Jean Cook made a brief presentation on the upcoming UWG Core Curriculum Changes. We are required by the BOR to implement these changes by Fall 2011. This is a rather aggressive timeline. However, we were assured that there would be sufficient opportunities for faculty to provide input into this process. Specifically, a faculty survey will be administered and there will be open faculty meetings. These opportunities will be announced in the Daily Report.

As part of these changes, the following three “overlay requirements” will have to be assessed somewhere in the A-E courses: US Perspectives, Global Perspectives, and Critical Thinking.

Summer Funds/ E-Tuition/ State Revenues

We are expecting summer money and E-Tuition funds (from Fall courses) any time now. Clearly, some changes are going to have to be made to get these E-Tuition funds to us in a timelier manner.

The governor has called for 3 additional furlough days (on top of the 3 he had already called for) and a 5% budget cut. Given that we have already had 6 furlough days at UWG and because the Legislature has not yet considered the governor’s request, we do not yet know how this might impact UWG.
PQ Definition

Our current PQ definition does not really provide an avenue for individuals who are not PQ when they are hired to ever become PQ. David Boldt, Diane Williamson, and Mary Kassis will work on revising this definition and will submit it to the Strategic Planning Committee for consideration.

Newnan MBA Summer Schedule

We have to work on an immediate solution to provide two MBA electives (other than CISM 6331) so that the Newnan MBAs can graduate on time. Currently, we are looking at an ABED and ECON class to fill this immediate need.

Then, we must schedule another elective every other summer for the Newnan MBA program. If anyone would like to propose a course, please let me know.

2009 Malfeasance Reports

A memo was distributed by the USG Office of Internal Audit and Compliance to remind everyone to remain mindful of fraud, waste, and abuse.

PAC Meetings to Discuss Concerns

Efforts remain underway by administrators to “clean up” and centralize various UWG policies and procedures.

ESCEM Relationship

We continue to develop a relationship with ESCEM in France in establishing a student exchange program. As part of this program, we are trying to set up a certificate program for the exchange students, so that they can earn some recognition for their international studies. We are considering have students take a course from each of our RCOB departments to complete this certificate program. In the Management Department, this would likely mean that the exchange students would have to take either MGNT 3600, MGNT 3605, or MGNT 4620.
## RCOB Birthdays

| Jan 19 | Sandra Thompson |
| Jan 28 | Becky Cole |
| Jan 30 | William Lankford |

## Important Dates
