ENGL 1101
FINAL PRESENTATION REQUIREMENTS

- Presentations take place over the course of two class sessions.
- Half the class will present on Thursday, December 1 and the other half will present on the day of the final exam (check syllabus for exact day and time).
- Presentation order will be determined on a first-come, first-served basis. Sign-up sheets are posted on my office door (TLC 1113A – Office G). YOU MUST COME TO MY OFFICE AND SIGN UP FOR A TIME SLOT.
- Attendance is mandatory for both presentation days. A portion of your final grade includes being a respectful audience member for your classmates’ presentations. If you are absent on the day you don’t present, your own grade takes a hit.
- If you are absent on your scheduled presentation day, you cannot make it up (aside from a life-altering circumstance).

Directions:
The final creative project is an opportunity for you to present a visual representation of your primary argument and analysis in Essay 3 (Magic Mike XXL or your alternate choice). See the rubric for specific details on how your presentation will be graded.

Requirements:
1. Presentation should be between 3-5 minutes long.

2. Be specific in your explanation of:
   - the reason behind your chosen argument
   - your thesis statement
   - topic sentences
   - the textual evidence that makes your case

3. Information must be conveyed using Prezi, PowerPoint, or similar presentation programs.

4. The project should include visual representations of your arguments and evidence (which you can find through Google Images).

5. Don’t forget a Works Cited slide for your sources and images.

6. Projects must be completed individually. This is not group work.
