vi. Course: EDRS 9103 Program Evaluation III: Program Evaluation Implementation. (Originator Varga, Mary Alice; Chumney for Varga). This course focuses on quantitative, qualitative, and mixed methods approaches to data analysis, and the process of reporting evaluation research findings. An emphasis will be placed on using software to summarize data, answer evaluation questions, and develop a comprehensive program evaluation report to applicable stakeholders. (See https://apps.westga.edu/catalog/)
Request: Add
Rationale: This is the third and final course proposed for the Program Evaluation Certificate program. It is also open to currently enrolled UWG students. This course will be cross-listed with EDRS 9103 (for students holding a master's degree or higher). EDRS 9103 will have additional course assignments and requirements than the 7103 section.
Action: Approved

2. Program Proposals:
i. Program: Program Evaluation Certificate Program
(Originator Varga, Mary Alice; Chumney for Varga).
(See https://apps.westga.edu/catalog/)
Request: Add
Rationale: Companies and organizations in a variety of settings are seeking individuals skilled in program evaluation, often for funding, accreditation, or programmatic decision-making purposes. The Program Evaluation Certificate is designed to prepare graduate students and professionals to meet the growing demand for working individuals with specific program evaluation skills. The certificate is open to new students and graduate programs throughout the university are welcome to embed the certificate in their programs of study. Three graduate programs in the College of Education have expressed interest in this approach.

There is currently not an existing program at UWG that offers this type of preparation and professional development. It varies from the Post-Baccalaureate Certificate in Data Analysis and Evaluation Methods because the focus is on program evaluation, and students are required to have research skills prior to beginning the certification. It also differs from the Undergraduate Certificate in Social Science Research Skills, a certificate program specific to undergraduate students focused on research skills.
Comments: The Program Evaluation Certificate will have two tracks - one for students who hold a bachelor's degree, and one for students who hold a master's or higher degree.

The 7000 track will be available to any individuals (former UWG students, other students, or individuals in the community) who have earned a bachelor’s degree and
are interested in obtaining the certificate for professional development purposes.

The 9000 track will be available to current UWG graduate students who are interested in obtaining the certificate in addition to their program area degree.

Action: Approved

ii. Program: Master of Education with a Major in Educational Leadership (MED). (Originator Nixon, Andy). (See https://apps.westga.edu/catalog/ )

Request: Modify

Details: The Georgia Professional Standards Commission has adopted a new leadership rule (April, 2015) which creates a new Tier One Certification available as a part of a master's degree or as a certificate-only program.

This submission replaces the program sheet and course of study from the currently approved MED in Educational Leadership and if approved will allow students to meet the requirements for the Tier One Leadership Certificate.

Rationale: Students will be able to benefit by adding the new Tier One Leadership Certification.

Comments: Attachments include the proposed program sheet, the "old" program sheet, and relevant documentation regarding recent actions regarding this degree.

Action: Approved

iii. Program: Educational Leadership Tier One Certificate-Only. (Originator Nixon, Andy). (See https://apps.westga.edu/catalog/ )

Request: Add
Details: The Georgia Professional Standards Commission has adopted a new leadership rule (April, 2015) which creates a new Tier One Certification available as a certificate-only program.

Rationale: The new Georgia Leadership Rule creates a Two-Tiered Certification Process. Approval of this program will allow UWG students to become certified with the Leadership Tier One Certificate.

Comments: Attachment is the proposed course of study to meet the certificate requirements as outlined by the GaPSC.

Action: Approved

Information items

B. Graduate Student Representative Election
a. {From Policies and Procedures} A student representative shall serve as a non-voting, ex-officio member of the committee.
   i. Selection Criteria
      1. Currently enrolled as a graduate student in good standing
      2. Expected to be present at GPC scheduled meetings
      3. Willing to commit to a 1-2 year term
   ii. Selection Methods
      1. The Graduate Programs Committee Chair will solicit names from each college/school at the beginning of the academic year.
      2. Each college or school (COAH, COSM, COSS, COE, RCOB, SON) may submit the name of one graduate student who meets the selection criteria. To be brought meeting
      3. The Graduate Programs Committee members will select one student representative at the first meeting of the academic year.
   iii. Nominations received
      1. “The student who I think would be great is Jessica Renard. She is a second year master student and has been an advocate for graduate students for the past two years. She has tried to get a graduate student organization off the ground, but it keeps losing steam because she doesn’t have much connection across programs. I think she would be fantastic and certainly not shy about engaging, which is what I think we need.” Submitted by Matt Varga
   iv. No other nominations were presented and the committee unanimously voted to select Jessica (Jess) to the Graduate Programs Committee as a graduate student representative.

5. Announcements
a. No meeting Nov. 4
b. Thanks to Lama Farran for representing the committee at the pat Faculty Senate Meeting
c. Dr. Denise Overfield has a work group looking at the definitions for graduate assistants, teaching assistants, and research assistants. This work group has a representative from every unit, e.g., associate dean responsible for graduate studies, as well representation from Human Resources. The representatives have been asked to get feedback from their unit on creating a working definition. Human Resources is providing information related to meeting various regulations for posting opportunities and employing students.
