COAH Executive Committee Meeting Minutes: March 14, 2014

In attendance: Lisa Connell; Randy Hendricks (dean); Nadya Popov; Cale Self (chair); and Mark Schoon

Guest: Jim O'Donnell

I. Unanimous approval of February’s meeting minutes

II. ART Proposals
   A. Mark Schoon proposed ART 3060 and 3065, new courses that we're put on hold. Now that there is a need and an experienced adjunct who can teach them, the department wishes to go godward and institute them.
   
   Status: Approved
   
   B. Jim O'Donnell proposed a restructuring of the Art Education's courses so as to provide students with a large amount of preparation for the field in the 3000-level courses and more concentrated field experiences in the 4000-level courses. In essence, students in upper-division Art Education courses will have less contact time in the college classroom and more in the field.
   
   Status: Approved

III. MUSC Proposal--Kevin Hibbard proposed a reordering and reduction of courses in the service of a Music Business degree

   Status: Approved

IV. Announcement of the college-wide fall semester activities related to conservation and the environment

V. Cale Self reported resolution with the FLC issues that the committee took up in January. Training sessions and a clearer system of communication will be instituted to promote cogency in these courses and the communities of students they seek to cultivate.

VI. Adjournment at 2:28

Respectfully submitted by Angela Insenga
