This map is published by the Office of Disability Services, to offer information about campus access to students with special needs. Information was initially compiled by students during the summer of 2007, and is updated annually. While every effort has been made to provide the most up-to-date information, sidewalks and building features are in transition. Be alert for change.

UWG has a statewide reputation among students as an accessible campus and is ADA compliant. It is the policy of the university to strive for facilities beyond “reasonable access” and to continue to make improvements toward becoming a fully accessible campus.
