Due date and organization: The due date for the report reviews is April 1; as one GPC member noted, the practice of the GPC in the previous years has been to briefly share and finalize the reports within the committee and send the final PDF’s to Senate. Following a suggestion from the GPC’s chair, the group agreed on having a first draft of the review for its next meeting on March 9, 2022.

B. Graduate Catalog Change Requests

a. Allow for in-house credential evaluation to be conducted for international university transcripts
   i. Originator: Paul Sargent
   ii. Request: Vote
   iii. Decision: Approved
   iv. Discussion: Paul Sargant presented the document that was provided as an attachment to the GPC and pointed out that this change (concerning #1 in document) will lower the costs for International students’ applications to UWG by $200. Paul Sargant explained how UWG and his office and person in particular has credentials and affiliations necessary to conduct the credential evaluation in-house. Asked for his workload and time with respect to this task, Paul Sargant assured feeling confident to be able to stay within the time frame usually taken by credential companies (2-3 weeks); support might be necessary in the future, though.
