Empowerment of Teachers: The Power of One (Plus One)

Brenda Shuman-Riley

Abstract: Providing a quality education for all young people is truly a joint effort of an entire village; however, we must never underestimate the power of one. How do we maintain focus and resiliency in the face of federal mandates, overwhelming stress, and public questioning? This presentation reveals the magic of the 'Three R's' for educators, so we can recapture those feelings of warmth and promise that led us into teaching in the first place.
