Creative Activities

Artwork: Watercolor Painting and Printmaking

Ongoing work is in progress, with a variety of art media, such as watercolor, printmaking, and oil pastel. Work continues for both personal fulfillment and as a way of exploring various abstract-conceptual questions and interest. Current watercolor and print series exploring conceptual elements in the nature and dynamics of human relationships and a watercolor/print series of Wyoming and Colorado landscapes are projects currently in progress. Additionally, methods of utilizing creative projects as a learning tool are being incorporated into teaching activities.
