Psychology worries about what the meaning of certain classes are. Psychology wants to be involved but they wish they had been involved from the beginning. So they are abstaining from voting for this degree.

Faculty Council unanimously voted that that Sociology provides analysis on the impact of this degree on other majors, including psychology, sociology, nursing, etc.

The degree passed with one abstention.

We discussed a schedule for the bylaws and P&P revision.

Then we reviewed the inputs and feedback from the town halls. We chose a committee to rewrite and to account for the issues and inputs, and they will take the discussion from today and integrate it over the next several weeks.

Heather left at 2:45 for the Faculty Senate.
