SUMMER 2011
SENIOR EXIT SURVEYS

Twenty-five graduating seniors responded to our Summer 2011 Senior Exit Survey. Some of the highlights of this survey are as follows:

- 72% reported that they were “Very Satisfied” with their decision to earn a B.B.A. in our department. The other 28% noted that they were “Satisfied” with this decision.
- 56% reported that it was “Very Likely” that they would recommend our program to a friend. The other 44% noted that it was “ Likely” that they would recommend our program.
- 25% reported that faculty were “Frequently” available outside of class. The other 75% reported that faculty were “Regularly” available.
- Twelve students reported that they planned to work in a company not owned by their family. Seven others noted that they planned to work on their MBA.
- Five students reported they had already accepted a job offer.

As with previous semesters, the surveys remain excellent in our department. Ninety-six percent of our graduating seniors reported that the quality of instruction in our department was “Good” or “Excellent.”

One student noted, “I couldn’t imagine receiving a better business education anywhere else. The faculty at the RCOB have been outstanding.”

The complete surveys are available in my office for you to review at any time.
