Notes:

1. This program is designed for students who already possess Instructional Technology Certification from the Georgia Professional Standards Commission or are not anticipating pursuing this additional certification field. If you are pursuing adding Instructional Technology as a S field to your Georgia Professional Certificate, then you should be in the Certification track.
2. Renewable Professional certificate upon admission required for eligibility for Online Teaching Endorsement.
3. Students cannot repeat courses of the same content from a previous program for credit towards this degree.
4. The Online Teaching Endorsement and the Online Teaching Certificate are two program options that require the same courses but are tailored to two distinct audiences. The endorsement is designed for students who hold a Five-Year Induction or Professional certificate at level 4 or higher, in accordance with the requirements of the Georgia Professional Standards Commission. The certificate is designed for students working in non-K-12 environments (i.e., higher education, industry, military) who wish to improve their online design and facilitation competencies.
5. The Online Teaching Endorsement and the Online Teaching Certificate courses include prerequisite requirements.
6. The courses MEDT 7476 and MEDT 7491 are not offered in summer semesters.
7. To graduate, students must hold a minimum of a "B" average (i.e., 3.0).
8. Upon acceptance into program, you are directed to carefully read the [Orientation Guide](#) and set up this Program Sheet. Maintain and update your program sheet regularly, and ask your academic advisors for input as needed. While it is your responsibility to know what classes to take, your academic advisor is here to help. Email them as needed with questions or concerns, and attach an up-to-date copy of your program sheet to aid communication.
