Georgia

## PREFACE

The University of West Georgia Fact Book is compiled by the Office of Institutional Effectiveness and Assessment (IEA). The Fact Book continues to provide reliable statistical data and summary information designed to answer the most frequently asked questions about the University. The Fact Book is based on sound institutional research and serves as a good first point of reference for institutional assessment, self-study, and planning. In total, this fact book provides the institutional profile as of Fall 2020 for a limited number of frequently requested data points.

IEA would like to sincerely thank everyone who provided data, information, and suggestions that contributed to the improvement and integrity of the Fact Book. This publication is reflective of the collaborative nature of our campus community and its dedication to engagement. Go West! Go Wolves!
