A) Hardship Withdrawal changes to the Faculty Handbook (205.01, p. 88):

   Hardship Withdrawal Policy, What is the process for receiving a hardship withdrawal?

   “The student seeking a hardship withdrawal must initiate the request through either Health Services or Counseling Center. The student should be prepared to present documented evidence to substantiate the hardship being claimed. After interviewing the student and reviewing the appropriate documentation, the professional staff will make a determination to either recommend or not support the request for hardship withdrawal. This determination will be filed as a report consisting of the request form and a letter explaining the decision and delivered as a confidential document to the appropriate unit within Academic Affairs. For students with a declared major, the appropriate academic
official is the Dean of the College (or her/his designate) where the major department is housed; for undeclared students, reports should be delivered to the Honors College. The appropriate dean has the final authority as to whether the request is granted, with any appeal limited to the Provost and Vice President of Academic Affairs. If the request is granted, the student will receive a W for each course. The Registrar’s Office is to be notified by the academic office in cases where the request is granted and the student is to be notified of the decision in all cases.

Change to:

“The student seeking a hardship withdrawal must initiate the request through either Health Services or Counseling Center. The student should be prepared to present documented evidence to substantiate the hardship being claimed. After interviewing the student and reviewing the appropriate documentation, the professional staff will make a determination to either recommend or not support the request for hardship withdrawal. This determination will be filed as a report consisting of the request form and a letter explaining the decision and delivered as a confidential document to the appropriate unit within Academic Affairs. For students with a declared major, the appropriate academic official is the Dean of the College (or her/his designate) where the major department is housed; for undeclared students, reports should be delivered to the Honors College. The Dean or the Dean’s designee will consult with the instructors of each course affected when determining the outcome of a hardship or administrative withdrawal. The Provost and Vice President for Academic Affairs or designee has the final authority to grant the Request for Hardship Withdrawal. If the request is granted, the student will receive a W for each course. The Registrar’s Office is to be notified by the academic office in cases where the request is granted and the student is to be notified of the decision in all cases.

B) On the Hardship Withdrawal Form:

On page 2, under “Steps for Requesting a Hardship Withdrawal, step 5, the first bullet reads:

“The student may appeal to the Provost and Vice President for Academic Affairs.”

Should be changed to:

“The student may request a review by the Provost and Vice President for Academic Affairs or designee.”

On page 2, under “Steps for Requesting a Hardship Withdrawal, step 6:

“The Provost and Vice President for Academic Affairs has the final authority to grant the appeal for the Request for Hardship Withdrawal.”

Should be changed to:
“The Provost and Vice President for Academic Affairs or designee has the final authority to grant the Request for Hardship Withdrawal.

Under step 6, the bullet point reads:

“The Provost will grant or deny the appeal. If granted, the Provost’s Office will notify the Registrar of the grade change/s to W. The Provost’s Office will notify the student that the appeal was granted or denied.”

Should be changed to:

“The Provost or designee will grant or deny the request. If granted, the Provost’s Office will notify the Registrar of the grade change/s to W. The Provost’s Office will notify the student that the request was granted or denied.”

**Information Item:**

A) The Strategic Planning Committee recommends the adoption of the following definition, created by a committee under the guidance of Tami Ogletree and Melanie McClellan.

**Service Learning**

Service Learning is a structured teaching and learning strategy within a course that integrates meaningful community service with instruction and reflection to enrich the learning experience, teach civic responsibility, and address community priorities.

The Instructor is equipped with knowledge and resources to ensure that:

- The need is identified by the community being served.
- Students engage in critical reflection.
- The service is aligned with student learning outcomes for which the student receives academic credit.
- It is a mutually beneficial partnership that balances student learning with service to the community.

D) LEAP Resolution

In the discussion, the Provost noted that those who wish to learn more may see:
https://www.aacu.org/leap.

There was a friendly amendment by the Provost to delete the word “associate”in the first “Whereas.”
Item approved unanimously by voice vote.

E) Summer Session Grades Due Policy

The APC set and approved three deadlines for the four main summer sessions:

Maymester: Grades will be due 48 hours after the final exam day.

June Session: Grades will be due 48 hours after the final exam day.

June & July/July Sessions: Grades will be due 48 hours after the last final exam day.

The discussion clarified that 48 hours refers to calendar days, not business days. Dr. Boldt stressed the
importance of communicating these deadlines to faculty. It was asked that the Registrar publish the
deadlines (with exact dates).

Item approved unanimously by voice vote.

Committee XIII: Rules Committee (Sue Welch, Chair)
Action Item:

A) Faculty Senate Census

The Senate Composition Review subcommittee requested verification of the faculty count for the
Faculty Senate census from each dean, associate dean, or assistant dean of each college or academic
unit (that is, one person from each of these colleges or units: COAH, COSM, COSS, COE, RCOB, SON, and Ingram Library). An email was sent from each of these individuals to the subcommittee verifying the faculty count on behalf of the college or academic unit or adding any corrections that need to be made. Based upon the results of the census, a final Senate composition was created. The Rules committee voted to approve the Faculty Senate census.

In the discussion, Dr. Welch noted that the subcommittee was led by Chris Huff and Dan Williams, and she expressed her thanks on behalf of the committee to them for their hard work on this task. The results of the census are that no college/unit loses any senators, and there is a total gain of three senators (from 48 to 51), with COAH, COSS, and SON each gaining one senator. There will be an election in the spring for these, effective in the summer. Faculty should let Dr. Kramer know if they have comments on which Faculty Senate committees to place the new senators.

Item approved unanimously by voice vote.

5. Old business: none.

6. New business: none (see below).

7. Announcements

   A) Ms. Stanfield (Chair, Budget Committee) briefly explained that the Committee is working on refreshing the CUPA data, as two years have passed since the previous data was utilized with regard to the faculty salary equity study. She asked that faculty please forward any questions to the Budget Committee.

At this point in the meeting there was a motion to suspend the order of the day. It passed, and the agenda moved back to New Business.

8. New business

   A) Dr. Mosier outlined a number of concerns that he has gathered from faculty with regard to the academic calendar:

      • Commencement on a weekday: issues with parking, facilities, students’ employment schedules, difficulty of family traveling/attending;
      • Faculty arriving one week earlier: issues with them becoming oriented;
      • Summer international programs—how they’re laid out allows undergrads to get international experience, but a late May start is problematic;
      • Undergraduate students depend on seasonal summer employment;
      • Limited predictability when grades are due;
      • Summer school starts before K-12 is out, which is problematic for teachers.

Shelly Elman, Chair of the Academic Policies Committee, led the ensuing discussion. Dr. Elman explained that the shift of adding a week to the academic calendar is very problematic, but it had to be done to be compliant with Board of Regents policy. Dr. Velez-Castrillon commented that commencement is very costly on a Saturday. There is a concern with people being able to take a day off mid-week. Another person noted that commencement takes place before grades are due (but that is a
common practice, it was stated). Dr. Boldt noted that spring is a double graduation, and therefore needs to be a day, which would be better placed on Saturday. Some faculty questioned whether people who work evenings don’t also work weekends; do we have data on this? Is it possible to have a special summer education calendar? It was noted that the calendar is approved by the Provost (as delegated by the President), and that concerns should be sent to the Provost. Another suggestion was that perhaps graduations by colleges would be preferable.

The APC and calendar committee were thanked for their work on this difficult task. It was noted that faculty did not vote on the calendar because it appeared on the April 2015 agenda as an information item; it was hoped that the faculty does vote in the future. The plans are to establish a more permanent calendar committee with wide campus representation, including the chair of the APC. It was requested that Myrna Gantner and John Head attend the December meeting to talk with the faculty again. Dr. Kramer will follow up on that.

9. Announcements

   B) Dr. Micheal Crafton reported on the possible creation of three new offices, probably by next fall. The discussion will occur at the President’s Advisory Council (PAC) on Tuesday, and hence needs presidential approval. These names are not official, but the concepts are the following:

   1) Graduate School
   2) International Student Support
   3) Study Abroad and Student Exchanges

10. Adjournment

The meeting adjourned at 4:23 p.m.

Respectfully submitted,
Executive Secretary of the Faculty Senate and General Faculty

Details and conformity of how this configuration would work at UWG was sought out in an email to Myrna Gardner and this was her response: "...the first two hours could be used for direct instruction...then the performance time could run from 11:00-1:30...In this configuration, there is no expectation for outside work for the "lab" portion of the course, since the entire time (2350 minutes) is consumed by the hands-on session from 11:00 – 1:30 pm. However, you could require some outside prep if you wanted to, because the federal definition purposely includes the phrase 'at least' when talking about the non-lecture academic activities. Total time invested in the class for the term (excluding final exam) is 6750 minutes and would earn 3 credits."

**Rationale**

CSIM 2335 is one of the major courses in the MIS curriculum. It is to be taken primarily by Juniors and Seniors. It's current listing as a 2000-level course often causes confusion among students and faculty. We would like to change the level from CSIM 2335 to CSIM 3335.

Comments

We would like to change this course from a 2000-level course to a 3000-level course to reflect that it is a major course in the MIS curriculum that should be taken primarily by juniors or seniors. It's current listing as a 2000-level course often causes confusion.

- Rationale
  - In the era of "big data" anyone who fills a managerial role needs to know the methods used to apply research to improve decision making. This course is designed to help students develop the research skill and perspective needed to apply research to answering basic managerial questions. As noted on the syllabus, the objectives of this course are: "By the end of this course students should be able to:" 1. Identify elements of the research process (LG 2) "2. Analyze research questions and match them with appropriate research processes (LG 2) "3. Manage a basic data collection for conducting research (LG 3) "4. Apply research results to management decisions (LG 3)" This course would also fill the research requirement for BBA students in the RCOS.

Office Hours: T/H 9:30 a.m. - 2:00 p.m. and Online

Course Information

Course Description: This course is designed to introduce students to basic approaches for conducting research in a business environment. A special emphasis is placed on research methods and tactics that are applicable to enhancing management practice, organizational effectiveness, and organizational survival. Students will be introduced to various pathways to knowledge, research method design, data collection, data analysis, reporting of research results, the peer review process, and applied research.

Course Structure: This course is 3 credit hours and will last approximately fifteen weeks. Students in this class will generally spend 150 minutes with direct faculty instruction (either face-to-face or online) and work about 360 minutes outside of the classroom each week. This out-of-class work may include, but is not limited to, readings, assignments, projects, group work, research, and test preparation.

Student Rights and Responsibilities: Please carefully review the information at the following link: http://www.westga.edu/assetsDept/vpaa/Common_Language_for_Course_Syllabi.pdf. The document at this link contains important information pertaining to your rights and responsibilities in this class. Because these statements are updated as federal, state, university, and accreditation standards change, you should review the information each semester.

Learning Objective Relates to BBA Learning Goal(s)

By the end of this course students should be able to:

1. Identify elements of the research process (LG 2)
2. Analyze research questions and match them with appropriate research processes (LG 2)
3. Manage a basic data collection for conducting research (LG 5)
4. Apply research results to management decisions (LG 3)

Recommended (Not Required) Course Reading

I reserve the right to modify the syllabus throughout the semester
What I Expect of You

1. **You should come to class.** Attendance is required.
2. **You should take detailed notes.** Exams are based on material delivered and discussed in class. These notes will also provide you with information that may help you in your career.
3. **You should behave professionally.** You should act respectfully and participate, especially in group assignments and class discussion. If you behave unprofessionally (as determined by me), you will be disqualified from a group project or class discussion and lose the associated credit toward your grade.
4. **You should complete all assignments and exams on time.** Please pay close attention to the course schedule and assure all work is complete on time or early. Late work receives a maximum of half credit.
5. **You should be honest.** The UWG honor codes states: “At the University of West Georgia we believe that academic and personal integrity are based upon honesty, trust, fairness, respect and responsibility. Students at West Georgia assume responsibility for upholding the honor code. West Georgia students pledge to refrain from engaging in acts that do not maintain academic and personal integrity. These include, but are not limited to, plagiarism*, cheating*, fabrication*, aid of academic dishonesty, lying, bribery or threats, and stealing.” The student manual also outlines the method for handling cheating or academic dishonesty as follows: “Each incidence of academic dishonesty is subject to review and consideration by the instructor, and is subject to a range of penalties including but not limited to failing the assignment, failing the course, and referral to Office of the Vice President for Academic Affairs” (available online at [http://www.westga.edu/~handbook/hb3.php?page=honorcode](http://www.westga.edu/~handbook/hb3.php?page=honorcode)).

**Course Evaluation of Objectives**

Your final grade will be determined by your grades on three exams and one project. Your final grade will be adjusted based on your attendance and participation. **As it is expected that you will attend class, your final grade will be reduced by 2% for each absence.**

MODIFICATIONS TO THE BBA IN MARKETING PROGRAM (Fall 2015):

New Marketing classes added to the list of marketing electives.

MKTG 4818 – Web Page Design.
MKTG 4823 – Logistics and Supply Chain Management
MKTG 4868 – Marketing Metrics.

MKTG 4881 – Independent Study in Marketing.
MKTG 4885 – Special Topics in Marketing.

The catalog description of the Marketing program would thus read:

**Program Description**

- On Campus: Undergraduate
- Program: Program Limitation
- Degree: Degree Level
- Term: Spring
- Year: 2016

**Modification Details**

- Change requirements for the Minor in Marketing (for non-business majors) to read:
  - To minor in marketing, students must take MKT 3853 plus twelve (12) hours of MKTG courses above the 3000 level.

**Rationale**

- The current language specifies a list of Marketing elective courses which is not required since any marketing elective class above the 3000 level is acceptable.
- The new language makes it more efficient when electives are added or deleted from the list.

**Planning Info**

- Library Resources are Adequate

- Program Location: On Campus
- Degree Level: Undergraduate
- Program Location: Summer
- Effective Semester/Year: 2016

**Modification Details**

1. Area A - Change 3) Math 1111 recommended to Math 1001 or 1111 recommended
2. Area B - Change 3) Comm 1110 recommended to B-1 Oral Communication
3. Area C - Change 2) Elective Course in 2 to Non-Lab Science
4. Area D - Change 3) Elective Course in D to Elective Course in D-2
5. Area E - Change 3) Elective to Elective SPMG 2880 Recommended
6. Professional Content Electives - Add SPMS 4440 and SPMS 4600 to the available options in the category

**Rationale**
- The proposed changes to the core curriculum offer students more flexibility with electives in each of the areas.
- The proposed change to Area F includes adding SPMS 2880 as a recommended elective. Although not offered every semester, it is listed in the catalog and when offered should be considered.
- The proposed change to the professional content electives adds two courses that are listed in the catalog but were missing from the program sheet to the options students have when selecting professional content electives.

**Planning Info**
- Library Resources: Adequate
- Library Resources Need Enhancement:
- Is this a SACS substantive change? **No** (See Below)
- Present or Projected Annual Enrollment: 140

**Comments**
- The attached document includes the recommended program sheet and the current program sheet. None of the courses have been altered. The proposed changes allow more flexibility and recommendations for selecting electives. The changes also align the program sheet with the current undergraduate catalog and includes courses that were missing. The increased flexibility and clarity should assist students with meeting the degree requirements necessary to graduate in a more timely manner.

Rationale

This course has been created to streamline the Comprehensive Exam process for the M.A.T program. The current process is for the student's advisor to email and let the student know that he or she should register for compex. This new course will be added to the program sheet so that students are aware from the beginning of the program that registering for the Comprehensive Exam is necessary.

COURSE DESCRIPTION

A comprehensive final examination is administered during the fall, spring, or summer semester immediately preceding graduation to all candidates seeking a Master of Arts in Teaching: Special Education degree. The exam will be proctored either at the UWG campus in a computer lab or through the proctoring services of Distance Education. This course should be taken during the last semester in the program.
CONCEPTUAL FRAMEWORK

The conceptual framework of the College of Education at UWG forms the basis on which programs, courses, experiences, and outcomes are created. With the goal of Preparing Exemplary Practitioners, our programs incorporate ten descriptors (knowledgeable, reflective, inquisitive, decisive, adaptive, proactive, leading, collaborative, culturally sensitive, empathetic), clustered into three interrelated and overlapping themes, that demonstrate our commitment to (a) Professional Excellence; (b) Field-Based Inquiry; and (c) the Betterment of Society. These themes and descriptors are integral components of the conceptual framework and provide the basis for developing exemplary practitioners who are prepared to improve schools and communities. National and state standards are also incorporated as criteria against which candidates are measured, e.g. the Council for Exceptional Children (CEC).

The mission of the College of Education is to provide excellence in the initial and advanced preparation of professionals for a variety of settings, to foster an innovative learning community, and to empower a faculty committed to teaching and the dissemination of knowledge. This course’s objectives, activities, and assignments are related directly to the conceptual framework and national standards, as identified below.

APPROACHES TO INSTRUCTION

The comprehensive examination will be administered in a UWG computer lab or at a proctored site during the second half of the semester.

COURSE OBJECTIVES

Students will:

1. demonstrate competence in the first CEC standard: Learner Development and Individual Learning Differences
2. demonstrate competence in the second CEC standard: Learning Environments
3. demonstrate competence in the third CEC standard: Curricular Content Knowledge
4. demonstrate competence in the fourth CEC standard: Assessment
5. demonstrate competence in the fifth CEC standard: Instructional Planning and Strategies
6. demonstrate competence in the sixth CEC standard: Professional Learning and Practice
7. demonstrate competence in the seventh CEC standard: Collaboration

TEXTS, READINGS, INSTRUCTIONAL RESOURCES, AND REFERENCES

Required Text(s): none

Suggested Text(s): A review of each text or other instructional materials required for courses taken throughout the MAT program

Required Instructional Resource: Tk20 Subscription, available at the University Bookstore or at http://www.westga.edu/coe/index_550.php. If you have purchased a subscription previously, DO NOT re-subscribe. For more information about this resource, see http://www.westga.edu/coe/index_550.php.
ASSIGNMENTS, EVALUATION PROCEDURES, AND GRADING

Assignments

A test comprised of multiple choice and true false questions will be completed in a computer lab at UWG or at a proctored site.

1. One group of questions will be based on the first CEC standard (objective 1).
2. One group of questions will be based on the second CEC standard (objective 2).
3. One group of questions will be based on the third CEC standard (objective 3).
4. One group of questions will be based on the fourth CEC standard (objective 4).
5. One group of questions will be based on the fifth CEC standard (objective 5).
6. One group of questions will be based on the sixth CEC standard (objective 6).
7. One group of questions will be based on the seventh CEC standard (objective 7).

Evaluation Procedures

Each test item will be worth 1 point. Students will have two opportunities to take and pass the exam. Students must score a minimum of 70% on the exam to pass.

Grading

The final grade for the MAT Comprehensive Exam will be recorded as Pass / Fail. Written exams may be retaken one time during a future semester. Students who do not pass the second time will have a third and final opportunity as an oral exam with three professors as questioners.

CLASS OUTLINE

Announcements concerning the exam, including procedures to prepare for and take the exam, will be posted online.
CLASS, DEPARTMENT, AND UNIVERSITY POLICIES

Academic Honesty: All work completed in this course must be original work developed this semester. Students are expected to adhere to the highest standards of academic honesty. Plagiarism occurs when a student uses or purchases ghostwritten papers. It also occurs when a student utilizes ideas or information obtained from another person without giving credit to that person. If plagiarism or another act of academic dishonesty occurs, it will be dealt with in accordance with the academic misconduct policy as stated in the latest Student Handbook and the Graduate Catalog.

Attendance: Attendance on the exam date is mandatory; there will not be a make-up date. An absence on the exam date will be recorded as an “F” and the student will be required to re-enroll in a future semester. Students who arrive late to the exam session will not be granted extended time at the end of the session.

Disability: All students are provided with equal access to classes and materials, regardless of special needs, temporary or permanent disability, special needs related to pregnancy, etc. If you have any special learning needs, particularly (but not limited to) needs defined under the Americans with Disabilities Act, and require specific accommodations, please do not hesitate to make those known, either yourself or through the Coordinator of Disability Services. Students with documented special needs may expect accommodation in relation to classroom accessibility, modification of testing, special test administration, etc. For more information, please contact Disability Services at the University of West Georgia: http://www.westga.edu/studentDev/index_8884.php. Any student with a disability documented through Student Services is encouraged to contact the instructor right away so that appropriate accommodations may be arranged. In addition, certain accommodations (which will be discussed in class) are available to all students, within constraints of time and space.

Student Email Policy: University of West Georgia students are provided a MyUWG email account, which is the official means of communication between the University and student. It is the student’s responsibility to check this email account for important University related information.

Marketing Metrics - MKTG-5868

Spring Semester – 2016

Professor:     Dr. David Nickell
Contact Information:   office: 678 839 5486
                      email: dnickell@westga.edu
Office Hours:   MW 9:30 – 10:55 a.m.

Course Objectives: To provide marketers and those that manage marketing or will have responsibility for the marketing function with an understanding of the tools and approaches that can be used to measure the effectiveness of marketing expenditures and the understanding of how to assess and communicate the returns from marketing spending to management.

Specifically, participants will leave this course knowing:

- How to determine which marketing metrics are the most appropriate for their industry (i.e. consumer-packaged goods, services, on-line, etc.)
- How to assess the marketing data available to them as input metrics
- How to calculate the most relevant output metrics
- How to develop additional sources of data as required by firm management
- How to implement a marketing measurement program/dashboard in their business or firm/company
- In addition participants will be better able to identify and manage resources outside of their business or firm/company and to assist, if needed, in developing and implementing a measurement system with dashboard/flow board

Class Schedule: Mondays and Wednesdays 2:00 p.m. – 3:20 p.m. in room 2327 of Miller Hall on the Carrollton Campus

Grading Policy: As the instructor, I am the final authority on grades.
The grading for this course is:

- Exams (3) 60%
- Case Write-ups 30%
- Class Involvement 10%

Make-up exam policy.

1. Don’t miss a test.
2. If you must miss a test for a serious medical reason, you must notify me in writing before class on the day of the test, and provide a written excuse from a medical practitioner. If you have to miss a test for university business (such as presenting a paper or being part of a UWG team which is away on a trip), you must notify me in writing at least a week prior to the test.

You will have one week to reschedule and retake the test unless your illness is one that prevents you from retaking it in that time.

Class Involvement consists of:

- Attendance (being in the classroom)
- Class Participation (actively engaged in classroom discussions)
- Professionalism in Class (being attentive, prepared, and respectful)

Attendance Policy: You are expected to attend every class meeting and attendance is a factor in determining my evaluation for your class involvement. You are responsible for any material you might miss due to an absence.

Cases: Cases describe interesting marketing problems encountered by real firms. We use them as good examples that illustrate and apply marketing concepts and skills in the course. Cases also give you an opportunity to make and justify marketing decisions. In these cases, we will focus on identifying the marketing problems, introducing marketing concepts and skills that can help solve these problems, and applying these concepts and skills to recommend a course of action for the firm. There is no "right" answer to a case, but usually some answers are better than others. The strength of your reasoning and analysis is as important as your recommendations. We are not most concerned with what a firm did, since the firm may not have made a good decision, but rather how to analyze and solve the firm’s problem. Be sure and support your point of view with data from the case.

We will use cases to learn about elements of the strategic marketing mix, and about particular skills and techniques that create successful marketing strategy and tactics. I will supply a set of study questions for each case. Please read them carefully before starting a case, as they will help you focus your effort on important case topics. In class, we will discuss your answers to these study questions to help us better understand and organize the important issues in the case. Sometimes in the case discussion, I will also introduce new frameworks and techniques that help address the marketing problems in the case. The study questions do not always cover every important case issue, however.
The amount you learn from a case depends on how carefully you read and analyze it. You are expected to read each case thoroughly and come to class ready to contribute to case discussions. In many cases some of the material is, by design, not particularly relevant to the problem at hand, while the case omits other data you would like to have, and would try to obtain using market research or some other source, if you were the decision-maker. This can be a pain, but it does reflect the real world of business. Some of our discussion may revolve around what "missing information" we would like to have.

Case write-ups are to be done individually.

Analyzing a case:

While the case study questions are designed to help you focus on important case topics, you also should begin to establish your own, independent ability to analyze marketing situations. Analyzing cases is a good way to start developing this ability. A good case analysis should look at the following:

1. What are the important problems confronting this firm? This includes anticipating problems before they occur so the firm can take steps to prevent them, as well as identifying existing problems.
2. What information do you have that is useful for addressing these problems? What information would you like that you don’t have
3. What are the different solutions to these problems? What are the strengths and weaknesses of each solution?
4. Which solution would you choose, and why is it better than the others?
5. How would you implement this solution?
6. If a firm faces several problems, what are the relationships between them and between the solutions you have chosen? This is especially important in marketing, where each part of marketing strategy, and each part of the marketing mix, affects the others
7. Please use footnotes to indicate sources of data/information to support your point of view.

Case Assignments

The write-ups for “Harvard Business School Executive Education: Balancing Online and Offline Marketing” and “Customer Profitability and Customer Relationship Management at RBC Financial Group (Abridged)” will be a complete analysis for each and should be no longer than 7 pages with footnotes.

The grades will be assigned as follows:

A 90-100
B 80-89
C 70-79
D 60-69
F 59 or below

Student Rights and Responsibilities: Please carefully review the information at the following link:

http://www.westga.edu/assetsDept/vpaa/Common_Language_for_Course_Syllabi.pdf
The document at this link contains important information pertaining to your rights and responsibilities in this class.

**Americans with Disabilities Act**

Students with a documented disability may work with UWG Accessibility Services to receive essential services specific to their disability. All entitlements to accommodations are based on documentation and USG Board of Regents standards. If a student needs course adaptations or accommodations because of a disability or chronic illness, or if he/she needs to make special arrangements in case the building must be evacuated, the student should notify his/her instructor in writing and provide a copy of his/her Student Accommodations Report (SAR), which is available only from Accessibility Services. Faculty cannot offer accommodations without timely receipt of the SAR; further, no retroactive accommodations will be given.

**UWG Email Policy**

University of West Georgia students are provided a MyUWG e-mail account. The University considers this account to be an official means of communication between the University and the student. The purpose of the official use of the student e-mail account is to provide an effective means of communicating important university related information to UWG students in a timely manner. It is the student's responsibility to check his or her email.

**Credit Hour Policy**

The University of West Georgia grants one semester hour of credit for work equivalent to a minimum of one hour (50 minutes) of in-class or other direct faculty instruction AND two hours of student work outside of class per week for approximately fifteen weeks. For each course, the course syllabus will document the amount of in-class (or other direct faculty instruction) and out-of-class work required to earn the credit hour(s) assigned to the course. Out-of-class work will include all forms of credit-bearing activity, including but not limited to assignments, readings, observations, and musical practice. Where available, the university grants academic credit for students who verify via competency-based testing, that they have accomplished the learning outcomes associated with a course that would normally meet the requirements outlined above (e.g. AP credit, CLEP, and departmental exams).

For approximately fifteen weeks, students in this class will generally spend 150 minutes with direct faculty instruction (either face-to-face or online) and work about 360 minutes outside of the classroom each week. This out-of-class work may include, but is not limited to, readings, assignments, projects, group work, research, and test preparation.

**University of West Georgia Honor Code**
At the University of West Georgia, we believe that academic and personal integrity are based upon honesty, trust, fairness, respect, and responsibility. Students at West Georgia assume responsibility for upholding the honor code. West Georgia students pledge to refrain from engaging in acts that do not maintain academic and personal integrity. These include, but are not limited to, plagiarism, cheating, fabrication, aid of academic dishonesty, lying, bribery or threats, and stealing. The University of West Georgia maintains and monitors a confidential Academic Dishonesty Tracking System. This database collects and reports patterns of repeated student violations across all the Colleges, the Ingram Library, and the School of Nursing. Each incidence of academic dishonesty is subject to review and consideration by the instructor, and is subject to a range of academic penalties including, but not limited to, failing the assignment and/or failing the course. Student conduct sanctions range from verbal warning to suspension or expulsion depending on the magnitude of the offense and/or number of offenses. The incident becomes part of the student’s conduct record at UWG. Additionally, the student is responsible for safeguarding his/her computer account. The student’s account and network connection are for his/her individual use. A computer account is to be used only by the person to whom it has been issued. The student is responsible for all actions originating through his/her account or network connection. Students must not impersonate others, or misrepresent or conceal their identities in electronic messages and actions.
**Course Agenda:** All assignments are due by the beginning of the class period unless otherwise stated by the instructor.

- **Modification Details**
  - Payo 5006 (Advanced Human Science Methodologies) should no longer be a required class.

- **Rationale**
  - Course is redundant with material in another class.
  - We are also going to offer specialty methods courses in distinct qualitative methods (rather than another broad survey) so that students can get an in-depth exposure to methods that more closely reflect their interests and dissertation work.

CHECKLIST FOR PH.D. STUDENTS IN PSYCHOLOGY

1. Earn 60 credits in approved doctoral level courses.

   These requirements are in accordance with prevailing standards for psychology doctoral programs. At least 48 credits must be attained from the Psychology Department. The remaining 12 may, upon approval, be comprised of coursework from outside of the Psychology Department but within the University of West Georgia; 9 of these 12 hours can be transferred in from outside of the University, pending approval. Hours counted towards the completion of another degree will not transfer. At least 40 credits must consist of courses numbered 8000 or above. The remainder may include courses numbered 7000 or above. All required course credits are 4 hours with the exception of PYSC 9002 (which is 2 hours).

2. Earn credit for the following required courses named below. Other 8000 level courses require permission of instructor if required doctoral courses have not been completed.

3. Required 60 hours do not include dissertation hours.

4. No more than 9 credits of Independent Study (8581) can count towards the 60 required hours.
