Fees – We’re going to ask for permission to increase the following:

Health

Parking & transportation

Athletic facilities

Athletics

Student activity

Total would be \$74 per student per semester (could go down to \$55 depending on what happens with refinancing a specific bond)

2.5% undergrad increase is about \$60/semester

9% Graduate increase is about \$100/semester

Discussed charging fees for students at Newnan Center starting in fall of 2015 when the new center opens. We agreed to talk about this at the next budget meeting because the chair of the budget committee was not present.

Kyle is seeking for the budget committee to “endorse” charging fees to the Newnan students starting the fall of 2015 when the new center opens. We agreed that we’d talk about it in the next budget meeting because Andrea (Chair) isn’t here and only other attendees were: Tom Gainey; O.P. Connor; Paul Rutledge; Jim Sutherland; Elizabeth Kramer; Brad Yates; Anne Barnhart; Liz Baker
