**IMPORTANT:** Students enrolled in the data analysis and evaluation methods program may use certificate courses toward the completion of MA degrees in Sociology or Criminology. Since both departments regularly teach these courses, no additional courses are required to support the certificate program. Both majors allow six credits outside of the department to count toward the major and an additional three with DGS approval. Also, students seeking the certificate in conjunction with other MA degree programs in the college of Social Sciences must consult their graduate advisors to ensure that they are on track to meet degree requirements.
