

Position Description:

The Department of Mathematics at the University of West Georgia invites applications for a tenure-track Assistant Professor position in Statistics to begin in August 2017.

A doctoral degree in Statistics is required, with a preference to candidates with finance background. Applicants must have an outstanding research record. Teaching responsibilities include teaching upper-level courses in our Statistics and Actuarial Science track. Applicants must have a record of successfully teaching Statistics. The teaching load is nine hours per semester. Up to two years of credit toward promotion and tenure is possible depending on prior experience.

To apply, please submit cover letter, curriculum vitae, description of research interests, teaching statement, graduate transcripts, and three letters of recommendation, at least one of which supports the applicant's effectiveness as a teacher, to

**Statistics Search Committee  
Department of Mathematics  
University of West Georgia  
1601 Maple Street  
Carrollton, GA 30118**

or email to: [math@westga.edu](mailto:math@westga.edu).

Applications received by January 30, 2017 will be guaranteed full consideration; however, the position remains open to applicants until filled.

The University of West Georgia is a doctoral comprehensive, residential, liberal arts institution with an enrollment of about 13,000 students including over 2000 graduate students, and is part of the University System of Georgia. It is located on a beautiful 645-acre campus in Carrollton, Georgia, approximately 45 miles west of Atlanta. The department of mathematics has nineteen tenure / tenure- track faculty with research interests in applied mathematics, discrete mathematics, pure mathematics, statistics, and mathematics education.
