History 2112

HOMEWORK IV FOR HISTORY 2112 (OPTIONAL)

DUE: Wednesday, March 31

1. Read Document 4 by Huey P. Long on pages 225-226 in Chapter 25, Set 2 in the documents book and then list his main points IN YOUR OWN WORDS.

2. Write a brief statement about your opinion of what he said. What would you like to say to Governor Long?

3. You will be graded on your ability to translate what he wrote into contemporary English, almost as if you were reporting on the document for a newspaper. You do not have to use complete sentences, but make sure that you explain everything that would be necessary for someone who does not know the history to understand your summation of his points. Use a dictionary whenever you do not understand a word or term.

4. It will help to read what the textbook says about Huey Long in Chapter 24 in the basic textbook.

5. It may also help you understand what to do for this homework if you try to see how I found the points I listed for the document that you had to translate for the last homework.

6. If you are feeling particularly overwhelmed, make an appointment to come talk to me about it (always a good idea when you need help).
