaction with the decision is not grounds for an appeal. 3. Chalking is to be done primarily to make announcements about departmental and organizational activities.

POLICY FOR ADVISORS OF STUDENT ORGANIZATIONS

All organizations are required to have at least one advisor who is a full-time member of the faculty or administrative staff of the University of West Georgia. In accepting the position of advisor of a student organization, the faculty or staff member should agree to be present at as many activities and meetings as possible.

The Office of Student Activities has responsibility for approving campus organization advisors from the faculty or administrative staff. It is the responsibility of each student organization to submit the names of advisors to the department. The Office will, upon request, provide a list of full-time faculty and staff.

Selection Hints

Advisors should be able to attend as many organization meetings and events as possible. Advising is both beneficial and time consuming. Organizations should therefore attempt to find advisors who are not already working with more than two other student groups. This will assure the group more attention from its advisor and permit the benefits of advisorship to accrue to others on the faculty and staff.

If your organization meets frequently, which can be inconvenient to a single advisor, it is possible for that organization to have more than one advisor. In addition, if your organization is a specialized organization, you may wish to have an advisor, as well as instructors/coaches to assist you with your area of specialization.

Staff members in the Office of Student Activities, the Campus Center, and in the Office of Intramural and Recreation Services, may not serve as advisors to student organizations, unless it is a part of their position description or official duties. Because some organizations are sponsored by administrative or academic departments as a part of their departmental mission, advisors may be appointed by the institution. Roles, duties and functions of student organization advisors may include, but are not limited to: communication/university link, disciplinary, financial supervision, historian, interpretation of policy and governing documents, and leadership development.

ACADEMIC REQUIREMENTS FOR GREEKS

In order to participate in Recruitment, or Intake, a first-time university student must have a 2.0 UWG adjusted GPA from high school, and West Georgia (or transfer) students must have a 2.0 University GPA based on a minimum of 12 hours of non-developmental University work. However, both the Interfraternity and Panhellenic Councils suggest that a student have a minimum of 2.20 GPA because some fraternities and sororities cannot extend bids to students who have below a 2.20 UWG adjusted GPA. Each chapter has their own guidelines however, and some have requirements as high as a 2.7 GPA. The average GPA required by NPHC chapters is a 2.5; however, some also
require a higher GPA. No one placed in Learning Support Classes is eligible to pledge until they successfully complete all Learning Support Classes and earn a 2.00 based on 12 hours or more in non-learning support classes. A student must maintain full-time student status (minimum of 12 credit hours) during his/her new member period. The Office of Student Activities administers these policies. If you have questions about them or would like to receive a copy of the complete policy governing Greek Organizations, contact the Office of Student Activities in the Campus Center.

All such events must be approved by the Director of Business and Auxiliary Services who will require appropriate supervision.

4. The Director of Business and Auxiliary Service may, on a case-by-case basis, approve the serving of alcohol at campus facilities not designated in 3 (above) provided that all other rules and conditions of this policy are met.

ALCOHOLIC BEVERAGE GUIDELINES FOR STUDENT ORGANIZATIONS
A sponsoring organization and its officers may be held legally accountable for incidents arising from the misuse of alcoholic beverages, including consumption by persons not twenty-one years of age or older and the serving of alcoholic beverages to intoxicated individuals. The following suggested guidelines should be followed when an organization permits alcoholic beverages to be served at or brought to a function away from campus.

An advisor should be present at any event at which alcoholic beverages will be served.

The group or individual may be required to provide proof of liability insurance depending on the nature of the activity.
8) There must be compliance with all applicable state and federal laws and university rules and regulations. Violators will be referred for appropriate legal or disciplinary action.
9) Exceptions to this policy may be appealed to the Vice President for Student Services.

Procedures

SECTION II
PROCEDURES

Procedures for Reserving and Using University Facilities by Student Organizations and Off-Campus Groups

All off-campus groups must go through Auxiliary Services at 678-839-6525 to schedule space on campus. These groups are bound by special rules and restrictions, which are outlined in the Policy for the Use of University Facilities, Section I: Who May Use Facilities, and the procedure is different from that for student organizations. **Under no circumstances** will an individual college schedule any rooms for an off-campus group without the express written request and permission of Auxiliary Services.

Student organizations may use classrooms and other space on campus if they are a registered student organization with a faculty or staff advisor. The Office of Student Activities will provide to each of the Colleges and Auxiliary Services within three weeks after the semester starts, a list of all of approved student organizations and their respective advisors.

The designated scheduling representative of the student organization will first call Auxiliary Services at 678-839-6525 and identify his or her organization. He or she will request a room at a specific time on a specific date. If Auxiliary Services has a suitable room for the group, Auxiliary Services will schedule that room and put the event on the calendar.

If Auxiliary Services cannot find a room for the student organization, they will refer the representative to the various Colleges to seek a room.

- College of Arts & Sciences 678-839-6405
- Richards College of Business 678-839-6467
- College of Education 678-839-6570

The University provides a facility usage form to the person representing the organization/group, who reads and signs the form. The facility is reserved for the specified time on that date, based on special needs, size of group, etc. The smallest and simplest facility will always be assigned. Lecture halls will be used only for large groups or organizations.

When an event is scheduled, the person who schedules it in the University office must:

- Notify Facilities and Grounds with all details of facility set-up and clean-up.
- Notify Public Safety.
- NOTE: Any audio-visual or technology equipment must be reserved directly through the Learning Resource Center at 678-839-6459 by the advisor of the student group.
- The scheduling person will not arrange for audio-visual or technology equipment for University groups/organizations.
- The scheduling person will arrange for audio-visual or technology equipment for non-University groups/organizations (appropriate charges may apply).

Clean-up of facilities will be handled in this manner:

- All groups/organizations, including student organizations/groups, must leave facilities as they found them.
- If food or drink is permitted, trash should be placed in trash cans.
• Any furniture moved within the facility or moved from the facility into the hallways must be placed back into the facility.

Facilities that are left unusable for the 8:00 am class the next day will be traced to the group/organization, which will be charged for the cost of returning the facility to its pre-event status and the organization may be banned from future use of University facilities.

**How to Schedule an Event Online**

2. Click on “Locations” in the upper left-hand corner.
3. Use the blue arrows or the calendar on the right to select the date you want to make a reservation. Click on “View as a grid” under the date between the blue arrows. The heading changes to “View as a list”.
4. Scroll to the right for afternoon and evening times. Select the room you prefer and if the time frame at the right is available, click on the time square that your reservation will begin.
5. For first time users, click on “Click Here” just above the Username box and select a user name and password. Record for future logins. Click “Log On”.
6. Fill out the request as completely as possible. Select “Ad Hoc” for randomly repeating reservations. Only events with the same beginning and ending times can be included in the same reservation. A different draft is required for each request with a different beginning or ending time.
7. Please include the following information in the comment box at the bottom of the page. *Only requests with this information will be considered.*
   - Put your name, email address and a phone number where you can be reached from 8 am – 5 pm.
   - Include a detailed description of what your organization or department will be doing and how noisy it will be. (Some of the rooms are very close to each other.)
   - Include any set-up or table and chair requests.
   - State whether or not your event is open to the public. Public events may be posted on Campus Pipeline.
8. At the bottom, click “Next”. Review the event summary. If corrections are necessary, click “Make Changes”. Click “Submit” when request is complete. Print a copy for your records when all corrections have been made.
9. Will your event involve food? Is it a fundraiser or could it be considered a large event? Forms requiring signatures are available at the Student Activities office. The reservation you are requesting remains a draft until it is confirmed by Auxiliary Services. Check the status of your request the next day by looking at the calendar to see if your event appears as a reservation. Upon request, Auxiliary Services will email confirmation of your reservation.

**Reservations will not be confirmed during the first two weeks of classes.**

**POLICY FOR THE USE OF UNIVERSITY FACILITIES**

The following policies apply to the use of University of West Georgia’s academic, stu-
dent activities, athletic, recreational, and entertainment facilities. The use of academic facilities for scheduled instructional purposes shall take precedence over all other uses of such spaces during the first three weeks of each term and will not be displaced without the approval of the President or authorized designee. After these three weeks, other organizations or groups, based on the priorities listed below, may use University facilities if previously reserved. Organizations and non-university groups wishing to reserve rooms in any academic facility must adhere to these guidelines. Copies of these guidelines may be obtained from Auxiliary Services.

Section I. Reservation of Facilities
Who May Use Facilities
Facilities are designated for official university events, academic meetings, and programs of registered student organizations. Student organizations must be registered with the Office of Student Activities, have a faculty or staff advisor, and comply with the rules set forth in the Student Organization Conduct Code by the Office of Student Activities. Non-university groups, which must meet eligibility requirements as defined in the 6th and 7th priorities, may reserve or rent available facilities in accordance with this policy statement.

a. Use of campus facilities for personal social events, except those catered by the University food services, is not permitted (see Section IV), with the exception of Kennedy Chapel.

b. Summer Conferences and Camps for outside groups will be scheduled by Auxiliary Services (678-839-6525).

c. Co-sponsoring of non-university groups with registered student organizations or university departments is not permitted.

Priority Usage of University Facilities

1st Priority - Academic classes have first priority.

2nd Priority - Major University events such as visitation days, orientation, graduation ceremonies, homecoming, Honors Day, testing, and recruitment take second priority in the use of University facilities.

3rd Priority - Meetings and events associated with academic programs, such as University, College, and Departmental faculty meetings, graduate student examinations and presentations, and special academic events, will have the third priority in scheduling classrooms.

4th Priority - Any student activities function will have fourth priority for use of these facilities. Student activities are defined as activities promoted and supervised by the Office of Student Activities or Student Activities Council.

5th Priority - Fifth priority will be given to any registered student organization. This will include fraternities, sororities, honor societies, and other registered student organizations.

6th Priority - Sixth priority will be given to non-university groups or organizations that desire to present an educational program.

7th Priority - Seventh priority will be given to a non-profit group not affiliated with
the University that desires to present a program which is not educational in nature, or to hold a meeting. Requests from civic organizations, governmental agencies, and not-for-profit, non-religious groups, normally will fall under the sixth priority. Political candidates who have qualified for office may use the facilities free of charge, but they may not conduct fund-raisers on campus.

**8th Priority** - Eighth priority will be given to for-profit groups. The University’s Solicitation Policy must be followed. Contact Auxiliary Services (678-839-6525) for a copy of this policy.

**NOTE:** Date, time, and place for an event cannot be guaranteed unless they are made at least three (3) working days prior to the event.

**Limit of Use**
The University reserves the right to set the limits on the number of reservations of major facilities by non-university organizations or campus organizations. Classes are not scheduled in spaces used essentially for social functions (such as the Lower Level of the Food Services Building) unless requested by the appropriate academic dean and approved by the Vice President for Student Services.

The use of walkways, lobbies in and near the University Community Center and the Humanities Building, the area in front of the library, and areas for displaying banners on the front of the University Community Center and on the wall by the library are reserved by Auxiliary Services. **Music must not be played in front of the University**
Community Center or other areas where it may be disruptive to classes or offices.

CAMPUS CENTER RESERVATIONS
All reservations are made in the Campus Center Administrative Offices.
The following are the General Guidelines for All Events in the Campus Center:
1. All reservations for registered student organization must be made by the organization president or advisor.
2. Organizations will be responsible for adhering to all policies and procedures regarding security, conduct and damages as per the policies and procedures for the Campus Center. A copy will be available in the Campus Center Administrative Office.
3. Attendance at events will be limited to the posted room capacity.
4. The sponsoring organization will be held liable for damages to the facility and its equipment. Damage to the facility may lead to complete cessation of future reservations and use of facility.
5. Reservations will be made according to the Campus Center priority list. An approved Event Request Form may be required to determine appropriate priority and final approval.

Charges
There is no charge to use the meeting rooms for on campus groups. Non-university groups will be charged a fee to use the meeting rooms. A charge may be assessed for open events (defined below) and any events requiring a special set up or equipment.

Code of Conduct for Events
Conduct which is obscene or patently offensive to the prevailing standards of an academic community is prohibited. The Campus Center prohibits such actions as stripping, nudity, obscene gestures or actions, and lewd or indecent dancing or acting. Users of the fitness facility must abide by posted dress codes.

All Campus Center events must comply with all University policies and procedures. Violation of the Campus Center or other University policies could result in loss of use of the Campus Center facility.

All University policies are available at www.westga.edu/documents/studentHandbook

Reservation Priorities
The Campus Center was built with student fees to enhance the social, cultural and recreational life of students. Certain major University events will be scheduled first each year (i.e. this could include orientation, Homecoming events, etc). The reservation priorities for the other events are as follows:
1. Registered student organizations
2. Student Services programs
3. Academic and Administrative Departments
4. Non-University groups (non-profit and for profit). Non-profit groups must provide the Assistant Director for Operations a copy of the IRS form 501-e (3). All Board of Regents and UWG policies, such as those for insurance coverage, apply.

Reservations for rain sites, practices and set up days are rarely approved. Because the demand for the ballroom is so great, a certain number of days will be held
each week for registered student organization/department events. Student organizations may reserve the full ballroom three times a semester. This will ensure student organizations every opportunity to plan events. These hold dates will NOT be available to other users. If a student organization hold date has not been reserved by a student organization within 2 weeks of the date, the “hold” will be released and the ballroom will be available to the University community.

Because the gyms will be in use most of the time for Intramural play and free play, they will seldom be available for reservations. In the event they are available, the same priorities and policies apply.

The following are definitions of university-sponsored events:
Structured Events: Events which have a planned program or agenda and at which the audience is seated. Typical examples of these events are formal or semi formal “drop in” receptions, fashion shows, concerts, dinners, theaters and general meetings.

Unstructured Events: Events that do not have a planned program or agenda. Typical examples of these events are dances and parties.

Closed Organizational Events: Events designed to foster a sense of social, educational and cultural development for the University community and are only open to organizational members and a specific number of guests.

Closed University Events: Events designed to foster a sense of social, educational and cultural development for the University community and are open to University students, faculty and staff.

Open Events: Events which are open to the University community, and the general public.

Security Requirements
The sponsoring organization will be responsible for all costs associated with security. The number of security personnel required will depend on the type of event and the number of expected guests. Public Safety will determine the number of security required. A “large-events” form will need to be completed for all unstructured events and for all open events.

Guidelines for Table Reservations
There are approved locations for table set ups inside and outside the Campus Center. The Assistant Director of Operations must approve any exceptions. Reservations may be for no more than three consecutive days. Tables must remain in the assigned area.

1. Groups will be assigned a table number when they reserve a table.
2. Groups not arriving within a half hour of their reservation risk losing their table reservation.
3. No tables may be brought into the Campus Center.
4. No amplified sound may be used at the table.
5. There will not be electricity provided for the tables.
6. Groups must adhere to all University policies when using the Campus Center.

Copies of these policies can be found in the Assistant Director of Operations or on the University web site. The sponsoring organization will be held liable for damages to the facility and equipment; damages may lead to complete cessation of future
reservations and use privileges.
Campus Center policies will be reviewed on an annual basis. The final decisions regarding the policies and procedures of the Campus Center will be made by the Campus Center staff.

• Section III. Fees

Regulations for General Fee Charges
Non-University groups using University facilities will be assessed a usage fee. The usage fee includes charges for facilities, equipment, supplies and materials, labor costs, custodial services, maintenance, and where applicable, event-related services provided by the Department of Public Safety. Any damage to a facility other than normal wear and tear will be charged to the group using the facility.

It is the responsibility of all user groups to return the facility to its pre-event status unless prior arrangements have been made with the Department of Facilities and Grounds. A group will be billed for any expenses incurred if additional clean-up or repair by the University is required. A list of usage fees can be obtained from Auxiliary Services.

Fees for Specialized Facilities
Lower Level Food Services Building: Any eligible non-university group (see Section I) that uses this facility is charged a usage fee unless it is using University of West Georgia Food Services. No outside organization is allowed to bring food into this building. A minimum of $150.00 in food and/or beverages must be provided by Food Services or a $50.00 per day facility use charge will be assessed.

Kennedy Chapel: Anyone reserving the Kennedy Chapel will be charged a usage fee (with the exception of current students, staff, faculty, or their dependents). Fees may be paid after the reservation has been confirmed through Auxiliary Services) in person or mailed to: Auxiliary Services, University of West Georgia, Carrollton, GA 30118.

Townsend Center for the Performing Arts (TCPA): University organizations and non-university groups may reserve this facility on a space available and space appropriate basis. The TCPA will assess any charges associated with an event. This may include but is not limited to labor costs in producing an event, custodial services, maintenance, equipment, supplies and materials, Public Safety services, and damages.

When No Fees Are Required
There shall be no usage fees assessed when the event is promoted and presented by a University of West Georgia organization and directly related to that unit's mission, academic offerings, or organizational mission and for which no admission is charged.
There shall be no usage fees when a facility is used as an informational gathering of a University of West Georgia organization for the purpose of conducting business related to the user’s organization. There shall be no usage fees assessed if these user groups incur no charges for custodial, maintenance, or Public Safety personnel as a result of the event.

Damage Deposit
A damage deposit may be requested when reservations are made for equipment or facili-
ties. Any group, except registered campus organizations or University-affiliated groups, may be charged rent.

Safety and Insurance Requirements
Use of University facilities will require the sponsoring organization or individual to sign a contract, license agreement, or some other agreement. The University will evaluate all proposed activities to ensure compliance with safety and insurance requirements.

Section IV. Events Set-Ups
If equipment or a particular set-up is needed for an event, requests should be made at the time of reservation. Individuals using specialized equipment in University facilities must demonstrate competence in the operation of this equipment or make arrangements for a trained person to operate this equipment. Special facility set-up requests must be made at least five working days before the scheduled event. The time of the requested reservation must include any time needed for set-up. Extensive facility set-ups will require more notice and may not be possible if the specific set-up is requested too late. To submit set-up information, please contact the department with whom the reservation was made.

Rental of Non-University Assets
Equipment for events - such as barbeque grills, generators, tents, kiosks, furniture, audiovisual equipment, etc. - may be obtained from off-campus sources. The University will not cover this equipment under its insurance. UWG assumes no liability for loss or damage of the equipment, even if this equipment is secured on University property. It is the responsibility of the event planner to reserve and complete the rental agreements for non-University equipment.

Section V. Policies Pertaining to Alcoholic Beverages
Groups using University facilities must conform to University policies pertaining to alcoholic beverages. Georgia law requires that individuals be 21 years of age or older in order to possess or consume alcoholic beverages; see the Student Conduct Code, Appendix A.

1. Alcoholic beverages will not be served nor brought into any function on campus at which persons under the age of twenty-one will be present. Exceptions to the age limit are:
   a. Alcohol may be served at any approved event where persons under the age of twenty-one are present but in the care and custody of a guest (parent or guardian) and he/she shall take full responsibility for the underage person’s actions.
   b. University students under the age of twenty-one who are asked to serve as hosts at an official university and/or alumni/foundation sponsored event may be present at these events where alcohol is being served, provided that the office responsible for the student hosts will insure that these students consume no alcohol.

2. Consumption of alcoholic beverages is prohibited in all areas of the campus other than individual residence hall rooms and those authorized in Item 3 below.

3. Alcoholic beverages may be served at or brought to scheduled events on campus
where persons under the age of twenty-one will not be present (except as noted in 1 a-b) in the Food Service Building, the Student Recreation Center, the Alumni House, the TLC outdoor balcony and the Townsend Center for the Performing Arts. The TLC Atrium may be used at times when the building is substantially closed to student traffic such as weekends and holidays. All such events must be approved by the Director of Auxiliary and Business Services who will require appropriate supervision.

4. The Director of Business and Auxiliary Services may, on a case by case basis, approve the serving of alcohol at campus facilities not designated in 3 above provided that all the rules and conditions of this policy are met.

5. The sale in any manner of alcoholic beverages is prohibited. The legal definition of “sale” includes exchange of money, before, during or after events including but not limited to coupons, admission charges, and “donations”.

6. No university funds, including Student Activity funds and residence hall social fees, shall be used to purchase alcoholic beverages.

7. The furnishing of alcoholic beverages to persons under the age of twenty-one and the possession or consumption of alcoholic beverages by persons under the age of twenty-one will subject the violator to university disciplinary action and/or arrest.

8. No alcohol may be present at any Rush function.

9. Advertising of events at which alcoholic beverages will be present cannot include references to alcohol nor imply sponsorship by the university. Event insurance may be required for functions in which alcohol is involved.

Section VI. Public Safety
Public Safety officers may be required at certain events on campus. The Associate Director of Student Activities (if a student organization is involved), Auxiliary Services, and the Director of Public Safety will determine when Public Safety officers will be necessary. The organization will be responsible for paying the officer(s).

Section VII. Open Flame
Use of open flame (candles, matches, etc.) is prohibited in University Facilities unless approved by the Risk Management Office.

Section VIII. Aramark
All campus events which include the serving of food must have that food provided for by Aramark, unless Aramark prefers not to cater the event.

Section IX. Food Safety
Food Safety Plans
Events that involve food but are not catered by Aramark must have a food safety plan submitted to the Office of Risk Management (UCC 309) 2 days prior to the event. This plan must include:

1. Where and when, and what food items will be purchased or obtained. (Note: this includes ice.)
2. Where and how the food will be stored prior to the event.
3. How the food will be served, and what precautions will be in effect to prevent food contamination.

For foods that require preparation and/or cooking, the following items must also be included in the plan:

1. How the food will be refrigerated (as necessary) prior to the event.
2. How the food will be transported to the event, and how it will be stored prior to preparation.
3. How the food will be prepared and protected from contamination.
4. How the food will be cooked (as necessary) and to what temperature.
5. Efforts that will be taken to keep the food hot, or cold, as necessary.
6. How long the cooked food will be displayed prior to being thrown out.
7. How cooked foods will be segregated from raw foods.

University Vehicle Use and Operation Policy

Contact: Public Safety 678-839-6252
Adopted: 02/10/98 • Revised: 10/01/2003

Purpose
The University of West Georgia maintains a fleet of vehicles for University business. This policy establishes guidelines as to who may use a vehicle and how the vehicle is to be operated.

Restrictions
University vehicles may only be operated by State employees and other drivers as approved by the University. Vehicles must be used only for approved University business. (See Approval Process) Use of a University vehicle for personal gain or pleasure is strictly prohibited. Student Organizations must obtain approval from the Director of Student Activities. Only registered student organizations with approved structured volunteer programs will be allowed to use university vehicles. Student drivers must be employed by the university and in the department sponsoring the activity.

Approved Uses
A University vehicle may be used for the following activities:
- Transporting employees and students for official University business and activities.
- Transporting non-employees for official University business and activities.
- Structured Volunteer Program as designated by the University.

To be classified as a structure volunteer program, departments or programs must submit a letter to the Office of Risk Management outlining the scope of the program and emphasizing the volunteer nature of the participants and its activities. If approval is granted to use a University vehicle, volunteer drivers must meet the same qualifications as University employees, complete the University driver-training program and agree to comply with all University policies related to vehicle safety prior to being eligible to drive and transport other passengers.

Approval Process
In order to operate a University vehicle the following requirements must be satisfied.

1. Vehicle Reservation: Prior to requesting a University vehicle, authorization must be obtained from the employee’s Dean or Director.
   When a vehicle is to be rented, a request should be made using the Vehicle Request and Trip Ticket Form, which is to be forwarded to the Motor Pool one week in advance if practical. If the vehicle is available it will be reserved for the person/group for the needed dates and times. A cost estimate will be provided to the department by the Motor Pool. If a vehicle is reserved but not needed, the reservation should be canceled at least 12 hours in advance. Failure to cancel the trip ticket may result in the Department being assessed a minimum charge of $25.00. The department will be responsible for all charges related to the vehicle rental. The completed trip ticket and the license approval must be provided to the University Motor pool supervisor 24 hours prior to the day the vehicle is needed.
a. Motor pool will prepare each vehicle for use.
b. If the vehicle is to be used for an extended trip from campus, a State credit card will be included with the rental package. The card may only be used for normal expenses such as fuel and oil. In an emergency it may be used for other items such as a battery or a tire. If the expense is greater than $200.00, the Motor Pool is to be called at 678-839-6576 to receive authorization prior to the purchase. If the problem occurs after business hours or on the weekends, Public Safety will be called at 678-839-6600. Public Safety will contact a supervisor from the Motor Pool and have that person contact the driver. The use of the state card for personal purchases is strictly prohibited.

b. Facilities and Grounds is responsible for billing all departments for the use of each vehicle.

2. **Driver Approval:** Each person approved by his/her Dean/director to operate a university vehicle must have his/her driver’s record checked by the University’s Public Safety Department. The following process will be used to obtain the record.
a. A Driver Information Form, which can be obtained from the Public Safety Web site at [www.bf.westga.edu/Pubsafe](http://www.bf.westga.edu/Pubsafe) must be completed. The form requests the information recorded on the individual’s driver’s license and contains a waiver authorizing the Department to run the driver’s history. The completed form must be delivered to the Director of Public Safety 5 days prior to the vehicle leaving the campus.
b. The driver’s history will be run by Public Safety through the Georgia Department of Motor Vehicles. **Note:** Public Safety is only able to obtain Georgia driver’s histories. If an employee has an out of state license or has recently moved to Georgia, it will be necessary to obtain those records from a private vendor. In the event it is necessary to use a private vendor, the cost of the history will be charged to the Department requesting the history. Prior to running the history, Public Safety will advise the department chair or director of the cost. The Director of Public Safety will review the driver’s history to ensure it falls within the parameters established by the University.
c. If the check shows the driver’s record is within the guidelines, the Director of Public Safety will sign off on the form. A copy will be returned to the Department requesting the check, and Facilities will be notified that the driver is approved to operate a University vehicle.
If the check shows a record that demonstrates a history of unsafe driving, the Director of Public Safety will notify the driver and the Dean/Director and inform him/her only that the driver is not approved to operate a University vehicle.
d. No driver will be approved if his/her driving record includes the following:
   1) The driver’s license is currently suspended or in revocation.
   2) The driver’s history shows a single conviction for DUI in the last three years.
   3) The driver’s history shows three of the following offenses within the last three years or a combination thereof
- Speeding
- Reckless Driving
- Fleeing and attempting to elude a police officer

e. Applicants who are denied driving privileges may appeal to the Director of Public Safety if he/she feels the record is inaccurate. The history will be checked again to insure accuracy. Appeals must be filed within 10 business days from the date that permission was denied. The personal driving history will not be distributed outside of Public Safety. Once the applicant has been approved/disapproved, the applicant's driver's history will be destroyed. Public Safety will maintain a confidential master list of approved / disapproved drivers and updated copies will be provided to the Office of Risk Management and Facilities.

f. For employees who drive university vehicles on a regular basis, their driving record will be reviewed on an annual basis.

g. All employees/volunteers who routinely operate a University vehicle will notify their Dean/Director and the Director of Public Safety if they are cited by law enforcement for any of the offenses noted in Section (2d). Failure to do so in a timely manner may result in disciplinary action and/or suspension of driving privileges.

h. All persons who are assigned or wish to operate the University's 15 passenger vans must complete a driver-training program provided by the University. Other employees may be assigned to attend the driver safety program at the discretion of their Dean or Director. A per person registration fee will be assessed and billed to the appropriate department by Public Safety. The training will be good for a period of three years. After this time period, the driver must attend a re-certification class or lose the ability to operate a University van. If space is available in the drivers training class, the spouses or children of University employees may attend upon payment of the class fee. They will take the driving portion of the class. (The driving section is not required to obtain the liability discount certificate.)

3. **Vehicle Operation:** Persons authorized to operate University vehicles are responsible for the safe operation of those vehicles.

a. Drivers will comply with all motor vehicle laws while operating any University vehicle. The driver will operate the vehicle only when it is safe to do so. Only persons approved by his/her Dean/Director will be allowed to ride in the vehicle. **Seat belt usage is mandatory for all drivers and passengers in State owned vehicles.** If a driver commits a serious infraction of the driving policy, the driver will be suspended with immediate effect. If the vehicle is still at a remote site, the renting department will be responsible for retrieving the vehicle and bringing the passengers back to UWG.

b. No alcoholic beverages or illegal drugs may be transported in any University vehicle. Any person who has alcohol in his/her system will not operate a university vehicle. **Under no circumstances will the vehicle be operated by**
a driver under the use of illegal drugs. The vehicle will not be operated if the driver is using prescription drugs which cause drowsiness.
c. Smoking or the use of any tobacco product is prohibited in any University vehicle which is rented from Facilities or on the off-campus travel buses operated by Public Safety.
d. University vehicles will not transport more persons than the vehicle was designed to carry. **The 15-passenger vans are limited to 12 passengers and luggage.**
e. A driver with a valid Commercial Drivers License (CDL) must operate vehicles designed to carry in excess of 15 persons.
f. No firearms, ammunition, explosives, or weapons prohibited by Georgia law may be transported in a University vehicle. University police are exempted from this restriction, as are weapons that are associated with University approved athletic or academic competition or events.
g. University vehicles will not be used to tow and/or push another vehicle. University vehicles will not be used for any unlawful purposes.
h. University vehicles must be picked up and returned to the Motor Pool at the beginning and end of a trip.
i. The University will not be responsible for loss or damage to personal property stored or transported in University vehicles.
j. If the vehicle is used on continuous days, the driver will inspect the **fluid levels**, tires, brakes and lights to ensure the vehicle is road worthy.
k. The driver, prior to taking the vehicle off campus will inspect the vehicle for damage. All damage will be noted and the Motor pool supervisor informed of the existence and location of the damage. The vehicle must be returned in a reasonably clean manner. Vehicles, which are excessively dirty, will result in a clean-up fee of $25.00 being charged to the renting department. The department will be responsible for all damage sustained by the vehicle while in its possession.
l. If a driver receives a traffic citation from any law enforcement officer in this state or any other that the vehicle is operated in, the Dean/director and the Director of Public Safety must be notified of the charge once the driver returns to campus. Failure to inform may result in disciplinary action and/or termination of rental privileges.
m. If a driver becomes incapacitated, Public Safety is to be notified at 678-839-6000 (24-hour emergency number.) Public Safety will provide instructions to the group as to what action is to be taken. A non-certified driver is not to operate the vehicle except under emergency conditions.

4. **Vehicular Accidents:** If a vehicle is involved in an accident, the driver will do the following.

a. **Vehicle Accident / No Injuries** the local enforcement agency is to be notified so an accident report can be made. All University personnel will cooperate fully with the officer assigned to investigate the accident. The driver will note the location where the accident occurred, owner(s) and contact information of
any vehicle(s) involved in the accident, the name and phone number of the agency taking the report, and, if available, the case number assigned to the accident. The driver will follow the instructions on the back of the yellow insurance card that accompanies the vehicle and will contact the State Insurance Network at 1-877-656-7475 as soon as it is practical to do so. The driver will also provide this information to the Public Safety Dispatcher at 678-839-6000. Public Safety will immediately contact the Office of Risk Management as well as file an incident report, which will be forwarded to Risk Management. The driver shall use his/her best judgment as to the continued safe operation of the vehicle. A determination shall be made as to whether it is safe to continue the trip to the intended destination, return to campus, or have the vehicle impounded. In the event the vehicle is not safe to drive for any reason, the driver, in consultation with the local law enforcement agency, shall make a decision to tow the vehicle to the nearest point of storage until further determination can be made by University officials.

LEARNING RESOURCE CENTER
Contact: Learning Resource Center 678-839-6459

Revised 6/25/04
Registered student organizations can check-out audiovisual equipment from the Learning Resource Center for their official programs. The basic purpose of the center is to provide media support service to the faculty. The ability to fill student organization request is dependent on availability of equipment, since priority is always given to equipment orders needed for credit generating instruction. To utilize the services of the Learning Resource Center (LRC), the organization's Faculty/Staff advisor must approve the request by sending an email to the any full time LRC staff at least 48 hours before the needed delivery/pickup time. To reserve equipment, an organization representative must be currently enrolled in the university and have a valid I.D. card. Students must sign for the equipment and in doing so assume responsibility for any loss, theft, or damage to the equipment while in their possession. The LRC reserves the right to specify the conditions under which students may use the equipment. Equipment loaned to students is generally limited to one day.

Equipment reservation process:

- The organizations Faculty/Staff advisor must approve the request by sending an email to any of the full time LRC staff at least 48 hours before the needed delivery time.
- An organization representative can reserve equipment by calling or going to the LRC office. You will be asked to give pertinent information (e.g., time, place, date, and type of equipment needed). Student ID and signature will be required. A checkout form will be completed and placed in the file. Note that reservations without advisors approval may be canceled.
- When placing your order, please be sure to give exact instructions as to where, when and who will take delivery of the equipment and when the equipment needs to be picked up. Equipment will not be left without a representative accepting the delivery with a signature. If a delivery is made and the appropriate person is not there to receive it, the equipment will be returned to the LRC and the order canceled.
- With the use of student assistants and a delivery van, deliveries are made to most indoor areas on campus. The Learning Resource Center is open from 8:00 am to 5:00 pm for equipment pick up. Deliveries are made from - 8:15 am to 7:30 pm Monday – Thursday and 8:15 am to 4:45 pm on Friday for Fall and Spring Semesters - 8:15 am to 4:45 pm Monday – Friday for Summer Semesters. The center is not open on the weekends.
- By signing the order form the organization agrees to the following:
  - full knowledge of how to operate the equipment
  - will pay replacement cost if lost or stolen
  - will pay any repair charges due to damage not caused through normal ware
  - equipment was personally checked out by organization representative and found to be in good working condition.
- Equipment to be returned by the organization should be returned on time so that the LRC can fulfill other commitments. If equipment is to be picked up by the LRC then a representative should stay with the equipment until the pickup is
made. The organization is responsible for the equipment from the time they sign for it until the LRC actually arrives to pick it up.

- Normally equipment is not to be taken off of campus. Special permission must be received from LRC Director before doing so.
- At the first sign of malfunction, discontinue operation, immediately disconnect the power plug, and contact the LRC. Be prepared to give the LRC a description of how the problem occurred.

PROCEDURES REGARDING STUDENT ORGANIZATION

MAILINGS AND MAIL BOXES

Your campus organization must obtain a mail box on campus. Please stop by the campus mail room, located in the University Community Center. A five-dollar deposit will be required for the key. Mail should be addressed:

Organization Name
Attn: John Doe
PO Box 10000
Carrollton, GA 30118

An organization has to keep their mail box checked at least once a week. These mail boxes are really small and do not hold a lot of mail. If your box overflows, the box will be closed. It will be up to the organization to get it approved to reopen the box.

Interoffice mail may be sent to other students and faculty at no cost. Mail addressed to faculty must have department and name. Names and PO box numbers are required for mail sent to students. Off campus mailings will be processed at regular United States Postal Service (USPS) rates. Campus Mail Services provides stamps, stamped #10 envelopes, registered mail, certified mail, return receipts, insured mail, delivery confirmations and money orders. International mail is also available through campus mail.

If you have any question, please contact the office at 678-839-6522. They will be happy to assist you. Mail Services hours are 8:00 – 4:30 p.m. Monday – Friday. Mail needing to go out that day needs to be at Campus Mail before the 4:00 p.m. dispatch.
PORTAL/MYUWG ANNOUNCEMENTS
If reserving a facility, Auxiliary Services usually posts the reservation under Campus Events. You can always ask them if they are posting it when you make the reservation. You will need to ask other reservations staff to do the same.
Announcements can be sent to Linda Picklesimer, lindap@westga.edu, and they will be posted under “Announcements” on the portal.
Developing a Constitution

SECTION III
DEVELOPING A CONSTITUTION

To assist your group, a sample constitution and explanation of each section of a constitution has been prepared for your use. The sample constitution is only an example, and should not be used as a “fill-in” form. Should you require further assistance in the preparation of your constitution, contact the Office of Student Activities, Campus Center, 678-839-6526.

A constitution is the basic framework of an organization. It should state the purpose of the organization, and should indicate the number of officers, the method of their selection, requirements for membership and other general operating procedures which might be subject to frequent change. Detailed methods of doing business and specific rules belong in a document called the BYLAWS. For example: The constitution would establish the fact that dues are a requirement for membership and would outline the method of determining the amount of dues. The bylaws would then state the specific dues structure.

CONSTITUTION

Article I. NAME
The name of the organization should reflect the nature of the organization.

Article II. PURPOSE
This section should state the purpose, aims, and functions of the organization.

Article III. MEMBERSHIP & DUES
This section should state the requirements and size limitations of the membership and the dues structure, if any.

Article IV. OFFICERS
This section should be a list of the officer positions and the duration of terms. Also provisions should be for vacancies of office. Names should never appear in the constitution, only the positions.

Article V. FISCAL AGENT/FACULTY CONSULTANT
This section should state the procedure for selecting a faculty consultant and would explain the procedures for selection of a fiscal agent, if applicable.

Article VI. MEETINGS
This article should state the provisions for a regular meeting time, as well as any provisions to be made for calling special meetings. The officer position which has the authority to call meetings should be stated here.

Article VII. QUORUM
This section would set down the rules pertaining to the number of members, or the percentage of the membership required to be present to transact business.

Article VIII. AMENDMENTS
Amending the constitution should not be a simple process for the sake of the stability of the organization. All amendments are subject to final approval by the appropriate governing body.

Article IX. RATIFICATION
This section would state the requirements for ratification of the constitution of the newly formed organization.
BYLAWS

The by-laws would contain:
1. Detailed material concerning members, rights, duties, expulsion and resignation procedure.
2. Provisions for honorary members if the group so desires.
3. Provisions for membership fees, dues and assessments, if there are to be any, should be written in detail.
4. Names of the standing committees, if any, and the method of choosing the Chairpersons and committee members. The duties of the Committees(s) should also be stated here.
5. A provision for some accepted rules of order for parliamentary procedures, such as Robert's Rules of Order, should be included.

LEADERSHIP DEVELOPMENT GUIDE

FOR STUDENTS

Leadership development is greatly emphasized in many of the programs and services offered by the Office of Student Activities. The Leadership Development Program consists of Leadership to Go, Leadershape Scholarships, LEAD Weekend, and an XIDS Leadership class. The Office of Student Activities offers advisement, consultation and professional guidance to all students, student leaders and student organizations.

LEADERSHIP TO GO
Leadership to Go is a leadership development program designed for UWG student leaders, or UWG students interested in becoming leaders. The program is designed to fit in with and complement the busy schedule and lifestyle of the UWG leader. Topics encompass the wide range of skills and information needed to be a successful leader.

LEADERSHAPE SCHOLARSHIPS
Leadershape is a nationally recognized institute, created to improve campus leadership and to teach young adults to “lead with integrity.” The curriculum focuses on “take-home application”, through the vehicle of a comprehensive and powerful Leadershape project. The project incorporates reflection, planning, one-on-one interactions, small group feedback and large group learning. UWG provides scholarships for a limited number of students to attend this program.

LEAD WEEKEND
This intensive one-day leadership development program utilizes a variety of activities to assist students in becoming better leaders. Past topics have included motivation, team building, and “Getting What You Want From Life”.

LEAD LUNCHES
Leaders often benefit from interactions with other leaders, and Lead Lunches offer that opportunity. Several times a semester, student leaders will be chosen to attend a lunch with Dr. Beheruz Sethna, President of UWG, and another local or university leader.

STAFF
Many of the faculty and staff are available to make presentations to student organizations. Feel free to contact the Office of Student Activities or other offices about possible programs.
