How does NFLP loan support work?

The NFLP is a loan cancellation program with a service obligation for recipients of the loans. **To be eligible for the 85% cancellation, the Borrower must agree to serve as full-time nurse faculty at an accredited school of nursing for a consecutive four-year period following graduation from the program.** The granting institution will make NFLP loans to eligible students for the cost of tuition, fees, books, lab expenses, and other reasonable education expenses. The loan amount may not exceed \$35,500 per year and is not to exceed 5 years per student.

To receive loan cancellation, the borrower must be employed full-time as a nurse faculty at an accredited school of nursing for a complete year, as is defined by the employing school of nursing or 12 consecutive months. The school will cancel an amount of up to 85% of the loan (plus interest) as follows:

- Upon completion by the Borrower of each of **the first, second and third year of full-time employment as a faculty member in an accredited school of nursing**, the school will cancel 20% of the principal of, and the interest on, the amount of the unpaid loan on the first day of employment.
- Upon completion by the individual of **the fourth year of full time employment as a faculty member in an accredited school of nursing**, the school will cancel 25% of the principal of, and the interest on, the amount of the unpaid loan on the first day of employment.

To receive loan cancellation, the Borrower must submit the Request for Partial Cancellation of Loan form to the lending school at the end of each complete year of full-time employment as faculty at a school of nursing. The Request for Partial Cancellation of Loan form is obtained on the **MSN Nurse Educator or EdD in Nursing Education program websites as well as the NFLP website.**
