

Phi Sigma Tau

International Honor Society in Philosophy

26 April 2004

Dr. Robert Lane
Philosophy Department
State University of West Georgia
Carrollton, Georgia 30118

Dear Professor Lane :

After carefully reviewing the history of the State University of West Georgia, the achievement and training of its students in philosophy, and the training and accomplishments of its faculty, the National Executive Council of Phi Sigma Tau has unanimously endorsed your group's petition to have a chapter of the Society founded on your campus. This endorsement has been ratified by vote of the Society's active chapters.

Among the objectives of Phi Sigma Tau is the encouragement of a professional spirit and interest among those who have displayed a marked ability in philosophy. It is our purpose to place academic excellence at the forefront among student goals. It is our conviction that the faculty and student members of Phi Sigma Tau at the State University of West Georgia will carry out these responsibilities with dedication and devotion.

Speaking, then, for the National Executive Council, I wish to congratulate you on this happy occasion, and to welcome you officially as the **Georgia Iota** Chapter (1109) of Phi Sigma Tau, the International Honor Society in Philosophy.

Cordially yours,

A handwritten signature in cursive script, appearing to read "Lee C. Rice".

Lee C. Rice
Executive Secretary

President: Eva Cadwallader (Westminster College).
Vice President: William D. Bonis (California State University, Long Beach).
