

UWGLive On-Site Lab System Requirements

The University of West Georgia encourages those close to UWG to utilize the UWGLive Simulation Lab inside the UWG Education Center; however, an on-site lab may be created at a remote location. The minimum system requirements are listed below.

Display	60"+ Monitor (no projectors)
Dedicated Graphics Card	2GB+ of VRAM
Webcam	Logitech Pro C920 HD, Logitech Quickcam Pro 9000, or equivalent
System RAM	8GB+
Microphone	Microphone should be built-in to webcam
Network Bandwidth	10 Mbps Down/2 Mbps Upload
Ethernet Connection	A reliable high-speed wired internet connect is required.
Web Browser	Firefox Version 52
Speakers	Your choice - may be part of your monitor
Operating System	Windows - 7,8,10 Mac - Yosemite, El Capitan
