Presentation Schedule (NEW)

The order of presentations is listed below along with several announcements. Please read carefully.

NOTES:
Please be in the classroom 10 minutes early on each of the presentation days. The first presentation will start at 1:50 to ensure that we have sufficient time to complete the scheduled presentations.

Each presentation should be 8-10 minutes in length.

Supporting materials for the presentation (e.g., PowerPoint slides, charts, overheads, etc.) should be given to me at the beginning of class on your scheduled presentation day.

There will be no class meeting on Thursday, November 29, 2001. This day will be devoted to the individual case I will give you that counts as a portion of your final exam.
