Dr. --- is da bomb. He is effective,
efficient and helps keep students
focused and on track.

From Student Evaluation

I am extremely happy I changed my major so many times to get to the college of business. This is where I belong and should have been in the first place. With amazing programs and instructors, it made my decision to stay all the more easier.

From a Graduating Senior

I love Dr. ---'s class. His passion for [the subject] is displayed in every class. He taught me more than any textbook I have purchased.

From Student Evaluation

I am writing this letter to thank you for the time and effort put forward my applications to various law schools. I am well aware of the time constraints placed upon professors during the regular school year, and I salute you for taking the time out to help my interests.

From a Graduate

RCOB has done a great job of challenging me through several different hypothetical business situations and has vastly increased my critical thinking skills. You can tell the professors are working together to prepare us and they have a good time doing so. I feel very prepared to begin my professional career.

From a Graduating Senior

By far the most effective and best teacher at UWG. He genuinely cares about his students and their success. Very knowledgeable and an incredibly engaging speaker.

From Student Evaluation

I now have a different perspective on ---. What I have learned will indeed help me in my career and I appreciate what you have done to contribute to my education. Do I know --- inside and out? No. But I have the foundation to build on from here on out.

From a Student

Thanks for your help again.

Sincerely one of the most interesting
former students that you helped shape,

From a Graduate

I just wanted to say that I really enjoyed last night's class, and got a lot out of it as well. The class discussion concerning the case shed some new light on the situation for me. It brought up new ideas and concepts that I hadn't considered.

From a Student

I thought I would drop you a line to let you know that I finally found the position I've really been looking for. I wanted to let you know that I really enjoyed my time at West Georgia and your classes. I feel like my graduate level classes really prepared me for the field I have chosen.

From a Graduate

I would like to thank you for being so thorough and precise in your lectures. The group exercises and assignments make learning fun and interesting. Although I didn't make the best grade in the class, I learned a lot of information that I have been able to apply already.

From a Student

You wrote me a beautiful letter of recommendation prior to me moving, in which I still have. I know you are strongly impacting the lives of many.

From a Graduate

I will graduate in May. It has been a long and sometimes difficult journey, but one that I have been blessed to undertake. It would be impossible for me to mention all the members of the West Georgia Faculty that have been instrumental along the way. Whether in service to the business community or the public the principles and skills that I have learned at the University of West Georgia will play a crucial role in my work.

From a Graduating Senior

Last night, [a colleague] and I attended the visitation for a former West Georgia student who passed away Sunday. When we met his father and told him we worked at West Georgia, his first question was "Do you know Dr. ---?" He wanted you to know that you had a profound effect on his son. He said he was grateful for what you had done for Eric. He tearfully thanked us for agreeing to convey this message to you.

From a UWG Employee

I am proud to be earning my
degree from UWG!

From a Student

I wanted to write to you because I do not want you to think that I forgot about everything that you have done for me. I really want to say with all my sincere that you were the best teacher that I ever had.

From a Graduate

Dr. --- is an excellent instructor. He makes class enjoyable and is willing to help you when you struggle with the material.

From Student Evaluation

I just wanted to let you know that I had a student come in just a few minutes ago (she was changing her major from Pre-Psychology to Business) and she made a comment that everyone in the College of Business has been so nice and helpful to her and she was excited to be changing her major to Business.

From an Advisor

You can tell that she honestly cares
about her students and loves what
she is doing.

From Student Evaluation

I had the opportunity to take two classes taught by you in 2003. I wanted to take a second to write you and say thank you for the --- class you taught, as that gave me a strong foundation.

From a Graduate

I am writing to express my heartfelt gratitude to especially you and to the entire organizers of The McCalman Executive Roundtable. I have had the opportunity to meet and interact with a few executives, but this meeting has left a great impression on me. Again, I am very thankful to you for the opportunity.

From a Student

Great teacher. Dr. --- was an excellent instructor who was will to go out of her way to help me.

From Student Evaluation

I interviewed eleven candidates [for an internship]. Nine of the candidates were very close, it was a tough choice. West Georgia should be proud of the students that are in their Business School.

From an Employer

My degree gets more valuable each
year.

From a Graduate

One of the best teachers I have had
at West Georgia, so helpful, and I
would take him again.
