

Mathematics Department Scholarships

Marion Crider Award

In honor of Marion Crider, a dedicated, caring and enthusiastic professor of mathematics who served at the College for 23 years, and who also served as a department chairperson, the Department of Mathematics presents annual monetary awards to juniors or seniors in recognition of academic excellence, leadership and the potential for success in the field of mathematics. Friends, family, colleagues and alumni established the monetary fund that supports these superior student awards as a memorial to Professor Crider. The Marion Crider Scholarship shall be awarded annually to three juniors or seniors in recognition of academic excellence, leadership and the potential for success in the field of mathematics. The total amount generated by this fund is approximately \$3400. The recipients are chosen by the Department of Mathematics.

Requirements:

1. An overall GPA of 3.2 or higher;
2. Juniors or seniors in recognition of academic excellence, leadership and the potential for success in the field of mathematics;
3. Current enrollment at UWG.
