Chair’s Corner

The October DAC meeting was held on Wednesday morning (10/18/06). Below, I have summarized the major issues discussed during this meeting.

**Travel Regulations**

A reminder that travel policies have recently changed, until we become familiar with the new policies, we should check with purchasing, Liz, or Tracy when making travel plans. Two issues will especially impact travel. First, you must check to see if a campus car is available before driving on university-related business. You will only be reimbursed .445 cents per mile if a campus car is not available. Otherwise, if you use your own car and university transportation is available, you will only be reimbursed .28 cents per mile. Second, you are only allowed to stay at a hotel if you are more than 50 miles from campus or from your home.

*Again, check before you travel to avoid any surprises.*

**New Director of Corporate and Foundation Relations**

Erin Henderson has recently been hired as Director of Corporate and Foundation Relations.

**Internships**

New paperwork and procedures have been developed for handling student internships. Information has been e-mailed to you about these changes.

**AACSB Visit**

Mark November 3rd and November on 13th on your calendar, more details will be mailed to you by the Dean’s office on activities taking place on these dates that may require your participation.

*The next DAC meeting is scheduled for Wednesday, November 1, at 9am.*

**Please let me know if you have any questions.**
