

2012-2013 Approved SRAP Proposals

Project #	Project Supervisor	Department	E-Mail	Project Title
1	Kerriann Marden	Anthropology	kmarden@westga.edu	Forensic Anthropology Student Research Assistant
2	Susan Fishman	Archaeology	sfishman@westga.edu	Archaeological Education Program
3	Debrah Santini	Art	dsantini@westga.edu	Letterpress
4	Gwen Davidson	Art	gdauidso@westga.edu	
5	Stephanie Smith	Art	sismith@westga.edu	Gallery Assistant
6	Mautusi Mitra	Biology	mmitra@westga.edu	Functional genomics of eukaryotic oxygenic photosynthesis in the model unicellular green microalga Chlamydomonas reinhardtii
7	Melissa Cavalin	Biology	mcavalli@westga.edu	Phosphatase Expression and Function in the Olfactory Bulb
8	Anne Gaquere	Chemistry	agaquere@westga.edu	Effect of ultrasounds on enzyme activity (continued)
9	Farooq Khan	Chemistry	fkhan@westga.edu	Selective binding of metal ions to the antibiotics valinomycin and beauvericin: A mass spectrometric study
10	Megumi Fujita	Chemistry	mfujita@westga.edu	Spectroscopic analysis of new ion-pair receptors

11	Spencer Slattery	Chemistry	sslatt@westga.edu	Regulating Magnetic Properties on Iron Based Molecular Systems
12	Vickie Geisler	Chemistry	vgeisler@westga.edu	Research Assistant to Study the Antioxidant Capacity of Phenols
13	Shamistha Basu-Dutt	Chemistry	sbdutt@westga.edu	Care to Collaborate for Science Fair
14	Matt Varga	Collaborative Support	mvarga@westga.edu	Developing and Implementing a Marketing Plan for MEd in College Student Affairs
15	Mike Orsega	Computer Science	morsega@westga.edu	Evaluating Instruction using Custom-Built Flash Animation Tutorials
16	Lara Willox	Early Learning and Childhood Education	lwillox@westga.edu	Collaborative Action Research in Field Placements
17	William Joey Smith	Economics	wjsmith@westga.edu	Economic Forecasting Breakfast and State of West Georgia Community Banking
18	Yan Yang	Educational Innovation	yyang@westga.edu	sychometric Studies of Multicultural Teaching
19	Bradley Deline	Geosciences	bdeline@westga.edu	Comparing local disparity in Paleozoic Crinoid Communities
20	Chris Berg	Geosciences	cberg@westga.edu	Investigation of Chemistry and Conditions Associated with Vapor-Phase Growth of Garnet in Rhyolite at Garnet Hill, Nevada

21	Curtis Hollabaugh	Geosciences	chollaba@westga.edu	Field and laboratory investigation of the mineralogy and geochemistry of splendid vapor phase minerals in pegmatites and topaz rhyolites
22	David Bush	Geosciences	dbush@westga.edu	Potential Future Land Loss of Small Islands of Puerto Rico and the United States Virgin Islands
23	Shea Rose	Geosciences	srose@westga.edu	Ecological Sustainability at the Community Level
24	Ann McCleary	History Public History	amcclear@westga.edu	West Georgia Regional Music Project
25	Gail Reid	Mass Comm	greid@westga.edu	SOCKS: Speech & Oral Communications Knowledge Support
26	Sonya Barnes	Mass Comm	sbarnes@westga.edu	Student Audience / Programming Research Assistant
27	Ajith Desilva	Physics	ldesilva@westga.edu	Organic – Inorganic Hybrid micro and nano Devices
28	Hee-Jung Jun	Political Science	hjun@westga.edu	Planning for Sustainability in Georgia's Exurbs
29	Jesus Peralta	Political Science	jperalta@westga.edu	Latinos and Obama ¡Sí Se Puede!
30	Paul Rutledge	Political Science	prutledg@westga.edu	The Obama Presidency and Public Policy
31	Stanley Caress	Political Science	scaress@westga.edu	Population Survey - Environmental Health issues

32	Ineke Abunawass	Risk Management	ineke@westga.edu	Chemical Hygiene Assistant
33	Caleb Boyd	Theatre	cboyd@westga.edu	UWG Theatre Company Marketing & Recruitment Project
