"We're All in this Together!"

Beliefs

- The CCEC believes that leaders from the community, post secondary education, K-12 education, Pre-K, business and elected officials can work together to increase opportunities for students.
- The CCEC believes that talent and intellectual capacity exists throughout our school systems and post-secondary institutions, but awareness and opportunities may not.
- The CCEC believes that social mobility via access to post-secondary education is essential for economic development in our community.

The CCEC is guided by these four goals:

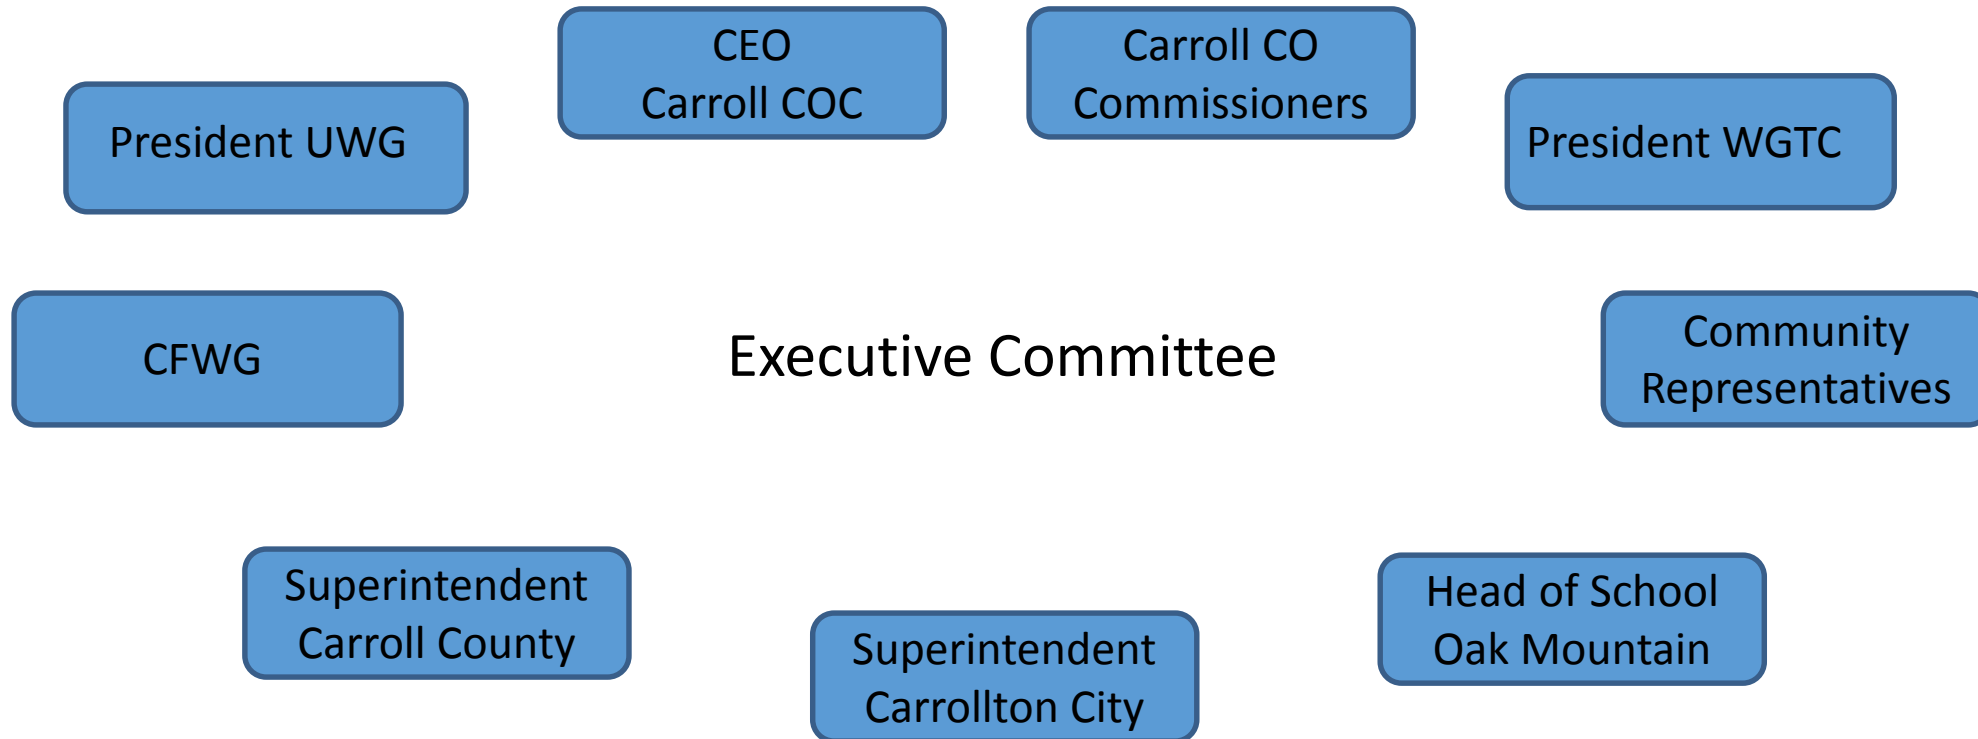

- To ensure academic success for ALL students, P-16
- To educate and promote career pathways and access to post-secondary education
- To ensure that ALL students graduate from high school prepared to enter the workforce and/or succeed in a two-year or four-year college or university
- To increase opportunities for ALL students through a community network
