and use barrier precautions (latex condom with spermicide) until I know the results of the 6 month follow-up. I will not donate blood semen or organs until completion of the follow-up period. (**Women**: I agree to avoid pregnancy for a minimum of 6 months. If currently breast-feeding, I will cease for a minimum of 6 months).

I understand that extended postexposure testing and prophylaxis may be completed at the UWG Health Center or a personal health care provider of my choice. I understand that I should report any acute illness causing fever, rash, lymphadenopathy, persistent cough, or diarrhea within the next 3 months to my health care provider.
