

Position Description: Tenure-Track Assistant Professor in Applied Mathematics

The Department of Mathematics at the University of West Georgia invites applications for a tenure-track assistant professor position in applied mathematics to begin August 2017. Applicants must have a Ph.D. by the date of hire, and a record of teaching success. Preference is given to candidates working in inverse problems and partial differential equations. Typically the teaching load is nine hours per semester for active research faculty. Also up to two-year credit toward promotion and tenure is possible depending on prior experience.

To apply, please submit a cover letter, curriculum vitae, a publication list, a description of research, a statement about teaching interests and experience, unofficial transcripts, and three letters of recommendation, at least one of which supports the applicant's effectiveness as a teacher, to math@westga.edu.

Applications received by January 30, 2017 will be guaranteed full consideration.

The University of West Georgia is a doctoral comprehensive, residential, liberal arts institution with an enrollment of over 13,000 students, and is part of the University System of Georgia. It is located on a beautiful 400-acre campus in Carrollton, Georgia, approximately 45 miles west of Atlanta. Additional information about this position and our department is available at www.westga.edu/math.

The University of West Georgia is an Affirmative Action/Equal Opportunity Employer. The University System of Georgia requires a background check as a prior condition for employment.
