Memorandum

To: General Faculty
Date: October 10, 2018
Regarding: Faculty Senate Agenda for October 12, 2018 in Nursing 106

1. Call to Order

2. Minutes
   A) Approval of Minutes from September 14, 2018 (Addendum I)

3. Committee Reports

   Committee I: Undergraduate Programs Committee (Jeffrey Zamostny, Chair)

   Action Items (Addendum II):
   A) College of Education
      1) Department of Early Childhood through Secondary Education
         a) ECSE 4785: Practicum III
            Request: Add
         b) Bachelor of Science in Education, Elementary Education
            Request: Modify
   B) College of Science and Mathematics
      1) Department of Biology
         a) BIOL 4986: Biological Internship
            Request: Modify
      2) Department of Chemistry
         a) CHEM 1211: Principles of Chemistry I
            Request: Modify
         b) CHEM 1212: Principles of Chemistry II
            Request: Modify
         c) CHEM 2411: Organic Chemistry I
            Request: Modify
         d) CHEM 3521: Quantum Chemistry
            Request: Modify
         e) CHEM 3550L: Physical Chemistry Laboratory
Request: Modify
f) **CHEM 4330K: Instrumental Analysis**
   Request: Modify

g) **CHEM 4913L: Advanced Synthesis Laboratory**
   Request: Modify

C) College of Social Science
   1) Department of Anthropology
      a) **ANTH 4983: Directed Research**
         Request: Modify

   2) Department of Mass Communications
      a) **Communication Studies Minor**
         Request: Add

D) Interdisciplinary Studies and Honors College
   1) Interdisciplinary Studies
      a) XIDS 2002: Medicine in the Greco-Roman Era (**Addendum III**)
         Request: Add

      b) XIDS 2100: Self-Concept and Identity (**Addendum IV**)

Committee II: Graduate Programs Committee (Colleen Vasconcellos, Chair)

Action Items:
A) Student Affairs
   1) Center for Adult Learners and Veterans
      a) Military Withdrawal Policy (**Addendum V**)
         Request: Modify

         *NB: this policy was concomitantly approved by Academic Policies*

Information Items:
A) College of Education
   1) Department of Educational Technology and Foundations
      a) **Online Teaching Endorsement** (**Addendum VI**)
         Request: Modify

Committee X: Rules Committee (Susana Velez-Castrillon)
A) UWG *Faculty Handbook*
1) Dismissal Process of a Faculty Member, 105 (Addendum VII)
   Request: Remove

B) UWG Academic Affairs Policies
   1) UWG Discipline and Grievance Procedure, 2.6 (Addendum VIII)
      a) Dismissal Process, 2.6.1
         Request: Approve

5. Old Business
6. New Business
7. Announcements
   A) Senate Liaison Reports
8. Adjournment
Addendum I
1. Call to Order

Chair Butler called the meeting to order at 3:02 p.m.

2. Roll Call and brief introduction of new Senators

Present:
Bertau, Branyon, Chwialkowska, Cormican, Dahms (Hunt, sub.), DeFoor, Dutt, Edelman, Elman, Faucette, Fleming, Geyer, Green, Hansen, Hoang, Hong, Johnson (Grant, sub.), McKendry-Smith, Merrem, Miller, Moon, Morris, Neely, Nickell, Pashia, Perryman (Council, sub.), Pidhainy, Reber, Rees, Robinson, Scremin, Snipes, Stanfield, Sterling, Tweraser, Vasconcellos, Velez-Castrillon, Wadlington, Zamonstny, and Zot

Absent:
Abrokwa, Barbour, Bohannon, Hipchen, Khodkar, Lee, Pencoe, Remshagen, Richter, and Rutledge

3. Minutes

A) April 27th meeting minutes were approved electronically on May 4th

4. Committee Reports

Committee I: Undergraduate Programs Committee (Jeffrey Zamostny, Chair)

Action Items:

A) College of Social Sciences

1) Mass Communications Department

a) COMM 3200 Rhetoric and Social Influence
   Request: Add

b) COMM 3320 Small Group Communication
   Request: Add

c) COMM 3340 Advanced Interpersonal Communication
   Request: Add
d) **COMM 3360 Intercultural Communication**  
   Request: Add

e) **COMM 4200 Communication and Gender**  
   Request: Add

f) **COMM 4210 Communication and Conflict**  
   Request: Add

g) **COMM 4220 Health Communication**  
   Request: Add

h) **COMM 4600 Communication Theory**  
   Request: Add

*Items a-h were presented as a block. All were approved unanimously.*

**Committee II: Graduate Programs Committee (Colleen Vasconcellos, Chair)**

**Action Items:**

A) College of Education
   1) Media, Instructional Technology
      a) **MEDT 7491 Implementation, Assessment, and Evaluation of Online Learning**  
         Request: Add
      b) **MEDT 7492 Leadership and Administration of Online Learning and e-Learning**  
         Request: Add

*Items a and b were presented together. Both were approved unanimously.*

B) Graduate School
   1) Graduate Faculty Approval Policy *(Figure One)*  
      Request: Modify

*Item was unanimously approved.*

**Information Items:**

A) College of Education
   1) Department of Leadership, Research, and School Improvement
      a) **Program Evaluation Certificate**  
         Request: Deactivate

   2) **Master of Education with a Major in Speech-Language Pathology**  
      Request: Modify
5. Old Business
6. New Business
7. Announcements

A) Fiber optic loop boring project, David Jenks

Dr. Jenks shared that there will be ongoing boring around campus this year, as crews work to install the new fiber optic loop. Elsa Pena, head of the project, has worked in tandem with academic leaders to ensure that boring is not done around classroom buildings during midterm or final examinations or during peak class meeting time. Should loud noise disrupt, faculty are encouraged to report.

B) Senate Liaison Reports

a) Tech Fees—Dr. Morris indicated that the Tech Fees committee has voted to maintain the $55 for students. Additionally, the Tech Fee Committee held two lengthy in-person meetings and participated in several e-mail exchanges to allocate $1.48 million in tech fee funds for projects submitted from UWG’s seven academic units, along with Student Affairs, University Advancement, and the Newnan campus. The committee received nearly $2 million in funding requests and was able to provide about 75% of those requested funds. Of the 64 project proposals submitted, the committee provided partial or full funding for 60 projects. Of import is also the earlier application deadline for next year’s Tech Fee project funding. During AY 17/18 (FY 18), the submissions were due in January and early February. This AY, information about the application process was sent in July, and faculty will be encouraged to submit their applications in November and December, with the final application deadline set for early January.

b) Convocation—Dr. Fleming reported that the committee met to debrief summer’s graduation. They will begin discussing any proposed optimizations to spring graduation at future meetings this AY.

C) VPAA Announcements

Dr. Crafton reminded colleagues of the Town Hall scheduled for September 19th at 10:00 a.m. in the Campus Center Ballroom.
At Chair Butler’s request, Provost Crafton also discussed briefly his charge that the Executive Committee’s chairs propose ways for standing committees to address climate concerns, particularly those of adjuncts and limited-term instructors.

8. Adjournment

The meeting was adjourned at 3:31 p.m.

Respectfully Submitted,

Angela Insenga
Professor of English
Executive Secretary to the Faculty Senate and General Faculty
Proposed Graduate Faculty Policy and Procedure

There are two categories of Graduate Faculty: Member and Affiliate. Members of the Graduate Faculty are professorial faculty on tenured or tenure-track appointments and are appointed to Graduate Faculty status upon appointment. Affiliate Graduate Faculty status includes faculty emeriti, research appointees, limited-term, adjunct, instructor, lecturer, or part-time faculty who may appropriately teach graduate classes and serve on thesis and dissertation committees. Affiliate status can also be used to recognize outstanding scholars, including those who work in government agencies, private industry, healthcare, and education who are not full-time employees of the University of West Georgia but who participate on thesis and dissertation committees. To award Affiliate Graduate Faculty status, a notification form must be completed. The Dean of the college or school that houses the academic program that wants to grant Affiliate Graduate Faculty status makes the final decision regarding that status. Affiliate Graduate Faculty status is valid for three years. The status may be renewed.

Affiliate Graduate Faculty Appointment

Name of Faculty Member: _____________________________________
Department or Program: ____________________________________________
Graduate program(s) to which the candidate will contribute: _________________
_________________________________________________________________
Relevant Degree(s) earned: ____________________________________________
Academic Rank and Title (if faculty member at UWG or elsewhere): ______________
_________________________________________________________________
Request for graduate faculty appointment must be submitted upon appointment and renewed every three years.

This form should be accompanied by a current CV of the affiliate faculty candidate and a statement describing the special expertise that the faculty member brings to the position.

Privileges and responsibilities of affiliate graduate faculty:
• May engage in instructional activities at the graduate level with appropriate credentials or relevant experience
• May serve as a member of thesis committees but may not chair

Terms and criteria:
• Affiliate graduate faculty status is granted for a renewable, three-year term based on evidence of expertise or knowledge that is directly relevant and applicable to the graduate program in which the individual will be serving
• Expertise is defined in terms of recent activities recognized by the focal area as indicative of excellence. Appropriate indicators may include but are not limited to: terminal degrees in focal or relevant areas; professional certification and/or experience; licensure; record of professional practice; demonstrated professional excellence through performances, exhibitions, presentations, professional publications, or national awards.

Addendum II
ECSE - 4785 - Practicum III
2018-2019 Undergraduate New Course Request

Curriculum Proposal

Course Prefix*  
ECSE

Course Number*  4785

Course Title*  Practicum III

Long Course Title  Practicum III

Lec Hrs*  0

Credit Hrs*  2

Lab Hrs*  4

Course Type*  Early Childhood / Elementary Education

Early Childhood through Secondary Education

College - School/Department*  
College of Education

Department of Early Childhood through Secondary Education

Catalog Course Description*  This course is designed to engage students in clinical experiences in both general and special education. Students are placed in a designated early childhood/elementary site with half a semester in a traditional general education classroom and half a semester with a SPED teacher (inclusion classrooms or resource models). At the end of Block 3, teacher candidates choose to stay in the traditional classroom or to stay with the SPED teacher and follow their schedule. Requirements include observing children and planning and implementing learning activities for students with and without disabilities under the supervision of a qualified supervisor.

Is this a General Education course?*  Yes  No

If yes, which area(s) (check all that apply):  
- Area A
- Area B
- Area C
- Area D
Is this a School of Nursing course?* Yes ☑ No ☐

Desired Effective Semester* Spring

Frequency 2

Is this a College of Education course?* Yes ☑ No ☐

Desired Effective Year* 2019

Grading* Satisfactory/Unsatisfactory - No IP

Student Learning Outcomes Students will:

1. Develop observational skills and observe classroom practices and learning environments;
   (Cruikshank, Jenkins, & Metcalf, 2005)
   (Standards: INTASC 1, 3; ACEI 1.0; PSC 4.1)

2. Apply theoretical academic concepts from related courses to actual practices in the classroom;
   (Darling-Hammond, L., & Bransford, 2005)
   (Standards: INTASC 1, 3, 4; ACEI 2.1, 2.5, 2.6; PSC 1.1, 1.2, 1.3, 1.6)

3. Reflect on initial experiences as a practitioner; and
   (Darling-Hammond, L., & Bransford, 2005)
   (Standards: INTASC 9; ACEI 5.1; PSC 4.4)

4. Develop and review effective teaching skills through a variety of instructional designs.
   (Cruikshank, Jenkins, & Metcalf, 2005)
   (Standards: INTASC 7; ACEI 3.1, 3.4; PSC 2.1, 2.2, 2.3, 2.4, 2.5, 2.6, 4.2)

Rationale* The previous program of study did not provide the enrolled teacher candidates with a clinical experience in Block I. A clinical experience is needed to gain the maximum benefit from program courses in Block I and to begin the development of classroom management skills and lesson implementation. To provide the added field experience, ECSE 4783 was moved to Block I. Consequently, ECSE 4784 was moved to Block II. Finally, a new practicum course was needed in Block III to account for the added practicum in Block I.

Prerequisites ECSE 4784

Corequisites

Cross-listing

Restrictions Admission to Teacher Education. Completed application for field experience.

May be repeated

Fee* $40.00 flat fee
Fee Justification

Planning Info*  
- Library Resources are Adequate
- Library Resources Need Enhancement

Present or Projected Annual Enrollment

COE Vision
The College of Education at the University of West Georgia will be recognized for Leading a New World of Learning, with relevant and innovative programs that change lives and contribute to the betterment of society.

COE Mission
Locally connected and globally relevant, the Mission of the College of Education is to prepare graduates for meaningful, professional careers in diverse settings. With three dynamic areas of
focus – Educator Preparation, Clinical Practice, and Human Performance – and programs that range from undergraduate through doctoral study, we are committed to excellence in teaching, professional service, engaged partnerships, and applied research

COURSE INFORMATION

Course Description

This course is designed to engage students in clinical experiences in both general and special education. Students are placed in a designated early childhood/elementary site with half a semester in a traditional general education classroom and half a semester with a SPED teacher (inclusion classrooms or resource models). At the end of Block 3, teacher candidates choose to stay in the traditional classroom or to stay with the SPED teacher and follow their schedule. Requirements include observing children and planning and implementing learning activities for students with and without disabilities under the supervision of a qualified supervisor.

Prerequisites: Admission to Teacher Education. Completed Field Experience application. ECSE 4784 Practicum II.

** Documents for use by Cooperating Teachers, Teacher Candidates, and University Supervisors can be accessed online Wiki or TK20
http://earlychildhoodfieldexperience.wiki.westga.edu/

Suggested Text(s) None

Required Instructional Resource: Tk20 Subscription (available at the University Bookstore or at http://westga.tk20.com/campus Toolshighered/start.do.)

**If you have purchased a subscription previously, DO NOT re-subscribe. For more information about this resource, see http://www.westga.edu/academics/education/tk20-system.php. For assistance, email tk20@westga.edu.

Course References

Approaches to Instruction

Coaching and mentoring will be provided by university supervisors and mentor teachers. Online information will be available via Course Den, wikis, Google Drive and email.

This course will be taught 100% face-to-face.

Additionally, it is anticipated that students will need to work independently for twice the number minutes listed above to complete the online activities.

Course Objectives and Learning Outcomes

Students will:

1. Develop observational skills and observe classroom practices and learning environments;
   (Cruikshank, Jenkins, & Metcalf, 2005)
   (Standards: INTASC 1, 3; ACEI 1.0; PSC 4.1)

2. Apply theoretical academic concepts from related courses to actual practices in the classroom;
   (Darling-Hammond, L., & Bransford, 2005)
   (Standards: INTASC 1, 3, 4; ACEI 2.1, 2.5, 2.6; PSC 1.1, 1.2, 1.3, 1.6)

3. Reflect on initial experiences as a practitioner; and
   (Darling-Hammond, L., & Bransford, 2005)
   (Standards: INTASC 9; ACEI 5.1; PSC 4.4)

4. Develop and review effective teaching skills through a variety of instructional designs.
   (Cruikshank, Jenkins, & Metcalf, 2005)
   (Standards: INTASC 7; ACEI 3.1, 3.4; PSC 2.1, 2.2, 2.3, 2.4, 2.5, 2.6, 4.2 )

**Grading**

Candidates will receive a grade of Satisfactory or Unsatisfactory for the practicum as reflected on the *Practicum Evaluation Sheet* document completed by the University Supervisor.

**Grading Rubrics/ Evaluation Procedures:**
Lesson Observations:
The Cooperating Teacher and the University Supervisor will each observe a minimum three lesson and complete lesson observation form in TK20 for each field placement. The University Supervisor may ask you to teach lessons.

Conferences:
At the end of each placement during the semester, the student will have the opportunity to participate in a conference that includes the mentor teacher and the university supervisor. Items from the Candidate Assessment on Performance Standards (CAPS), the evaluation instrument for Early Childhood Education candidates and Dual Certification candidates will be discussed at the conference. This instrument provides a comprehensive evaluation of the student’s demonstrated knowledge, pedagogy and disposition. Progress may be based upon such documents as class observation logs, reflection, student observation and profiles, model lesson plans, teaching performance in the field (Candidate Assessment on Performance Standards (CAPS) and Observation forms)
The Professional Behaviors and Dispositions Assessment will be completed by both the Cooperating teacher and the University Supervisor and uploaded to TK20.

Additional documentation as needed: Should a student demonstrate problems; additional conferences may be conducted with the student throughout the semester. In addition, the university supervisor or the mentor teacher may request additional lesson plans, changes to existing lesson plans or other documents designed to support the student in improving the weak area.

University and Assigned School Breaks – For candidates in Blocks I, II, and III, university breaks and school breaks are not counted as absences.

Professional Development Days – For all blocks, candidates must attend teacher workdays that fall on their field experience days.

CLASS, DEPARTMENT, AND UNIVERSITY POLICIES

University of West Georgia students are provided a MyUWG e-mail ACADEMIC SUPPORT As of July 1, 2017, “campus carry” is in effect at all public universities in Georgia. There are several restrictions to this law, which are explained at http://www.usg.edu/hb280. Answers to specific questions can be found under the “Additional Information” tab.

For important policy information on the UWG Honor Code, Email, and Credit Hour policies, as well as information on Academic Support and Online Courses, please review the information found in the Common Language for Course Syllabi documentation https://www.westga.edu/UWG Syllabus Policies/. Additions and updates are made as institution, state, and federal standards change, so please review it each semester. In addition to the above information, the following policies apply to this course.

Academic Honesty: All work completed in this course must be original work developed this semester. Students are expected to adhere to the highest standards of academic honesty.
Plagiarism occurs when a student uses or purchases ghostwritten papers. It also occurs when a student utilizes ideas or information obtained from another person without giving credit to that person. If plagiarism or another act of academic dishonesty occurs, it will be dealt with in accordance with the academic misconduct policy as stated in the latest Student Handbook and the Graduate Catalog.

**Attendance:** There are no "excused" absences in the field. If you need to be absent, you MUST NOTIFY YOUR UNIVERSITY SUPERVISOR, COOPEERTING TEACHER, AND SCHOOL ASAP. All missed days/ assignments in the field must be made up by the graduation date of that semester. Please work in coordination with your supervising teacher to schedule make up days and notify your university supervisor of your plans. Failure to make up work can impact your grade in this course. Additionally, failure to execute an assigned lesson could impact your grade in other Block II courses.

**Extra Credit:** No extra credit assignments will be accepted. Work completed for credit in any other class will not be accepted for credit in this class. Lessons written in other Block 1 classes will be executed during your field experience.

**Late Work:** Discuss with University Supervisor.

**Professional Conduct:** Students are expected to exhibit professional behaviors at all times while in the university classroom and out in the field. Additionally, professional behaviors are expected when interacting with faculty members and other professionals, in both verbal and written forms. You will follow guidelines and policies set in the Field Experience Handbook and the MOU. Leave cell phones in purse or book bags while you are with students.

**Additional Support Information**

**Center for Academic Success**
The Center for Academic Success (CAS) provides services, programs, and opportunities to help all undergraduate students succeed academically. The CAS offers free appointment-based peer tutoring in core courses, as well as supplemental instruction (SI)—which is peer-facilitated collaborative learning—in a variety of disciplines. Students seeking help with study skills and strategies can attend workshops through the Academic Success Workshop series, or work individually with either a staff or peer Academic Coach. The Center for Academic Success is located in UCC 200, and can be reached at 678-839-6280 or the email address is cas@westga.edu.

**UWG Cares**
If you or someone you know is in a distressing situation, support is available at http://www.westga.edu/UWGCaes/. The website contains access to helpful resources and phone numbers related to emergency or crisis situations and safety concerns, medical concerns, multicultural, psychological and personal issues and interpersonal conflict.
Student Services
Click on the following link Student Services for a listing of all services available to students at UWG.

Communication Rules
Communication Rules: The University Supervisor will let you know at Orientation the best way to contact them, submit lesson plans and reflections, and you have questions or concerns.

Network Etiquette - Communication in an online environment takes special consideration. Consider including a list of tips as described below.

- Be sensitive and reflective to what others are saying.
- Don't use all caps. It is the equivalent of screaming.
- Don't flame - These are outbursts of extreme emotion or opinion.
- Think before you hit the post (enter/reply) button. You can't take it back!
- Don't use offensive language.
- Use clear subject lines.
- Don't use abbreviations or acronyms unless the entire class knows them.
- Be forgiving. Anyone can make a mistake.
- Keep the dialog collegial and professional.

Expected Response Times
The University Supervisor will make every attempt to contact you within 24 hours for immediate field placement issues. For non-emergency concerns, please allow the Supervisor 48 hours to answer emails.

Class Schedule Information
Block Three teacher candidates are in field placement schools on Mondays, Wednesdays, and Fridays. You are to follow teacher contract hours at the school.

Program Learning Outcomes

1.0 Development, Learning, and Motivation: Candidates know, understand, and use the major concepts, principles, theories, and research related to the development of children and young adolescents to construct learning opportunities that support individual students' development, acquisition of knowledge, and motivation (ACEI 1).

2.1 Reading, Writing, and Oral Language: Candidates demonstrate a high level of competence in use of English language arts and they know, understand, and use concepts from reading, language, and child development, to teach reading, writing, speaking, viewing, listening, and thinking skills and to help students successfully apply their developing skills to many different situations, materials, and ideas.

2.2 Science: Candidates know, understand, and use fundamental concepts of physical, life, and earth/space sciences. Candidates can design and implement age-appropriate inquiry lessons to teach science, to build student understanding of personal and social applications, and to convey the nature of science.

2.3 Mathematics: Candidates know, understand, and use the major concepts and procedures that define number and operations, algebra, geometry, measurement, and data analysis and probability. In doing so they consistently engage in problem-solving, reasoning and proof, communication, connections, and representation.

2.4 Social Studies: Candidates know, understand, and use the major concepts and modes of inquiry from the social studies, the integrated study of history, geography, the social sciences, and other related areas to promote elementary students' abilities to make informed decisions as citizens of a culturally diverse democratic society and interdependent world.

2.5 The Arts: Candidates know, understand, and use as appropriate to their own understanding and skills-the content, functions, and achievements of dance, music, theater, and the several visual arts as primary media for communication, inquiry, and insight among elementary students.

2.6 Health Education: Candidates know, understand, and use the major concepts in the subject matter of health education to create opportunities for student development and practice of skills that contribute to good health.

2.7 Physical Education: Candidates know, understand, and use as appropriate to their own understanding and skills-human movement and physical activity as

3.1 Integrating and applying knowledge for instruction: Candidates plan and implement instruction based on knowledge of students, learning theory, subject matter, curricular goals, and community.

3.2 Adaptation to diverse students: Candidates understand how elementary students differ in their development and approaches to learning and create instructional opportunities that are adapted to diverse students.

3.3 Development of critical thinking, problem-solving, performance skills: Candidates understand and use a variety of teaching strategies that encourage elementary students' development of critical thinking, and problem-solving.
3.4 Active engagement in learning: Candidates use their knowledge and understanding of individual and group motivation and behavior among students at the K-6 level to foster active engagement in learning, self-motivation, and positive social interaction and to create supportive learning environments.

3.5 Communication to foster collaboration: Candidates use their knowledge and understanding of effective verbal, nonverbal, and media communication techniques to foster active inquiry, collaboration, and supportive interaction in the elementary classroom (ACEI 3).

4.0 Assessment for instruction: Candidates know, understand, and use formal and informal assessment strategies to plan, evaluate and strengthen instruction that will promote continuous intellectual, social, emotional, and physical development of each elementary student (ACEI 4).

5.1 Professional growth, reflection, and evaluation: Candidates are aware of and reflect on their practice in light of research on teaching and resources available for professional learning; they continually evaluate the effects of their professional decisions and actions on students, parents, and other professionals in the learning community and actively seek out opportunities to grow professionally.

5.2 Collaboration with families, colleagues, and community agencies: Candidates know the importance of establishing and maintaining a positive collaborative relationship with families, school colleagues, and agencies in the larger community to promote the intellectual, social, emotional, physical growth, and well-being of children.

5.4 Collaboration with colleagues and the community: Candidates foster relationships with school colleagues and agencies in the larger community to support students' learning and well-being (ACEI 5).

**Modification Comments**

Learning Outcomes were not edited, but were added to be included in the catalog.

This request includes changes in the Professional Education courses offered in the B.S. Ed. in Early Childhood Education - Dual Certification Track as well the course sequence.

There is also a proposal to add ECSE 4785 - Practicum III in Curriculog.

**Block I Modifications**

1. Move ECSE 4783 - Practicum I to Block I
The previous program of study did not provide the enrolled teacher candidates with a clinical experience in Block I.
A clinical experience is needed to gain the maximum benefit from program courses in Block I and to begin the development of classroom management skills and lesson implementation.

2. Change in course sequence
READ 3251 was moved from the summer to Block I and SPED 3702 was moved from Block I to summer

**Block II Modifications**

1. Move ECSE 4784 Practicum II to Block II

**Block III Modifications**

1. Add ECED 4251L - Assess & Corr: Math Ed
This course was inadvertently omitted from the original program sheet. This course is the lab course for ECED 4251. Students complete a clinical experience in the Comprehensive Community Clinic as a part of this block.
2. Add course ECSE 4785 – Practicum III
A new practicum course was needed to account for the added practicum in Block I.

3. Replace MATH 4713 with EDRS 4042
In consultation with P-5 school partners and mathematics education faculty in the Mathematics Department, the decision was made to replace MATH 4713: Probability and Statistics for P-8 Teachers. Field experience data from school partners indicate our teacher candidates need a greater understanding of classroom assessment data and its uses in making instructional decisions. Additionally, the newly revised Georgia Standards of Excellence (GSE) moved the data analysis and probability content taught in MATH 4713 to the middle grades GSE standards.

4. Change in course sequence
READ 3263 was moved from summer to Block III and EDRS 4042 was moved from Block III to summer.

5. Substitute SPED 4713 for SPED 4712
In consultation with special education faculty and P-5 school partners, it was deemed the content of SPED 4713 addresses student learning outcomes not sufficiently addressed in the current program of study (PSC Rule 505.3.56 (vii) Collaboration (1 – XXII)) whereas the content of SPED 4712 overlaps with the content of ECSE 4764, READ 4251 and READ 3251.

Block IV Modification
1. Delete MEDT 3401
The Georgia Professional Standards Commission and national accreditation organizations such as the Council for the Accreditation of Educator Preparation (CAEP) and the International Society for Technology in Education (ISTE) support educator preparation models where technological knowledge and skills are developed in courses throughout a program of study rather than depending on a single, discrete course to develop student teachers’ abilities. A discrete, designated technology course in and of itself can no longer satisfy accreditation or certification requirements. Current teacher preparation standards recommend that technology standards for educators, such as those published ISTE, be met through an integrated approach in which both content and pedagogical courses throughout the program of study prepare preservice teachers for the effective use of technology.

**Rationale**

Evaluative feedback from program faculty and students on the newly adopted B. S. Ed. program in Early Childhood Education, as well as changes in certification requirements, has resulted in the need to modify the dual certification track of the existing B.S. Ed. in Education in Early Childhood Education – Dual Certification Track. The modifications include increasing clinic experience hours to better align with the hours completed by the traditional track and best practices, modifying the course sequence, modifying two practicum course titles, adding a Block I field experience course, adding the course ECED 4251L replacing MATH 4713 with EDRS 4042 and deleting MEDT 3401. These modifications will give candidates the clinical hours and additional courses needed to be optimally prepared for the teaching profession. Additional explanations are also included in the program modification attachment.
Semester*: Spring  
Year*: 2019  
Is this a School of Nursing Program*: Yes  
Is this a College of Education Program*: Yes  
Program Location*: Carrollton  
Prospective Curriculum*: Requirements

Core Requirements

Core Curriculum

Core Area A (Essential Skills): 9 Hours (a)

MATH 1111 College Algebra
is recommended (b)

Core Area B (Institutional Priorities): 5 Hours

COMM 1110 Public Speaking
is recommended (a)

Core Area C (Humanities/Arts): 6 Hours

ENGL 2110 World Literature  
ENGL 2120 British Literature  
(or)  
ENGL 2130 American Literature
is recommended
Core Area D (Science, Math, Technology): 10 Hours

Science (lab) 4

BIOL 1010 Fundamentals of Biology
is recommended
BIOL 1010L Fundamentals of Biology Laboratory
Science 3
is recommended
GEOL 1121 Introductory Geosciences I: Physical Geology
Math, Science, & Quantitative Technology 3
is recommended

Core Area E (Social Sciences): 12 Hours

GEOG 1013 World Geography
is recommended

Core Area F (Program Related Courses): 18 Hours (a)

EDUC 2110 Investigating Critical and Contemporary Issues in Education
EDUC 2120 Exploring Sociocultural Perspectives on Diversity in Educational Contexts
EDUC 2130 Exploring Learning and Teaching
ISCI 2001 Life and Earth Science
ISCI 2002 Physical Science
MATH 2008 Foundations of Numbers and Operations

Physical Education Requirement: 3 Hours

PWLA 1600 Personal Wellness
PWLA (activity course) 1

Courses Required for the Degree (a,c)
TRADITIONAL CONCENTRATION

Professional Education: 66 Hours

Block I: 17 Hours

CEPD 4101 Educational Psychology
ECED 3271 Integrating Curriculum, Instruction, and Classroom Management for Pre K-5 Classrooms
ECED 3282 Practicum I
(d)
PHED 4650 Health and Physical Activity in Elementary Education
MATH 3803 Algebra for P-8 Teachers I
ECED 3214 Exploratory Activities in Music and the Fine Arts
READ 3251 Children's Literature

Block II: 17 Hours

MATH 3703 Geometry for P-8 Teachers
ECED 4261 Teaching Content and Process: Social Studies Education
ECED 4262 Teaching Content and Process: Science Education
ECED 4263 Teaching Content and Process: Mathematics Education
ECED 4283 Practicum II
(d)
READ 3262 Teaching Content and Process: Reading Education

Block III: 18 Hours

ECED 4251 Assessment and Correction Mathematics Education
ECED 4251L Assessment and Correction Clinical Lab
ECED 4284 Practicum III
(d)
MATH 4713 Probability and Statistics for P-8 Teachers
READ 3263 Teaching Content and Process: Integrated Literacy Education
and Process Writing
READ 4251 Assessment and Correction Reading Education
SPED 3715 The Inclusive Classroom: Differentiating Instruction

Block IV: 12 Hours

ECED 4286 Teaching Internship
dECED 4289 Teaching Internship Seminar

Summer: 2 Hours

MEDT 3402 Integrating Technology into the Classroom

DUAL CERTIFICATION CONCENTRATION

Professional Education: 66 Hours

Block I: 16 Hours

CEPD 4101 Educational Psychology
SPED 3713 Introduction to Special Education and Mild Disabilities
SPED 4710 Ethics, Policies, and Procedures in Special Education
ECSE 3214 Exploratory Curriculum for Pre-K-5 Classroom
MATH 3803 Algebra for P-8 Teachers I
READ 3251 Children’s Literature
ECSE 4783 Practicum I

Block II: 16 Hours
MATH 3703 Geometry for P-8 Teachers
ECSE 4761 Teaching Content and Process: Social Studies Dual Certificate
ECSE 4762 Teaching Content and Process: Science Dual Certificate
ECSE 4763 Teaching Content and Process: Math Dual Certificate
ECSE 4764 Teaching Content and Process: Literacy Dual Certificate
(d)
ECSE 4784 Practicum II

**Block III: 16 Hours**

SPED 3714 Behavior and Classroom Management
READ 3263 Teaching Content and Process: Integrated Literacy Education and Process Writing
SPED 4712 Language, Communication and Technology: Mild Disabilities

Admission to Teacher Education

Candidate signature: ____________________________________________

Advisor signature: ____________________________________________

Date: ________________________________
Rationale for the Modification of the Bachelor of Science in Education in Early Childhood Education Degree Program

Evaluative feedback from program faculty and students on the newly adopted B. S. Ed. program in Early Childhood Education as well as changes in certification requirements has resulted in the need to modify the dual certification track of the existing B. S. Ed. in Education in Early Childhood Education. The modifications include: increasing clinical experience hours to better align with the hours completed by the Elementary Education track and best practices, modifying the course sequence, modifying two practicum course titles, adding a Block III field experience course, adding the course ECED 4251L; substituting SPED 4713 for SPED 4712 and deleting MEDT 3401. Both professional associations and accrediting bodies support educator preparation models where technological knowledge and skills are embedded in courses throughout the program of study rather than left to be acquired in a single, standalone course. These modifications will give candidates the clinical hours and programming needed to be optimally prepared for the teaching profession.

Block I Modifications

1. Move ECSE 4783 – Practicum I to Block I

   The previous program of study did not provide the enrolled teacher candidates with a clinical experience in Block I. A clinical experience is needed to gain the maximum benefit from program courses in Block I and to begin the development of classroom management skills and lesson implementation.

2. Change in course sequence

   READ 3251 was moved from the summer to Block I and SPED 3702 was moved from Block I to summer

Block II Modifications

1. Move ECSE 4784 Practicum II to Block II

Block III Modifications

1. Add ECED 4251L - Assess & Corr: Math Ed

   This course was inadvertently omitted from the original program sheet. This course is the lab course for ECED 4251. Students complete a clinical experience in the Comprehensive Community Clinic as a part of this block.

2. Add course ECSE 4785 – Practicum III

   A new practicum course was needed to account for the added practicum in Block I.

3. Replace MATH 4713 with EDRS 4042

   In consultation with P-5 school partners and mathematics education faculty in the Mathematics Department the decision was made to replace MATH 4713: Probability and Statistics for P-8 Teachers. Field experience data from school partners indicate our teacher candidates need a greater understanding of classroom assessment data and its uses in making instructional decisions. Additionally, the newly revised Georgia Standards of Excellence (GSE) moved the data analysis and probability content taught in MATH 4713 to the middle grades GSE standards.

4. Change in course sequence

   READ 3263 was moved from summer to Block III and EDRS 4042 was moved from Block III to summer

5. Substitute SPED 4713 for SPED 4712
In consultation with special education faculty and P-5 school partners, it was deemed the content of SPED 4713 addresses student learning outcomes not sufficiently addressed in the current program of study (PSC Rule 505.3.56 (vii) Collaboration (I – XXII)) whereas the content of SPED 4712 overlaps with the content of ECSE 4764, READ 4251 and READ 3251.

Block IV Modification

1. Delete MEDT 3401

The Georgia Professional Standards Commission and national accreditation organizations such as the Council for the Accreditation of Educator Preparation (CAEP) and the International Society for Technology in Education (ISTE) support educator preparation models where technological knowledge and skills are developed in courses throughout a program of study rather than depending on a single, discrete course to develop student teachers’ abilities. A discrete, designated technology course in and of itself can no longer satisfy accreditation or certification requirements. Current teacher preparation standards recommend that technology standards for educators, such as those published ISTE, be met through an integrated approach in which both content and pedagogical courses throughout the program of study prepare pre-service teachers for the effective use of technology.
BIOL - 4986 - Biological Internship

2018-2019 Undergraduate Revise Course Request

Curriculum Proposal

Course Prefix*  BIOL

Course Number*  4986

Course Title*  Biological Internship

Long Course Title

Lec Hrs* 0

Credit Hrs* 1.0 - 6.0

Lab Hrs* 1.0 - 6.0

Course Type*  Biology

College - School/Department*  Department of Biology

Catalog Course Description*  Students wishing to enter an internship experience will be provided with a written statement of understanding, defining the nature of the experience and the expectations for student performance. The degree of involvement for the particular experience will be used to determine credit hours received. Variable Credit Course 1-6 hours.

Frequency 3

Grading*  Undergraduate Standard Letter

Modifications (Check all that apply)*

Revised Course Title

Revised Prerequisites
Completion of Biol 2107 and Biol 2108 or equivalents.

Revised Corequisites

Revised Cross-listing

Revised Catalog Description
Students wishing to enter an internship experience should discuss with their academic advisor the procedure for arranging the internship and the expectations for student performance. Credit hours received will be determined by the amount of time devoted to the internship. Variable Credit Course 1-4 hours. May be repeated for up to 12 hours.

Revised Credit Hours
1-4

Revised Student Learning Outcomes

Revised Restrictions
Instructor approval required.

Revised Fee

Revised Frequency

Revised Grading

Revised - May be repeated

Modification Comments*
Changes in description, credit hours, and prerequisites.

1. Description: We have recently standardized our procedures for arranging internships and have appointed an internship coordinator. We want interested students to start by contacting their academic advisor, who will then direct them to the internship coordinator to find out the procedures and expectations and to obtain the paperwork to be completed. The description was modified so students will know exactly who to start their inquiries with; they will find out the procedures from the internship coordinator so describing them in the course description is not necessary.

2. Credit hours: We reduced the maximum amount of credit that can be earned in one term from 6 to 4. Many students do their internships during an
academic term, and we want to ensure that they do not spend so much time at their internships that their coursework suffers.

3. Prerequisites: Biol 4986 previously had no prerequisites, but we view an internship as an opportunity for a student to enhance and broaden their experience while still in school and not as a way to merely increase credit hours taken. We want students to have had some biology coursework beforehand. We have found that students with some biology experience benefit the most from their internships. We have found that students who are doing better in their classes tend to also benefit the most from their internship experiences than those who are not.

Modification
Comments:

We would like to add CHEM 1212L to the prerequisites for CHEM 2411. As of
right now, a chemistry major could fail CHEM 1212L, and the department
would not realize it until the student was getting ready to graduate.

Many students take CHEM 1212+L as summer transient students at other
universities. They require a prerequisite override in order to register for CHEM
2411 for the fall. With CHEM 2411L as a concurrent prerequisite, those
students have been able to use the override to register for the lecture without
the lab. By switching CHEM 2411L to a co-requisite students will not be able
to do that anymore.

CHEM - 3550L - Physical Chemistry Laboratory
2018-2019 Undergraduate Revise Course Request

Curriculum Proposal

Course Prefix*  CHEM
Course Number*  3550L

Course Title*  Physical Chemistry Laboratory
Long Course Title  Physical Chemistry Laboratory
Lec Hrs*  0
Credit Hrs*  2
Lab Hrs*  4
Course Type*  Chemistry

College - School/Department*  Department of Chemistry

Catalog Course Description*  In this course, students will demonstrate their understanding of the physical basis and general applications of experimental techniques in physical chemistry. In particular, they will demonstrate their ability in applying the theories from thermodynamics, kinetics, quantum mechanics and spectroscopy to interpret experimental data. They will also learn how to maintain a laboratory notebook - collect data in a professionally acceptable way. Finally, they will demonstrate their ability to communicate their data and results to others.

CHEM - 4330K - Instrumental Analysis
2018-2019 Undergraduate Revise Course Request

Curriculum Proposal

Course Prefix*  CHEM
Course Number*  4330K
Course Title*  Instrumental Analysis

Long Course Title

Lec Hrs*  3
Credit Hrs*  4
Lab Hrs*  1
Course Type*  Chemistry

College - School/Department*  Department of Chemistry

Catalog Course Description*  This is a course designed for chemistry majors that covers the use of instrumentation for chemical analysis. Topics will include optical spectroscopy, NMR, mass spectrometry and selected topics in polarimetry, voltammetry and chromatography. In this class, we will discuss the theory behind the analysis (with a strong emphasis on quantum mechanics and spectroscopy), instrumental operation (that covers the electronics and optical components of instruments), and the data analysis and interpretation (which includes signal processing, Fourier transformation, and statistical analysis). There is a three hour laboratory component to the course. Laboratory exercises will familiarize students with electronics, applications of spectroscopy, chemical instrumentation and data analysis.

Revised Grading

Modification Comments*
Because of changes to the ACS curriculum, we no longer intend to offer CHEM 4611. There are now multiple courses that meet the physical chemistry requirement, so students can choose between CHEM 3521, 3522, or 3523.

CHEM 4330K is only required for the ACS track; Physics 2 and Calculus 2 are also required for the ACS track. The professors would like students to complete Physics 2 and Calculus 2 before attempting this course.

Communication Studies

2018-2019 Undergraduate New Program Request

Curriculum Proposal

Type of Program
- Program
- Shared Core

Program Type
- Minor

Degree Type
- Minor

Program Name
- Communication Studies

College - School/Department
- College of Social Sciences
- Department of Mass Communications

Program Description
The Communication Studies minor requires 15 hours of coursework which includes COMM 1110 - Public Speaking and 12 credit hours of upper-level courses from the list of course options listed below.

Rationale
The proposed Communication Studies minor (CS) is the first stage in development of a major. It would also offer UWG students in various fields of study, particularly RCOB and COSS majors, additional instruction in essential communication theories and communication skills, and give them a competitive edge in their careers. Additionally, market data indicate that CS would facilitate impending 2 plus 2 programs with Georgia Highlands College at the Douglasville campus. Courses could be taught at the Douglasville and Carrollton campuses and online. Moreover, CS would also advance USG Chancellor Dr. Steve Wrigley’s “College 2025’ - an initiative to help the USG and its institutions maintain cost affordability and academic quality, while preparing graduates for the workforce and as productive members of their communities.” CS courses would meet all three of these major initiatives—cost affordability of course materials, academic quality and preparation of graduates for the workforce and as productive members in their communities. The theories behind communication events also allow adaptation to changing world situations and the potential to help reduce international and intercultural communication difficulties in a world community. CS provides theory and training in effective communication skills for success in an interoperable and changing workforce. In regard to faculty needs, the CS minor will not require any additional faculty. Currently five communication faculty primarily teach Public Speaking and repeat sections of 2-3 upper-level COMM courses each semester, including Advanced Communication, Persuasion, and most of the proposed CS courses as Special Topics; and all courses typically fill, which reflects demand. Therefore, communication faculty would continue this practice and offer all nine CS courses on a 2-3 semester rotation without decreasing Public Speaking seats.
Program Learning Outcomes:
- SLO 1: Students will be able to demonstrate the ability to give an effective presentation.
- SLO 2: Students will be able to describe a communication theory in detail.
- SLO 3: Students will be able to apply communication theories to analyze a communication context.
  Not provided in CSS.

Is this a School of Nursing Program?*  ☑ Yes  ☐ No

COMMUNICATION STUDIES MINOR
COURSE NUMBERS AND DESCRIPTIONS

COMM 3200: Rhetoric and Social Influence
Credits: 3.00
The course is designed to provide students with an understanding of rhetoric in the context of social influence. In addition to identifying key concepts of rhetorical analysis, the course includes evaluation of communicative strategies and tactics of social justice movements. The course also examines the ways in which technological developments – the channels of communication – have altered rhetorical messages, as well as their effectiveness in influencing public opinion and achieving institutional change.
Lecture: 3.00
College: College of Social Sciences
Department: Mass Communications
Pre-requisites: COMM 1110 Minimum Grade: C or COMM 1100 Minimum Grade: C

COMM 3310: Persuasion (EXISTING COURSE)
Credits: 3.00
Theories and inquiry into strategies for the creation of and ethical use of persuasive messages including historical and contemporary perspectives in various communication contexts. Special focus on oral presentation of persuasive content and analysis of ethical persuasive strategies.
Lecture: 3.00
College: College of Social Sciences
Department: Mass Communications
Pre-requisites: COMM 1110 Minimum Grade: C or COMM 1100 Minimum Grade: C

COMM 3320: Small Group Communication
Credits: 3.00
This course teaches students to more effectively communicate in small group settings, understand the dynamics involved in group discussions, and to learn and apply group communication theories.
Lecture: 3.00
College: College of Social Sciences
Department: Mass Communications
Pre-requisites: COMM 1110 Minimum Grade: C or COMM 1100 Minimum Grade: C
COMM 3340: Advanced Interpersonal Communication
Credits: 3.00
This theory-driven course will analyze verbal and nonverbal communication in person-to-person relationships, paying special attention to the stages of relationship development and dissolution, conflict management strategies, identity development, and the role of power and perception.
Lecture: 3.00
College: College of Social Sciences
Department: Mass Communications
Pre-requisites: COMM 1110 Minimum Grade: C or COMM 1100 Minimum Grade: C

COMM 3360: Intercultural Communication
Credits: 3.00
This course will analyze the communication process in intercultural contexts, including self-awareness of our intersecting cultural identities, listening, verbal and nonverbal styles across cultures, culture shock, and communication values in intercultural dialogue.
Lecture: 3.00
College: College of Social Sciences
Department: Mass Communications
Pre-requisites: COMM 1110 Minimum Grade: C or COMM 1100 Minimum Grade: C

COMM 4200: Gender and Communication
Credits: 3.00
This course will survey the role of gender in various communication contexts: relationships, organizations, educational institutions, and mass media. Consideration will be given to the social construction of categories of gender, race, sexuality, and class and how they have changed over time.
Lecture: 3.00
College: College of Social Sciences
Department: Mass Communications
Pre-requisites: COMM 1110 Minimum Grade: C or COMM 1100 Minimum Grade: C

COMM 4210: Communication and Conflict
Credits: 3.00
This course will examine communication principles that address how to manage conflicts productively in interpersonal and organizational contexts. Consideration will be given to the role that goals, power, and conflict management styles play in conflict interactions, as well as the potential for third-party interventions.
Lecture: 3.00
College: College of Social Sciences
Department: Mass Communications
Pre-requisites: COMM 1110 Minimum Grade: C or COMM 1100 Minimum Grade: C
COMM 4220: Health Communication
Credits: 3.00
This course will introduce students to health communication theory, research, and practice in a variety of health communication contexts, such as patient-provider communication, public health communication, health campaigns, and communication in healthcare organizations.
Lecture: 3.00
College: College of Social Sciences
Department: Mass Communications
Pre-requisites: COMM 1110 Minimum Grade: C or COMM 1100 Minimum Grade: C

COMM 4600: Theories of Communication
Credits: 3.00
This course will explore a variety of theoretical approaches to human communication from multiple paradigms of thought, including selected theories of language, interpersonal communication, small group interaction, organizational communication, intercultural communication, race, gender, and persuasion.
Lecture: 3.00
College: College of Social Sciences
Department: Mass Communications
Pre-requisites: COMM 1110 Minimum Grade: C or COMM 1100 Minimum Grade: C
Addendum III
Course Description/Themes: Medicine in the Greco-Roman era had a lasting impact in the Western world as evidenced by the fact that the Hippocratic Oath (or a modern version) is still often in use today. Additional evidence of the enduring influence is provided by the reality that much modern medical terminology is rooted in Latin and Greek. Using excerpts from primary texts supplemented by secondary literature, we will explore the theory and practice of ancient medicine. Special attention will be given to how the subject matter intersects with issues related to science, religion, class, and gender.

Course Outcomes: Students will demonstrate:

- Knowledge of persons, geography, theories, and practices associated with medicine and health in the Greco-Roman World
- An ability to critically reflect on topics related to classical medicine.
- Basic information literacy and information ethics
- A glimpse into the relationship between faith/belief and healing.
- An understanding of the enduring legacy of Greco-Roman Medicine on Modern Western Medicine.

Textbook

Additional Readings: (online and/or reserves)

This interdisciplinary course draws primarily on the following fields
- Classics (history)
- Medicine (history of Science/Medicine)
- Religion (History of Religions, Spirituality)
- Library Skills (Information Literacy)
Interdisciplinary Focus is Achieved by: -- Selecting primary and secondary readings that are very broad when illustrating ancient medical praxis. For instance, the Dead Sea Scrolls and the New Testament, which are frequently found in religion courses, are used here to reflect aspects of medical understanding in the Roman Provinces of Judea/Asia Minor (Paul is often identified as being in Ephesus while writing some of the Corinthian correspondence).

How Students Integrate the Disciplines: Students integrate the disciplines through reading and then reacting in numerous written reaction papers and a slightly longer research paper. The rubrics and the way the instructions for the specific written assignments are phrased will help emphasize interdisciplinarity.

Grading Scheme/Assignments
- 3 exams @ 15 pts each = 45%
- 2 quizzes @ 5 pts each = 10%
- 3 reaction papers @ 10 each =30%
- Attendance = 15%

SCHEDULE

Week 1 Getting Oriented –
  - Day 1. Syllabus overview. & Classical World(s) – The countries, cultures and timelines that form the backdrop to Medicine in the Mediterranean Region. Including, the difference between Western Medicine and health/medicine in other cultures.
  - Day 2. Medical “Professionals” in the Classical World—Doctors, Midwives, Charm sellers, and others besides; Also, how doctors were trained.
    - Reading –From the Hippocratic Corpus – *The Science of Medicine*
    - QUIZ 1. Map

PART 1. Basic History

Week 2. The Concept of Medicine
  - Day 1 Hippocrates and the Hippocratic Corpus
    - Reading – *Tradition in Medicine (On Ancient Medicine)*
    - Reading – The Oath
  - Day 2. Roots in Philosophy & Natural Science
    - Reading – Selections from Aristotle

Week 3 The Hellenistic World
Week 4. “Roman” Medicine
  o Day 1. Appropriation of Greek Medicine (along with concepts of Ancient Slavery, and Patronage)
    ▪ First 1 Page Reading Reaction paper due
  o Day 2. Galen
    ▪ Reading – Selections from Galen

Week 5. “Roman Medicine Cont’d.
  o Day 1. The Methodists and Pneumatists
    ▪ Reading—Nutton pp 191-206
  o Day 2, Exam 1

PART 2: THE MEDICAL SCIENCES BY TOPIC

Week 6. The gods. Religion and Medicine
  o Day 1. Library Tour. (and brief refresher on using the library databases and card catalog).
    ▪ Reading: King and Bushwick article
  o Day 1. Asclepius, Apollo, Hygeia (and, refresher on footnotes and citations).
    ▪ Reading from Aelius Aristides, Sacred Tales
    ▪ Quiz 2. Ancient healing gods and goddesses

Week 7. Therapeutics
  o Day 1. Surgery & Surgical Instruments
    ▪ Reading: Hippocratic Corpus -- Fractures
  o Day 2. Pharmacology
    ▪ Reading: Dioscurides

5 page research paper on a topic in Classical Medicine is due.

Week 8. The Body
  o Day 1. Anatomy and Physiology (with brief info ethics discussion of graphics and illustrations in the academy)
    ▪ Reading from the Hippocratic Corpus – The Nature of Persons (Man in some translations).
o Day 2. Gynecology and Obstetrics  
Reading, Soranus

Week 9  
The Body, continued

o Day 1. Dentistry & Vision  
o Day 2. Field Medicine: The Army and Gladiatorial Games.  
Reading: Thucydides  
**Second 1 page reading reaction paper due**

Week 10. Disease, Sanitation, and Hygiene.

o Day 1. Virology & Epidemiology  
  ▪ Reading – Hippocratic Corpus. Epidemics  
o Day 2. Sanitation  
  ▪ Reading – Portion of Galen on Hygiene

Week 11. The Soul/The Self

o Day 1. Mental Illness  
  ▪ Reading: Plato *Timaeus*  
o Day 2. Exam #2

**PART 3: MEDICINE IN THE WIDER EMPIRE & LEGACY**

Week 12. Judea & Asia Minor

o Day 1. Jewish Writings  
  ▪ Reading – *Dead Sea Scrolls* -- 4Q *Therapeia, Community Rule*  
o Day 2. Early Christian Writings  
  ▪ Reading – Selections from the 4th Gospel, and the “Body analogy” passage form 1st Corinthians.  
  **Reading Reaction Paper # 3 Due**

Week 13. Other Lands and Traditions

o Day 1. Europe and North Africa  
o Day 2: Arab Medicine  
  ▪ Reading--Strohmaier

Week 14. Legacy of Ancient Greco-Roman Medicine
Day 1.  The Middle Ages
Day 2.  Western Medicine Today

Week 15  Wrap Up
Day 1. Review Day
Day 2. Exam #3

**Accessibility Services:** Students with a documented disability may work with UWG Accessibility Services to receive essential services specific to their disability. All entitlements to accommodations are based on documentation and USG Board of Regents standards. If a student needs course adaptations or accommodations because of a disability or chronic illness, or if he/she needs to make special arrangements in case the building must be evacuated, the student should notify his/her instructor in writing and provide a copy of his/her Student Accommodations Report (SAR), which is available only from Accessibility Services. Faculty cannot offer accommodations without timely receipt of the SAR; further, no retroactive accommodations will be given. For more information, please contact [Accessibility Services](#).

**Center for Academic Success:** The [Center for Academic Success](#) provides services, programs, and opportunities to help all undergraduate students succeed academically. For more information, contact them: 678-839-6280 or [cas@westga.edu](mailto:cas@westga.edu)

**University Writing Center:** The [University Writing Center](#) assists students with all areas of the writing process. For more information, contact them: 678-839-6513 or [writing@westga.edu](mailto:writing@westga.edu)

**ONLINE COURSES**

UWG takes students’ privacy concerns seriously: technology-enhanced and partially and fully online courses use sites and entities beyond UWG and students have the right to know the privacy policies of these entities. For more information on privacy and accessibility for the most commonly used sites, as well as technology requirements visit the [UWG Online](#) site.

Students enrolled in online courses can find answers to many of their questions in the [Online/Off-Campus Student Guide](#).
If a student is experiencing distress and needs help, please see the resources available at the UWG Cares site. Online counseling is also available for online students.

HONOR CODE

At the University of West Georgia, we believe that academic and personal integrity are based upon honesty, trust, fairness, respect, and responsibility. Students at West Georgia assume responsibility for upholding the honor code. West Georgia students pledge to refrain from engaging in acts that do not maintain academic and personal integrity. These include, but are not limited to, plagiarism, cheating, fabrication, aid of academic dishonesty, lying, bribery or threats, and stealing.

The University of West Georgia maintains and monitors a confidential Academic Dishonesty Tracking System. This database collects and reports patterns of repeated student violations across all the Colleges, the Ingram Library, and the School of Nursing. Each incidence of academic dishonesty is subject to review and consideration by the instructor, and is subject to a range of academic penalties including, but not limited to, failing the assignment and/or failing the course. Student conduct sanctions range from verbal warning to suspension or expulsion depending on the magnitude of the offense and/or number of offenses. The incident becomes part of the student’s conduct record at UWG.

Additionally, the student is responsible for safeguarding his/her computer account. The student’s account and network connection are for his/her individual use. A computer account is to be used only by the person to whom it has been issued. The student is responsible for all actions originating through his/her account or network connection. Students must not impersonate others or misrepresent or conceal their identities in electronic messages and actions. For more information on the University of West Georgia Honor Code, please see the Student Handbook.

UWG EMAIL POLICY

University of West Georgia students are provided a MyUWG e-mail account. The University considers this account to be an official means of communication between the University and the student. The purpose of the official use of the student e-mail account is to provide an effective means of communicating important university related information to UWG students in a timely manner. It is the student’s responsibility to check his or her email.
CREDIT HOUR POLICY

The University of West Georgia grants one semester hour of credit for work equivalent to a minimum of one hour (50 minutes) of in-class or other direct faculty instruction AND two hours of student work outside of class per week for approximately fifteen weeks. For each course, the course syllabus will document the amount of in-class (or other direct faculty instruction) and out-of-class work required to earn the credit hour(s) assigned to the course. Out-of-class work will include all forms of credit-bearing activity, including but not limited to assignments, readings, observations, and musical practice. Where available, the university grants academic credit for students who verify via competency-based testing, that they have accomplished the learning outcomes associated with a course that would normally meet the requirements outlined above (e.g. AP credit, CLEP, and departmental exams).

HB 280 (Campus Carry)

UWG follows University System of Georgia (USG) guidance:

http://www.usg.edu/hb280/additional_information

You may also visit our website for help with USG Guidance:

https://www.westga.edu/police/campus-carry.php

Mental Health Support:

If you or another student find that you are experiencing a mental health issue, free confidential services are available on campus in the Counseling Center. Students who have experienced sexual or domestic violence may receive confidential medical and advocacy services with the Patient Advocates in Health Services. To report a concern anonymously, please go to UWGcares.
Addendum IV
This course introduces students interested in the Arts or Humanities to each of the sub-disciplines in the College of Arts and Humanities. The course aims to explore how one conducts research and inquiry within each discipline and how these disciplines can work together to form a new understanding of a timely issue.

Thematic Focus of this Section of XIDS 2100: Self-Concept and Identity

- **Theme**: Self-Concept and Identity
- **Goal**: To explore how the idea of the self is reflected in the arts and humanities.
- **Method**: During this course, students will analyze texts and images that focus on how human beings conceptualize the individual. Through examining texts from disciplines in the humanities students will compare and contrast the variety of ways the idea of the self is constructed historically and culturally.
- **Pedagogy**: As this is an interdisciplinary course, the instructor will often serve as a guide introducing students to material that is outside of their area of expertise. Students and the instructors will be students to the text. During the semester there will be panel discussions where experts in each discipline attend and discuss a question on the self and identity as related to their discipline.

Area C Learning Outcomes

- Humanities, Fine Arts, and Ethics
- Students will demonstrate knowledge of the foundational concepts of artistic, intellectual, or literary achievement, adapting written communication to specific purposes and audiences.
- Students will recognize and make informed judgements about the fine, literary, or performing arts from various cultures.

Guiding Questions

- What role does narrative play in the understanding of the self? Do the stories we tell about ourselves define us?
- How does language work to shape how we view individuals, particularly ourselves and others?
- How does a portrait or photo convey an idea of self? What is the relationship between a portrait and the subject of that the self?
- How did the idea of self-develop historically? Is the idea of a self dependent upon culture?
- Is it possible to know yourself? Is it possible to know others?
Grading

- Content Based Exams (2) 20%
- Post Panel Writing Assignment (2) 20%
- Student Panel Engagement (1) 20%
- Field Assignments (5) 10%
- Paper Field Assignments (1) 10%
- Content Based Quizzes (10) 10%
- Attendance & Participation 10%

Assignment Details

**Content Based Exams:** There will be two exams that covers assigned readings, films and images as well as the material covered in class.

**Post-Panel Writings:** During the semester there will be two faculty led discussion panels that take place during class. After each panel, student will complete a writing assignment on each based on the ideas presented during the presentations. Two papers -- approximately 600 words each. Details for each assignment will be posted on Course Den.

**Student Panel:** Near the end of the semester, students will participate in a student panel. This panel is modeled after the Faculty Panels presented during the semester. Each panel will discuss a question related to Self Concept and Identity. Each student will prepare a short (4-5) minute speech in answer to the question that must be posted to Course Den before the day of the presentation. The panelist will also answer questions from their peers on the topic discussed.

**Field Assignments:** One of the most important features of XIDS 2100 is its inclusion of visits to arts events during the semester. Students will provide proof of attendance for five (5) events (proof of attendance can be a sign in sheet at a university sponsored event, a photograph of the student at the event, or a ticket and brief paragraph describing the experience). A COAH Events Calendar will be posted on Course Den.

**Field Assignments Paper:** Student will compare and contrast two of the events they selected to visit for the class. The paper will describe the students' experience of the events and provide the “take always” from the experience. The paper should follow all of the guidelines presented in English Composition.

**Content Based Quizzes**
There will be objective quizzes on the readings assigned for class before the class discussion.

**UWG Common Syllabus Language**
This link provides information about student rights and responsibilities, the American with Disability Act and the UWG Honor Code as well as other items of interest for students. It can be found at: [https://www.westga.edu/academics/assets/docs/Common_Language_for_Course_Syllabi.pdf](https://www.westga.edu/academics/assets/docs/Common_Language_for_Course_Syllabi.pdf)

**Course Content Outline**

**Week 1**
- Course Introduction
  - Disciplinary approaches
  - Interdisciplinary approaches
  - Defining The Self and Identity
  - Reading: “The FBI said I was My Parent’s Stolen Baby”
  - Clips: “Nanette” Hannah Gadsby on Netflix

**Week 2&3**
- Art
  - Artistic Perspectives
  - Careers for Arts Majors
  - “Art and Identity/Modern Art and Ideas,” MoMa
  - Identity and the Self Portrait: James Berger’s *Ways of Seeing*

**Week 3&4**
- Music
  - Reading: Music as a Discipline: “More Music, More Empathy”
  - Careers in Music
  - Musical Genre and Identity
  - Readings
  - Nwakego Kristine Chukwuma’s “Identity Through the Eyes of Music: Music”
  - and Weill Music Institute: Lullaby Project

**Week 5&6**
- Theatre
  - Seeing the world through a theatrical lens
  - Careers in the Theatre
  - Reading: *Hamilton*: Who tells your story?
  - Story & Performance:

**Week 7&8**
- **Panel Discussion: Self Concept, Identity and the Arts**
  - Midterm
Week 8&9  History
An historical perspective
Careers for Historians
“Stereotypes in the Curriculum” teachinghistory.org.
Richard White’s “When the Idea of Home Was Key to American Identity

Week 9&10  English/Literature
Creation and Deconstruction: An Introduction
Careers in English
Readings from Citizen: An American Lyric by Claudia Rankine
“Sometimes I is supposed to hold what is not there until it is”
“Another friend tells you you have to learn not to absorb the world”
“In a line in a drugstore it’s finally your turn”

Week 10&11  Philosophy and Religion
Careers for Philosophers
Reading: John Locke’s “Of Identity and Diversity (Abridged)” edited by Jack Lynch
Clip: Michael Della Rocca’s “History: Locke on Personal Identity”
“Repentance” Star Trek: Voyager

Week 11&12  Foreign Language and Literature
In class Film: The Reader.
“How do people define their national identity?
By speaking the language, study says.” Washington Post

Week 12& 13  Panel Discussion: Self Concept, Identity and the Humanities:

Week 14&15  Student Panel Discussions

Week 16  Final Exam
Addendum V
Proposal to Amend the Military Withdrawal Policy

Where the Graduate Catalog section on Refunds currently reads:

Students who are members of the Georgia National Guard or other reserve components of the Armed Forces who receive emergency orders to active military duty are entitled to a full refund of matriculation fees paid for that semester, in accordance with guidelines previously listed.

We request it be amended as follows:

Students who are members of the Georgia National Guard or other reserve components of the Armed Forces who receive reasonable documentation as approved by the Center for Adult Learners and Veterans to military duty are entitled to a full refund of matriculation fees paid for that semester, in accordance with guidelines previously listed.

Modified Program Name

Modified Program Learning
Outcomes

**Modified Program Description**
The Online Teaching Endorsement program prepares educators to design, facilitate, and manage instruction in an online format. Participants are prepared to assume a role as leaders in online learning for their organization. The endorsement consists of four courses focused on the characteristics and instructional methods of developing, delivering, assessing, and administering online courses from the classroom to the organizational system level. The Online Teaching Endorsement will be beneficial to K12 and higher education teachers, as well as instructional designers, and administrators.

**Modification Comments**
This endorsement was approved in 2014 but it was not submitted to the PSC for approval at that point. The courses have now been updated with two new courses added to reflect current practice. The endorsement will be submitted to the PSC for approval. We are modifying one course and adding two new courses.

The course modifications and additions are also in Curriculog.

This program will need to be hidden from the Catalog until PSC approved.

**Rationale**
The majority of students most likely to complete the Online Teaching Endorsement will already be enrolled in a Master’s or Educational Specialist degree program in Media (School Library Media Concentration or Instructional Technology Concentration). The prerequisite course is taken by both SLM and IT students making the endorsement an easier process for them to complete.

**Desired Effective Semester**
Fall

**Desired Effective Year**
2019

**Program Location**
Online

Is this a School of Nursing Program?
- No

Is this a College of Education Program?
- No

Check all that apply to this program:
- Significant departure from previously approved programs

- New instructional site at which more than 50% of program is offered

- Change in credit hours required to complete the program

- None of these apply

**SACSCOC Comments**
For this modification no changes are being made to the prerequisite course MEDT 7461. We have modified the existing course MEDT 7472. We are adding two additional courses MEDT 7491 and MEDT 7492. These courses align more with current practices versus the courses offered in 2014.

A valid renewable Level 4 certificate (or higher) in a teaching field is required for recommendation of the endorsement to the Georgia Professional Standards Commission.

NOTE: Students must maintain a "B" average throughout the program. Students who earn a grade of "C" in a course, must earn a grade of "A" in another course to compensate for the "C" grade. A grade of "C" in a second course will result in suspension from the program.

10/15/10
Online Teaching Endorsement Program (Plan H, non-degree)

Rationale:

Over the past few years, the nature and delivery of P-12 education has shifted and broadened to include hybrid course delivery combining online modules with traditional face to face instruction in brick and mortar classrooms, as well as totally online courses offered by traditional schools and virtual schools. Consequently, the Georgia Professional Standards Commission has created an Online Teaching Endorsement to provide a credential for P-12 teachers working in these new learning environments.

The proposed Online Teaching Endorsement meets the requirements for P-12 teachers to receive the Online Teaching Endorsement awarded by the Georgia Professional Standards Commission. Candidates for this endorsement must already hold fully renewable teaching certificates from the Georgia Professional Standards Commission and add instructional design and distance education competencies to meet the certification requirements. Students will be able to complete the OTE as a stand-alone program, as part of an existing Masters or EdS program, or as a focus area in the School Improvement doctorate. We also anticipate that the expansion of the Georgia Virtual School, and other Virtual Schools within specific school districts, will increase the demand for teachers with this endorsement.

The endorsement includes three courses. Two courses are already offered, MEDT 7461 Instructional Design and MEDT 7472 Introduction to Distance Education. The third course is new, MEDT 7475 The Distance Education Professional.

No additional resources will be required.

COURSE DESCRIPTION

The course provides an overview of systematic approaches to instructional planning, development, and evaluation.
CONCEPTUAL FRAMEWORK

The conceptual framework of the College of Education at UWG forms the basis on which programs, courses, experiences, and outcomes are created. With the goal of Preparing Exemplary Practitioners, our programs incorporate ten descriptors (knowledgeable, reflective, inquisitive, decisive, adaptive, proactive, leading, collaborative, culturally sensitive, empathetic), clustered into three interrelated and overlapping themes, that demonstrate our commitment to (a) Professional Excellence; (b) Field-Based Inquiry; and (c) the Betterment of Society. These themes and descriptors are integral components of the conceptual framework and provide the basis for developing exemplary practitioners who are prepared to improve schools and communities. National and state standards (National Board for Professional Teaching Standards [NBPTS], and American Association of School Librarians) also are incorporated as criteria against which candidates are measured.

The mission of the College of Education is to provide excellence in the initial and advanced preparation of professionals for a variety of settings, to foster an innovative learning community, and to empower a faculty committed to teaching and the dissemination of knowledge. This course’s objectives, activities, and assignments are related directly to the conceptual framework and national standards, as identified below.

COURSE OBJECTIVES

Students will:

1. identify and describe the major steps in the systematic design of instruction. (D8 Knowledgable; NBPTS 1,2,3,4; AASL 2); (Dick & Carey, 1995; Gagne, Briggs, & Wager, 1992; Smaldindo, Russell, Heinich, & Molenda, 2005; Kemp, Morrison, and Ross, 2000; Seels & Glasgow, 1998; Reigeluth, 1999; Shambaugh, & Magliaro, 1997; Smith & Ragan, 1999; Turner & Riedling, 2003; Zook, 2001);

2. explain how instructional design principles derive from the information processing model of learning. (D1 Decision Maker; NBPTS 2,3,4; AASL 2); (Gagne, Briggs, & Wager, 1992; Gustafson & Branch, 1997; Roblyer & Edwards, 2004; Shambaugh & Magliaro, 1997; Zook, 2001);

3. apply systematic instructional design principles by selecting a learning problem and carrying out the steps of an instructional design model. (D5 Collaborative; D10 Reflective; NBPTS 1,2,3,4; AASL 2, 3); (Dick & Carey, 1995; Seels & Glasgow, 1993; Gagne, Briggs, & Wager, 1992; Smaldindo, Russell, Heinich, & Molenda 2005; Kemp, Morrison, and Ross, 1999; Shambaugh & Magliaro, 1997; Smith & Ragan, 1999; Turner & Riedling, 2003; Zook, 2001); and

4. discuss the value of instructional design today as it relates to the changing nature of society and learners, including the roles of instructional designers in the schools and/or
higher education. (D4 Adaptive; NBPTS 1,2,3,4,5; AASL 1, 2, 3, 4); (Bradens, 1996; Callison, 2005; Merrill, 1991; Perkins, 1991; Roblyer & Edwards 2004; Smith & Ragan, 1999; Turner & Riedling, 2003; Willis, 1995; and Zook, 2001).

TEXTS, READINGS, AND INSTRUCTIONAL RESOURCES

Required Text:

Microsoft Campus Agreement – Software available through Student Information Technology Services http://www.westga.edu/~mcastu/

ASSIGNMENTS, EVALUATION PROCEDURES, AND GRADING POLICIES

Link to Conceptual Framework

The focus of this course is to provide students with an overview of and opportunities to work with a variety of systematic approaches to instructional planning, implementation, assessment, and evaluation. As students participate in the course and complete the course assignments they will have demonstrated achievement as decision maker: developing an instructional design project centered around student instruction, developing an instructional design project based on an information literacy standard or technology standard for a faculty/staff in-service (course activities 3, 4); adaptive: comparison paper describing the value of instructional design and its changing role as it relates to the changing nature of society and learners, including provisions in the instructional design project to meet the needs of diverse learners, in-service projects (course activities 2, 3, 4, 5); collaborative: developing an instructional design project collaboratively with teachers and media specialists centered around student instruction (course activities 3, 4, 8); knowledgeable: developing an instructional design project centered around student instruction, developing an instructional design project based on an information literacy standard or technology standard for a faculty/staff in-service, completing a project describing and comparing two systematic instructional design models, completing midterm and final examinations which will cover text information, class materials, and CourseDen discussions, participation in class and CourseDen discussions and activities (course activities 1, 2, 3, 4, 5, 6, 7, 8); reflective: participation in class and CourseDen discussions, comparison paper, thought provokers, describing the evaluative aspects of the instructional design project, field experience reflections, completing the reflective section of the final exam (course activities 1, 2, 3, 4, 6, 7).

Activities and Assessments:

On-line Resources
1. Participation in face-to-face and on-line class activities

Face-to-face class requirements

- Students will attend and participate in all classes that are scheduled on campus, be prepared for each class by doing the assigned readings in advance, and have the appropriate materials required for class activities.
- Absence from on campus sessions may result in a lower cumulative point total. Failure to submit assignments on time will result in a loss of points. (Objectives # 1, 2, 3, 4; disposition; teacher observation)

On-line class requirements

- Students will complete the assigned online activities by the specified timelines. Students must check CourseDen at least 3 times per week. Students can expect responses from the instructor within 48 hours. If students have any problems they are to contact the Distance Office for assistance and the instructor immediately. The help line e-mail address is on page one of this syllabus as well as the distance office e-mail address and phone number. If this fails call the Distance Learning Office and then the instructor for assistance. Remember, there are computer labs on campus for student use.
- Students need to go through the tutorials that are available by clicking on the “Student” tab at the top of the CourseDen page. Do not wait to ask for help with CourseDen. Seek assistance immediately.
- Since this is primarily an online course, you are responsible for monitoring your work time in order to complete and submit assignments by the established due dates. Assignments will be accepted late but there will be a loss of points due to the lateness of submission.
- Extra credit is not available for assignments in this course
- All student work submitted during the course is required to be original.
- Work created in another course will not be excepted unless approved by the instructor.
- All assignments must follow APA format unless otherwise specified.

(Objectives 1, 2, 3, 4; knowledgeable, reflective; teacher observation)

2. Thought Provokers and Other Discussion Topics

For each chapter in the text, students will read and respond formally to the questions and situations posted (Thought Provokers). Responses should be both reflective and significant in that your answers should include information that you expect to remember and, perhaps, use a year to five years after you complete this class. What concepts, definitions, and processes are most meaningful to you? These concepts will guide your thinking about the course content and may provoke questions and improve our class and online discussions. Students will also respond to projects developed by their classmates. Students will respond to other discussion topics posted by instructor.

(Objectives 1, 2, 3, 4; adaptive, knowledgeable, reflective; checklist)
3. **Student Instruction Design Project - Group Project**

Students will discuss and reflect on the Instructional Design steps in relation to collaborative development, implementation, and evaluation of a Student Instruction project. The discussion will be completed collaboratively between students in the course and school library media specialists. Discussion groups will be assigned by the instructor based on the background and experience of students. The project will focus on a variety of grade levels and corresponding QCCs or Performance Standards and will include information literacy and technology skills.

- Specific details for the Student Instruction Design project will be posted in the “Student ID Project” backpack on the CourseDen course page.
- The work for this project will be completed and submitted periodically throughout the semester.

(Objective 3; decision maker, adaptive, collaborative, knowledgeable, reflective; rubric)

4. **Faculty/Staff In-Service Design Project**

Students will individually design, hopefully implement, evaluate, and revise one Faculty/Staff In-service Design Project. The project will focus on a specific information literacy standard (school library media students) or a specific technology standard (instructional technology students). The project must use specific Georgia Performance Standards as the context for the In-Service Project.

- Specific details for the In-Service project will be posted in the under “In-Service Project” backpack on the CourseDen course page.

(Objective 3; decision maker, adaptive, collaborative, knowledgeable, reflective; rubric)

5. **Comparison of Instructional Design Models - Individual Project**

Students will define ID, compare three specific instructional design (not research models) models, and explain why they are important in today’s society. To accomplish this each student will individually research, reflect, and prepare a comparison documenting the value of instructional design today as it relates to the changing nature of society and learners and describe and compare two specific instructional design models. The comparison must include the definitions of instructional design as presented in the literature as well as the definition of instructional design as the student sees it, the value of instructional design in the schools, the role the student will play as an instructional designer in the future, and the descriptions and comparisons of instructional design models. A minimum of 5 references must be included. A list of potential resources and definitions found will be due early in the semester. Specific criteria will be posted in the “Comparison of Models” backpack on the CourseDen course page.
Reflection on Instructional Design Models
After comparing the three instructional design models, students will reflect on their comparison and describe how they would adapt the models to best meet the needs of students. Students will also reflect on the assignment and how it helped them gain a better understanding of AASL standards and College of Education Conceptual Framework descriptors. Specific criteria will be posted in the “Comparison of Models” backpack on the CourseDen course page. This assignment will be placed in Foliotek.

(OBJECTIVE 4; adaptive, knowledgeable, reflective; rubric)

6. Research Models Exploration
Students will explore and compare a variety of research models that are most frequently used with students in PreK-12 schools. As each model is explored, information will be recorded on the form provided. Connections between the research models and Information Literacy Standards and Technology Standards must also be identified. After all of the specified models have been explored, students will write a comparison of the models and describe the potential use for each model.

(OBJECTIVE 3; knowledgeable, reflective; rubric)

7. Field Experience Activities
Examine specific instructional roles of the SLMS through interviewing a SLMS. Discuss roles related to planning, implementing and evaluating student instruction; developing in-service materials; collection development related to Georgia Performance Standards, information literacy standards and technology standards. Students will submit the Field Experience Log and the Field Experience Reflection Form. Field experience activities for Instructional Technology students will be developed individually.

(OBJECTIVES 2, 3, 4; knowledgeable, reflective; checklist)

8. Completion of Midterm and Final Examination Activities
The midterm and final exam activities will be completed during on-line sessions (midterm) and during our on campus session (final) and will cover the text material and other notes posted in CourseDen. The exam activities will consist of both group work and individual work. The final exam will also include a reflective activity. Students will have access to all materials to use while completing the activities.

(OBJECTIVES 1, 2, 3, 4; collaboration, knowledgeable; rubric)
Evaluation Procedures:
Students will be assessed according to the course objectives with the following percentages:

Attending on campus class sessions, submitting assignments by specified due date, completing assignments without spelling and grammatical errors required.

Grading Policy:
Students will be graded using the following scale:

A = 90-100%, B = 80-89%, C = 70-79%, F = 69% and below

Disciplinary procedures described in the latest State University of West Georgia The Connection, Undergraduate Catalog, and Graduate Catalog, will be followed when violations take place. Infractions may include cheating, plagiarism, disruptive behavior, and disorderly conduct.

CLASS POLICIES

Professionalism
Students are expected to conduct themselves professionally. This is an essential quality for all professionals who will be working in the schools. Professionalism includes but is not limited to the following:

- Participating in class activities in a face to face or online environment in a positive manner
- Collaborating and working equitably with students in the class
- Actively participating in class each week
- Turning in assignments on time – late submissions will result in a loss of points
• Completing assignments without spelling and grammatical errors – loss of points will occur
• Attending on campus class sessions and arriving on time – loss of points will occur
• Treating class members and colleagues with respect in and out of the classroom
• Limiting interruptions in class
• Students who display a lack of professionalism will be contacted by the instructor and informed of the consequences

ACADEMIC HONESTY

All work completed in this course must be original work developed this semester. Students are expected to adhere to the highest standards of academic honesty. Plagiarism occurs when a student uses or purchases ghostwritten papers. It also occurs when a student utilizes ideas or information obtained from another person without giving credit to that person. If plagiarism or another act of academic dishonesty occurs, it will be dealt with in accordance with the academic misconduct policy as stated in the latest Connection and Student Handbook and the Graduate Catalog.

DISABILITY STATEMENT

All students are provided with equal access to classes and materials, regardless of special needs, temporary or permanent disability, special needs related to pregnancy, etc. If you have any special learning needs, particularly (but not limited to) needs defined under the Americans with Disabilities Act, and require specific accommodations, please do not hesitate to make those known, either yourself or through the Coordinator of Disability Services. Students with documented special needs may expect accommodation in relation to classroom accessibility, modification of testing, special test administration, etc. For more information, please contact Disability Services at the University of West Georgia: http://www.westga.edu/studentDev/index_8884.php. Any student with a disability documented through Student Services is encouraged to contact the instructor right away so that appropriate accommodations may be arranged. In addition, certain accommodations (which will be discussed in class) are available to all students, within constraints of time and space.

COMMUNICATION STATEMENT

Student Email Policy: University of West Georgia students are provided a MyUWG email account, which is the official means of communication between the University and student. It is the student’s responsibility to check this email account for important University related information.

EXTRA CREDIT STATEMENT

Extra credit activities (other than what is listed above) may be offered in this course. If so, details will be made available in WebCT CourseDen.
DUAL SUBMISSION STATEMENT

Coursework that has been completed or will be completed in another course that duplicates or dovetails with an assignment in this course may not be submitted unless prior approval is granted by the instructor. If you foresee this possibility, contact the instructor as soon as possible to request approval for dual submission.

COURSE DESCRIPTION

This course is a general introduction to conceptual, theoretical, and practical ideas concerning distance education, including the current status of distance learning and its impact on education.
Students will become conversant in the terminology of the field of distance education, review its history, conduct research on specific areas of practice, investigate instructional and learning design strategies, explore the technologies commonly used, and understand the unique roles and responsibilities of the distance learner and the distance instructor.

CONCEPTUAL FRAMEWORK

The conceptual framework of the College of Education at UWG forms the basis on which programs, courses, experiences, and outcomes are created. With the goal of Preparing Exemplary Practitioners, our programs incorporate ten descriptors (knowledgeable, reflective, inquisitive, decisive, adaptive, proactive, leading, collaborative, culturally sensitive, empathetic), clustered into three interrelated and overlapping themes, that demonstrate our commitment to (a) Professional Excellence; (b) Field-Based Inquiry; and (c) the Betterment of Society. These themes and descriptors are integral components of the conceptual framework and provide the basis for developing exemplary practitioners who are prepared to improve schools and communities. National and state standards (National Board for Professional Teaching Standards [NBPTS], International Society for Technology in Education [ISTE]) also are incorporated as criteria against which candidates are measured.

The mission of the College of Education is to provide excellence in the initial and advanced preparation of professionals for a variety of settings, to foster an innovative learning community, and to empower a faculty committed to teaching and the dissemination of knowledge. This course’s objectives, activities, and assignments are related directly to the conceptual framework and national standards, as identified below.

COURSE OBJECTIVES

Students will:

1. demonstrate knowledge, skills, and understanding of concepts related to distance education as they apply to instruction (Ashby, 2002; Huett, Moller, & Young, 2005; Keegan, 1986; Moore, 1989; Palloff & Pratt, 1999, 2003; Porter, 1997; Roblyer, 2001; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Lifelong Learners; Adaptive; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE NETS T 1 (A-D); ISTE/NETS-T F-I.A.)

2. demonstrate continual growth in technology knowledge and skills to stay abreast of current and emerging distance education technologies (Downs & Moller, 1999; Driscoll, 1998; Hanna, Glowacki-Dudka, & Conceicao-Runlee, 2000; Keegan, 1986; Palloff & Pratt, 1999, 2003; Porter, 1997; Weiss, Knowlton, & Speck, 2000; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE NETS T 2 (D) & 5 (A-D); ISTE/NETS-T F-I.B.)
3. apply current research on teaching and learning with technology when planning instructional systems as they relate to distance education (Huett, Moller, & Young, 2005; Huett, Moller, & Mortensen, 2005; Keller & Suzuki, 2004; Palloff, & Pratt, 1999, 2003; Sharp & Huett, 2006; Williams, Paprock, & Covington, 2004). (Decision Makers; Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE NETS T 2(A-D) & 5(C); ISTE/NETS-T F-II.B.)

4. identify and apply instructional design principles associated with the development of distance education systems (Ashby, 2002; Huett, Moller, & Young, 2005; Keegan, 1986; Moore, 1989; Palloff & Pratt, 1999, 2003; Porter, 1997; Roblyer, 2001; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Decision Makers; Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE NETS T 2(A-D) & 5(C); ISTE/NETS-T F-II.F.)

5. design distance education environments that meet the diverse needs of learners and instructors (Ashby, 2002; Downs & Moller, 1999; Huett, Moller, & Young, 2005; Huett, Moller, & Mortensen, 2005; Moore & Anderson, 2003; Moore & Kearsley, 2005; Keegan, 1986; Keller & Suzuki, 2004; Moore, 1989; Schweizer, 1999; Sharp & Huett, 2006; Song, 2000; Weiss, Knowlton, & Speck, 2000; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Decision Makers; Leaders; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE NETS T 1(A-D), 3(A-D), 4(A-D); ISTE/NETS-T F-II.A)

6. identify and locate technology-based resources and evaluate them for accuracy and suitability for a distance education environment (Hanna, Glowacki-Dudka, & Conceicao-Runlee, 2000; Moore & Anderson, 2003; Moore & Kearsley, 2005; Roblyer, 2001; Schweizer, 1999; Weiss, Knowlton, & Speck, 2000; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Decision Makers; Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE NETS T 2(A-D), 3(A-D), 4(A-D); ISTE/NETS-T F-II.C.)

7. plan for the management of distance education instructional resources within the context of learning activities (Ashby, 2002; Huett, Moller, & Young, 2005; Keegan, 1986; Moore, 1989; Palloff & Pratt, 1999, 2003; Porter, 1997; Roblyer, 2001; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Decision Makers; Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE NETS T 2(A-D), 3(D), 5(A-D); ISTE/NETS-T F-II.D.)

8. plan strategies to manage student learning in a distance education environment (Ashby, 2002; Downs & Moller, 1999; Huett, Moller, & Young, 2005; Huett, Moller, & Mortensen, 2005; Moore & Anderson, 2003; Moore & Kearsley, 2005; Keegan, 1986; Keller & Suzuki,
2004; Moore, 1989; Schweizer, 1999; Sharp & Huett, 2006; Song, 2000; Weiss, Knowlton, & Speck, 2000; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Decision Makers; Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE NETS T 1(A-D), 2(A-D), 3(A-D), 4(A-D); ISTE/NETS-T F-II.E.)

9. apply multiple methods of evaluation to determine appropriate use of distance education systems (Hanna, Glowacki-Dudka, & Conceicao-Runlee, 2000; Huett, Moller, & Mortensen, 2005; Moore & Anderson, 2003; Moore & Kearsley, 2005; Roblyer, 2001; Schweizer, 1999; Weiss, Knowlton, & Speck, 2000; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Decision Makers; Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE NETS T 3(D) & 5(C); ISTE/NETS-T F-IV.C.)

TEXTS, READINGS, AND INSTRUCTIONAL RESOURCES

Required Text:

Course Prerequisites and Software:

This course will be delivered entirely at a distance with no face-to-face (F2F) meetings. The following are the minimum requirements for completing this class successfully. You must meet these requirements to participate in the class.

- Access to a personal computer (PC or MAC) with speakers and a microphone (headset) to complete the course work.
- High-speed internet service (DSL, Cable, etc.) is strongly recommended. If high-speed internet is not available in your area, contact your instructor immediately. Completion of course requirements will be very difficult and cumbersome without high-speed service.
- Software requirements: *Microsoft Office 2003* or higher (available free of charge at UWG), *Adobe Reader*, and other potentially required downloads listed in *WebCT CourseDen*.

References

ASSIGNMENTS, EVALUATION PROCEDURES, AND GRADING POLICIES

Link to Conceptual Framework:
As students complete their assignments, they will have demonstrated achievement in the areas of decision making: selecting topic areas in the student’s field of study to design and develop an
online learning module and interactive tutorial (course activities 1.0, 2.1-2.2, 3.1-3.4b);
leadership: enhancing his/her knowledge and skills in distance education in order to integrate
technology more extensively on the job, at a distance, and to assist others as needed (course
activities 1.0, 2.1-2.2, 3.1-3.4a-c); lifelong learning: studying how to integrate technology into
the work place and distant environment (course course activities 1.0, 2.1-2.2, 3.1-3.4a-c); being
adaptive: changing educational practices to meet the needs of distance learners (course
activities 2.1-2.2, 3.1-3.4a-c); collaboration: working with colleagues and stakeholders to plan
and carry out school improvements in technology (course activities 1.0, 2.1-2.2, 3.1-3.4a-c);
cultural sensitivity: adapting interventions and technology innovations to meet the needs of
diverse distance learners (course activities 2.1-2.2, 3.1-3.4a-c); empathy: demonstrating
sensitivity to the needs of individual, family, and community needs (course activities 1.0, 2.1-
2.2, 3.1-3.4a-c); knowledge: drawing on pedagogical, content, and professional knowledge,
including knowledge from others' postings in the online bulletin board when developing distance
education systems (course activities 1.0, 2.1-2.2, 3.1-3.4a-c); being proactive: implementing new
interventions and innovations in technology to better serve distance learners (course activities
1.0, 2.1-2.2, 3.1-3.4a-c) and reflection: engaging in ongoing, continuous reflection related to
technology to determine the effectiveness of interventions/innovations and school changes that
are needed to more effectively integrate technology into the curriculum both local and distant
(course activities 1.0, 2.1-2.2, 3.1-3.4a-c).

Activities and Assessments:

1.0 Class Participation (20 points)

Students will participate in the course regularly and will attend any Wimba Live Classroom or
other virtual session(s) scheduled in WebCT CourseDen (if applicable) and generally be prepared
for the class. Absence from Wimba session(s) or noted absence of participation may lower a
student’s cumulative point total by 20 points. Virtual conference sessions with outside
experts/teachers in the field of distance education may be scheduled. If these conferences are
scheduled, it is expected that students will prepare, attend, and ask questions. Scheduling and
requirements will be posted in WebCT CourseDen. (Objectives 1, 2, 3, 4, 5, 6, 7; disposition;
teacher observation)

2.0 Weekly Work

2.1 Discussions (6 weeks @ 5 points each = 30 points)

- The student will respond to a discussion prompts provided by the instructor. With a
  few exceptions, the student is expected to make an initial posting on or before
  Wednesday of the week the discussion posting is first available and follow up with
  remaining postings during the week. Students are expected to read and participate in
  all online discussions. Each discussion (except where noted elsewhere) is worth 5
  points. You are required to post your initial thoughts (3pts) and respond to AT LEAST
  two other postings (2pts). Video posting of discussion responses is encouraged. A
reflective response includes new information, personal perspectives, or other input that shows thought and consideration of the issue. It goes beyond simple agreement with or endorsement of responses that have already been posted. (Course Objectives 1, 2, 3, 4; Teacher Observation, WebCT CourseDen DB postings, Online discussions)

3.0 Student Work

All student work submitted during the course is required to be original. All projects must be completed to be graded. It is strongly recommended that you begin work on ALL of the projects as soon as possible. Do not rely solely on the suggested schedule to tell you when to start and finish these projects. Please work early and often!

3.1 Project 1: Chapter Concept Map and Quiz Questions (15 points)

The student will create a concept map using the software tool XMIND to visually illustrate associations and relationships between the ideas presented in the assigned chapter from the text. XMIND is a wonderful open source mind-mapping tool can be downloaded for free. Upon completion of the concept map, the student will write a brief 1-2 page scenario/plan that outlines how the information presented in the chapter could best be delivered through a web-based delivery system.

As we are piloting a new textbook this session, upon completion of the concept map, the student will generate 10 total quiz questions for that chapter: 7 multiple choice and 3 true false questions in a Word document with the correct answer highlighted with the page number where it can be found. The student must post the concept map, quiz questions, and scenario to the appropriate discussion forum AND to the WebCT CourseDen Assignment Dropbox for grading. Additional guidelines for this assignment are posted in WebCT CourseDen (Course Objectives 1, 3, 4, 5, 6, 8; rubric).

3.2 Project 2: Distance Education Instructional Design Plan (15 points)

The student will create an instructional design plan for one module of online instruction concerning the topic of the student’s choosing. The module is to consist of at least one week of instruction, to be delivered entirely online, and to address five major components: module design, interactivity and collaboration, use of technology, assessment, and learner support. Additional guidelines for this assignment are posted in WebCT CourseDen (Course Objectives 1, 3, 4, 7, 8; rubric).

3.3 Project 3: Hands-on Creation of Learning Module in WebCT CourseDen (25 Points)

The student will create a learning module in WebCT CourseDen following the design plan developed for Project 2. Upon completion of the module, the student will also review at least one other student’s module, complete the work in the module (where appropriate), and offer
suggestions for improving the content. The student will post a review in the appropriate forum in WebCT CourseDen (Course Objectives 1, 2, 3, 4, 5, 6, 7, 8; rubric).

***If you desire, you may work in teams of no more than 3 for the design and development components of Projects 3.2 & 3.3 (the review aspect of 3.3 must be completed individually). If you choose to do this, you must inform me beforehand, and you will be required to complete a confidential analysis of each group member’s level of participation.***

3.4 Project 4: Henry County Cooperative Online Course Review Project (60pts)

This semester we are piloting a new and exciting online course review project in partnership with Henry County. This is an authentic, field-based, online learning experience that should prove to be very valuable and enlightening. Your grade for the project will be based on completing specific readings, discussions, review instruments, virtual meetings, and other requirements as outlined in CourseDen. Participation in this project constitutes a large portion of your grade. However, since this is a pilot project, please know that effort on your part counts for a lot and that I, and you, will need to be flexible as we will be adapting as we go along. I will also depend heavily upon your feedback and input for project improvements.

Extra Credit (5 points)

Read Thomas Friedman’s *The World is Flat (updated and expanded 2006 version)*. I have chosen this book because I think it does a very effective job of explaining how technology is radically changing our world, and the way we conduct business and education in an “easily digestible” manner. I consider it a great read for anyone interested in technology education. For this extra credit assignment, you will examine one or more of Friedman’s “flatteners” (or other salient observations) and give your opinion about its potential effect on education generally and distance education specifically. There is no minimum or maximum page limit requirement for this assignment. Just do a thorough analysis.

Evaluation Procedures:

Students are evaluated in the following areas:

<table>
<thead>
<tr>
<th>Activity</th>

GRADING SCALE:

- **A** = 165-148 Points
- **B** = 147-131 Points
- **C** = 130-115 Points
- **F** = Below 114 Points

CLASS, DEPARTMENT, AND UNIVERSITY POLICIES

1. **Submitting Assignments**

   Students are expected to submit assignments on time. All components must be completed to receive a grade. Valid reasons for submitting work late must be cleared by the professor in advance. It is the student's responsibility to contact the professor when extenuating circumstances take place. Points will be deducted for each day an assignment is late. Late online assignments such as discussion board postings will also result in grade reduction. All assignments are due by midnight on the date due. Any assignments posted after midnight are considered late. Each assignment in WebCT CourseDen has a due date and a cut-off date. The cut-off date is one week after the due date. For instance, if an assignment is due January 22nd, the final cut-off date is January 29th. After January 22nd, the assignment is “late.” After January 29th, the assignment is GONE. No assignments more than 1 week late will be accepted.

2. **Professionalism**

   Students are expected to conduct themselves professionally. This is an essential quality for all professionals who will be working in the schools. All students are expected to display a positive attitude. Professionalism includes but is not limited to the following:

   - Participating in interactions and class activities in a positive manner.
   - Collaborating and working equitably with students in the class.
   - Actively participating in class each week.
   - Turning in assignments on time.
   - Arriving at and leaving scheduled Wimba Live Classroom and/or other virtual classes punctually.
   - Treating class members, professor, and colleagues with respect in and out of the classroom.
   - Eliminating interruptions in class.

   Students who display a lack of professionalism will be contacted by the instructor immediately after class when violations take place and informed of the consequences. If there is a second violation the student will meet with a departmental committee and may be dismissed from the program for at least one year.

ACADEMIC HONESTY

All work completed in this course must be original work developed this semester. Students are expected to adhere to the highest standards of academic honesty. Plagiarism occurs when a student uses or
purchases ghostwritten papers. It also occurs when a student utilizes ideas or information obtained from another person without giving credit to that person. If plagiarism or another act of academic dishonesty occurs, it will be dealt with in accordance with the academic misconduct policy as stated in the latest Connection and Student Handbook and the Graduate Catalog.

DISABILITY STATEMENT

All students are provided with equal access to classes and materials, regardless of special needs, temporary or permanent disability, special needs related to pregnancy, etc. If you have any special learning needs, particularly (but not limited to) needs defined under the Americans with Disabilities Act, and require specific accommodations, please do not hesitate to make those known, either yourself or through the Coordinator of Disability Services. Students with documented special needs may expect accommodation in relation to classroom accessibility, modification of testing, special test administration, etc. For more information, please contact Disability Services at the University of West Georgia: http://www.westga.edu/studentDev/index_8884.php. Any student with a disability documented through Student Services is encouraged to contact the instructor right away so that appropriate accommodations may be arranged. In addition, certain accommodations (which will be discussed in class) are available to all students, within constraints of time and space.

COMMUNICATION STATEMENT

Student Email Policy: University of West Georgia students are provided a MyUWG email account, which is the official means of communication between the University and student. It is the student’s responsibility to check this email account for important University related information.

EXTRA CREDIT STATEMENT

Extra credit activities (other than what is listed above) may be offered in this course. If so, details will be made available in WebCT CourseDen.

DUAL SUBMISSION STATEMENT

Coursework that has been completed or will be completed in another course that duplicates or dovetails with an assignment in this course may not be submitted unless prior approval is granted by the instructor. If you foresee this possibility, contact the instructor as soon as possible to request approval for dual submission.

CLASS OUTLINE
This class is delivered using WebCT CourseDen at http://webct.westga.edu/. There will be NO face-to-face meetings in which students are expected to be participants. Students are expected to use WebCT CourseDen for corresponding with each other and the instructor.

Assignments: Work will be submitted using the assignments feature, discussion board, or testing feature of WebCT CourseDen. Please follow the directions in WebCT CourseDen.

Tentative Class Schedule

IF THERE IS ANY CONFLICT BETWEEN WHAT IS PRESENTED HERE AND WHAT IS SEEN IN WebCT COURSEDEN, COURSEDEN TAKES PRECEDENCE!

COURSE DESCRIPTION

This course focuses on current issues and challenges for the distance education professional. Students will be prepared to assume the role of an e-learning teacher and professional through the study of distance education research as well as the analysis, design, development, implementation, and evaluation of e-learning environments. Students will examine the management of e-learning initiatives including cultural impact; budget, technological and managerial requirements; quality support; policy issues; development of e-learning materials; facilitating instruction and interaction; and other areas of professional development and training.

CONCEPTUAL FRAMEWORK

The conceptual framework of the College of Education at UWG forms the basis on which programs, courses, experiences, and outcomes are created. With the goal of Preparing Exemplary Practitioners, our programs incorporate ten descriptors (knowledgeable, reflective, inquisitive, decisive, adaptive, proactive, leading, collaborative, culturally sensitive, empathetic), clustered into three interrelated and overlapping themes, that demonstrate our commitment to (a) Professional Excellence; (b) Field-Based Inquiry; and (c) the Betterment of Society. These themes and descriptors are integral components of the conceptual framework and provide the basis for developing exemplary practitioners who are prepared to improve schools and communities. National and state standards (National Board for Professional Teaching Standards [NBPTS] and International Society for Technology in Education [ISTE]) also are incorporated as criteria against which candidates are measured.

The mission of the College of Education is to provide excellence in the initial and advanced preparation of professionals for a variety of settings, to foster an innovative learning community, and to empower a faculty committed to teaching and the dissemination of knowledge. This course's objectives, activities, and assignments are related directly to the conceptual framework and national standards, as identified below.

COURSE OBJECTIVES

Students will:

1. synthesize knowledge, skills, and understanding of concepts related to distance education as they relate to instruction (Ashby, 2002; Cleveland-Innes, M. F., & Garrison, D. R., 2010; Huett, Moller, & Young, 2005; Keegan, 1986; Moore, 1989; Palkoff & Pratt, 1999, 2003; Porter, 1997; Roblyer, 2001; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Lifelong Learners; Adaptive; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE/NETS-T 1 (A-D)).
2. analyze and evaluate distance education research, trends, and emerging technologies (Bonk, 2009; Downs & Moller, 1999; Driscoll, 1998; Hanna, Glowacki-Dudka, & Conceicao-Runlee, 2000; Keegan, 1986; Palloff & Pratt, 1999, 2003; Porter, 1997; Weiss, Knowlton, & Speck, 2000; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE/NETS-T 2 (D); 5 (A-D)).

3. evaluate and synthesize current research on teaching and learning with technology to design, plan, and evaluate instructional systems as they relate to distance education (Huett, Moller, & Young, 2005; Huett, Moller, & Mortensen, 2005; Keller & Suzuki, 2004; Palloff, & Pratt, 1999, 2003; Sharp & Huett, 2006; Williams, Paprock, & Covington, 2004). (Decision Makers; Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE/NETS-T 2 (A-D); 5 (C)).

4. research, prioritize, implement, and evaluate instructional design principles associated with the development of distance education systems (Ashby, 2002; Huett, Moller, & Young, 2005; Keegan, 1986; Moore, 1989; Palloff & Pratt, 1999, 2003; Porter, 1997; Roblyer, 2001; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Decision Makers; Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE/NETS-T 2 (A-D); 5 (C)).

5. design, implement, and evaluate distance education environments that meet the diverse needs of learners and instructors (Ashby, 2002; Downs & Moller, 1999; Huett, Moller, & Young, 2005; Huett, Moller, & Mortensen, 2005; Huett, J., Kalinowski, K., Moller, L., & Huett, K., 2008; Moore & Anderson, 2003; Moore & Kearsley, 2005; Keegan, 1986; Keller & Suzuki, 2004; Moore, 1989; Schweizer, 1999; Sharp & Huett, 2006; Song, 2000; Weiss, Knowlton, & Speck, 2000; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Decision Makers; Leaders; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE/NETS-T 1 (A-D); 3 (A-D); 4 (A-D)).

6. select, propose, and justify technology-based resources for a distance education environments (Hanna, Glowacki-Dudka, & Conceicao-Runlee, 2000; Moore & Anderson, 2003; Moore & Kearsley, 2005; Roblyer, 2001; Schweizer, 1999; Weiss, Knowlton, & Speck, 2000; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Decision Makers; Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE/NETS-T 2 (A-D); 3 (A-D); 4 (A-D)).

7. plan and assess the management of distance education instructional resources within the context of learning activities (Ashby, 2002; Huett, Moller, & Young, 2005; Keegan, 1986; Moore, 1989; Palloff & Pratt, 1999, 2003; Porter, 1997; Roblyer, 2001; White & Weight, 2000; Williams, Paprock, & Covington, 2004.) (Decision Makers; Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE/NETS-T 2 (A-D); 3 (A-D); 4 (A-D)).
Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE/NETS-T 2 (A-D); 3 (D); 5 (A-D)).

8. propose and prioritize strategies to manage student learning in a distance education environment (Ashby, 2002; Christensen, C. M., Horn, M. B., & Johnson, C. W., 2008; Downs & Moller, 1999; Huett, Moller, & Young, 2005; Huett, Moller, & Mortensen, 2005; Huett, J., Sharp, J., & Huett, K., 2010; Moore & Anderson, 2003; Moore & Kearsley, 2005; Keegan, 1986; Keller & Suzuki, 2004; Moore, 1989; Schweizer, 1999; Sharp & Huett, 2006; Song, 2000; Weiss, Knowlton, & Speck, 2000; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Decision Makers; Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE/NETS-T 1 (A-D); 2(A-D); 3 (A-D); 4 (A-D)).

9. propose, produce, and critique multiple methods of evaluation for use in distance education systems (Hanna, Glowacki-Dudka, & Conceicao-Runlee, 2000; Huett, Moller, & Mortensen, 2005; Moore & Anderson, 2003; Moore & Kearsley, 2005; Roblyer, 2001; Schweizer, 1999; Weiss, Knowlton, & Speck, 2000; White & Weight, 2000; Williams, Paprock, & Covington, 2004). (Decision Makers; Leaders; Lifelong Learners; Adaptive; Collaborative; Culturally Sensitive; Empathetic; Knowledgeable; Proactive; and Reflective; NBPTS Propositions 1, 2, 3, 4, 5; ISTE/NETS-T 3(D); 5 (C)).

TEXTS, READINGS, AND INSTRUCTIONAL RESOURCES

Required Text:

Course Prerequisites and Software:

Prerequisite: MEDT 7472. This course will be delivered entirely at a distance with no face-to-face (F2F) meetings. The following are the minimum requirements for completing this class successfully. You must meet these requirements to participate in the class.

- Access to a personal computer (PC or MAC) with speakers and a microphone (headset) to complete the course work.
- High-speed internet service (DSL, Cable, etc.) is strongly recommended. If high-speed internet is not available in your area, contact your instructor immediately. Completion of course requirements will be very difficult and cumbersome without high-speed service.
- Software requirements: Microsoft Office 2003 or higher (available free of charge at UWG), Adobe Reader, and other potentially required downloads listed in WebCT CourseDen.

References:

ASSIGNMENTS, EVALUATION PROCEDURES, AND GRADING POLICIES
Link to Conceptual Framework:

As students complete their assignments, they will have demonstrated achievement in the areas of decision making: selecting topic areas in the student's field of study to design and develop an online learning module and interactive tutorial (course activities 1.0, 2.1, 3.1-3.4); leadership: enhancing his/her knowledge and skills in distance education in order to integrate technology more extensively on the job, at a distance, and to assist others as needed (course activities 1.0, 2.1, 3.1-3.4); lifelong learning: studying how to integrate technology into the work place and distant environment (course activities 1.0, 2.1, 3.1-3.4); being adaptive: changing educational practices to meet the needs of distance learners (course activities 1.0, 2.1, 3.1-3.4); collaboration: working with colleagues and stakeholders to plan and carry out school improvements in technology (course activities 1.0, 2.1, 3.1-3.4); cultural sensitivity: adapting interventions and technology innovations to meet the needs of diverse distance learners (course activities 2.1, 3.1-3.4); empathy: demonstrating sensitivity to the needs of individual, family, and community needs (course activities 1.0, 2.1, 3.1-3.4); knowledge: drawing on pedagogical, content, and professional knowledge, including knowledge from others’ postings in the online bulletin board when developing distance education systems(course activities 1.0, 2.1, 3.1-3.4); being proactive: implementing new interventions and innovations in technology to better serve distance learners (course activities 1.0, 2.1, 3.1-3.4) and reflection: engaging in ongoing, continuous reflection related to technology to determine the effectiveness of interventions/innovations and school changes that are needed to more effectively integrate technology into the curriculum both local and distant (course activities 1.0, 2.1, 3.1-3.4).

Activities and Assessments:

1.0 Class Participation (20 points)

Students will participate in the course regularly and will attend any Wimba Live Classroom or other virtual meeting session(s) scheduled in WebCT CourseDen (if applicable) and generally be prepared for the class. Absence from virtual meetings or noted absence of participation may lower a student’s cumulative point total by 20 points. Virtual conference sessions with outside experts/teachers in the field of distance education may be scheduled. If these conferences are scheduled, it is expected that students will prepare, attend, and ask questions. Scheduling and requirements will be posted in WebCT CourseDen. (Objectives 1, 2, 3, 4, 5, 6, 7; disposition; teacher observation)

2.0 Weekly Work

2.1 Discussions (6 weeks @ 5 points each = 30 points)

The student will respond to a discussion prompts provided by the instructor. With a few exceptions, the student is expected to make an initial posting on or before Wednesday of the week the discussion posting is first available and follow up with remaining postings during the week. Students are expected to read and participate in all online discussions. Each discussion (except where noted elsewhere) is worth 5 points. You are required to post your initial thoughts (3pts) and respond to AT LEAST two other postings (2pts). Video posting of discussion responses is encouraged. A reflective
response includes new information, personal perspectives, or other input that shows thought and consideration of the issue. It goes beyond simple agreement with or endorsement of responses that have already been posted. (Course Objectives 1, 2, 3, 4; Teacher Observation, WebCT CourseDen DB postings, Online discussions)

3.0 Student Work

All student work submitted during the course is required to be original. All projects must be completed to be graded. It is strongly recommended that you begin work on ALL of the projects as soon as possible. Do not rely solely on the suggested schedule to tell you when to start and finish these projects. Please work early and often!

3.1 Project 1: Redesign an Existing Course (25 points)

Working in teams, students will redesign an existing online course. Students will be presented with a current online class and asked to redesign the course for more effective delivery. Students will focus on analyzing their intended audience and then on improving course navigation and layout; selecting or updating technologies to enhance learning; designing to facilitate interaction, communication, and collaborative learning; and articulating clearly the learning objectives, expectations, activities, and assignments. In addition to the class improvements, the group will produce a wiki-report justifying their changes. Additional guidelines for this assignment are posted in WebCT CourseDen (Course Objectives 1, 2, 4, 5, 6, 7, 8; rubric).

3.2 Project 2: Virtual Mentorship (25 points)

Each student will be assigned (or will locate and have approved) a virtual mentor to collaborate with over the term. The student will observe and participate in the mentor’s online class. The details of the assignment will vary based on expectations established with the mentor. This assignment serves as partial fulfillment of the internship requirement for endorsement. The student will submit a reflection report about the collaboration. Additional guidelines for this assignment are posted in WebCT CourseDen (Course Objectives 1, 2, 3, 4, 5, 6, 7, 8; rubric).

3.3 Project 3: Online Learning Proposal/Instructional Design Plan (25pts)

The student will craft an online learning proposal and action plan to address a demonstrated need. The proposal will highlight the nature of the online project (why it is important, why it needs doing, and what will be accomplished), how it will accomplished, where it will take place, who is the target population, what are the expected outcomes and how will they be measured/assessed, etc. Additional guidelines for this assignment are posted in WebCT CourseDen (Course Objectives 1, 2, 3, 4, 5, 6, 7, 8; rubric).

3.4 Project 4: Hands-on Creation and Delivery of Learning Module (25 points)

The student will create a learning module in WebCT CourseDen or the learning management platform of their choice for delivery to an audience in their chosen field.
module, the student will present the content to the appropriate audience and assess the
effectiveness of their instructional design. *This assignment serves as partial fulfillment of the
internship requirement for endorsement.* Additional guidelines for this assignment are posted in
*WebCT CourseDen* (Course Objectives 1, 2, 3, 4, 5, 6, 7, 8; rubric).

**Evaluation Procedures:**

Students are evaluated in the following areas:

<table>
<thead>
<tr>
<th>Activity</th>
<th>Total Points</th>
<th>Type of Assessment</th>
<th>Due Dates/Location</th>
</tr>
</thead>
<tbody>
<tr>
<td>Class Participation</td>
<td>20</td>
<td>Teacher Observations</td>

</tbody>
</table>

*Projects 3.2 and 3.4 constitute the field experience requirement for the Online Teaching
Endorsement and must be completed with a passing score.*

**GRADING SCALE:**

- A = 150-134 Points
- B = 133-119 Points
- C = 118-104 Points
- F = Below 104 Points

**CLASS, DEPARTMENT, AND UNIVERSITY POLICIES**

1. **Submitting Assignments**

   Students are expected to submit assignments on time. All components must be completed to
   receive a grade. Valid reasons for submitting work late must be cleared by the professor in advance.
   It is the student's responsibility to contact the professor when extenuating circumstances take place.
   Points will be deducted for each day an assignment is late. Late online assignments such as discussion
   board postings will also result in grade reduction. All assignments are due by midnight on the date due.
   Any assignments posted after midnight are considered late. Each assignment in *WebCT CourseDen* has a due date and a cut-off date. The cut-off date is one week after the due date. For instance, if an assignment is due January 22\(^{nd}\), the final cut-off date is January 29\(^{th}\). After January 22\(^{nd}\), the assignment is "late." After January 29\(^{th}\), the assignment is GONE. No assignments more than 1 week late will be accepted.
2. Professionalism

Students are expected to conduct themselves professionally. This is an essential quality for all professionals who will be working in the schools. All students are expected to display a positive attitude. Professionalism includes but is not limited to the following:

- Participating in interactions and class activities in a positive manner.
- Collaborating and working equitably with students in the class.
- Actively participating in class each week.
- Turning in assignments on time.
- Arriving at and leaving scheduled Wimba Live Classroom and/or other virtual classes punctually.
- Treating class members, professor, and colleagues with respect in and out of the classroom.
- Eliminating interruptions in class.

Students who display a lack of professionalism will be contacted by the instructor immediately after class when violations take place and informed of the consequences. If there is a second violation the student will meet with a departmental committee and may be dismissed from the program for at least one year.

ACADEMIC HONESTY

All work completed in this course must be original work developed this semester. Students are expected to adhere to the highest standards of academic honesty. Plagiarism occurs when a student uses or purchases ghostwritten papers. It also occurs when a student utilizes ideas or information obtained from another person without giving credit to that person. If plagiarism or another act of academic dishonesty occurs, it will be dealt with in accordance with the academic misconduct policy as stated in the latest Connection and Student Handbook and the Graduate Catalog.

DISABILITY STATEMENT

All students are provided with equal access to classes and materials, regardless of special needs, temporary or permanent disability, special needs related to pregnancy, etc. If you have any special learning needs, particularly (but not limited to) needs defined under the Americans with Disabilities Act, and require specific accommodations, please do not hesitate to make those known, either yourself or through the Coordinator of Disability Services. Students with documented special needs may expect accommodation in relation to classroom accessibility, modification of testing, special test administration, etc. For more information, please contact Disability Services at the University of West Georgia: http://www.westga.edu/studentDev/index_8884.php. Any student with a disability documented through Student Services is encouraged to contact the instructor right away so that appropriate accommodations may be arranged. In addition, certain accommodations (which will be discussed in class) are available to all students, within constraints of time and space.
COMMUNICATION STATEMENT

Student Email Policy: University of West Georgia students are provided a MyUWG email account, which is the official means of communication between the University and student. It is the student's responsibility to check this email account for important University related information.

EXTRA CREDIT STATEMENT

Extra credit activities (other than what is listed above) may be offered in this course. If so, details will be made available in WebCT CourseDen.

DUAL SUBMISSION STATEMENT

Coursework that has been completed or will be completed in another course that duplicates or dovetails with an assignment in this course may not be submitted unless prior approval is granted by the instructor. If you foresee this possibility, contact the instructor as soon as possible to request approval for dual submission.

CLASS OUTLINE

This class is delivered using WebCT CourseDen at http://webct.westga.edu/. There will be NO face-to-face meetings in which students are expected to be participants. Students are expected to use WebCT CourseDen for corresponding with each other and the instructor.

Assignments: Work will be submitted using the assignments feature, discussion board, or testing feature of WebCT CourseDen. Please follow the directions in WebCT CourseDen.

Tentative Class Schedule

IF THERE IS ANY CONFLICT BETWEEN WHAT IS PRESENTED HERE AND WHAT IS SEEN IN WebCT COURSEDEN, COURSEDEN TAKES PRECEDENCE!

Addendum VII
105 Dismissal Process of a Faculty Member

The President may at any time remove any faculty member for cause. Adequate cause for dismissal will be related directly or substantially to the fitness of the faculty member in his or her professional capacity. Dismissal will not be used to restrain faculty members in their exercise of academic freedom or rights protected by the United States Constitution.

The Board of Regents Policy Manual states grounds for dismissal (8.3.9.1) of tenured faculty. Board Policy (8.3.9.1.9) permits institutions to make additions to grounds for dismissal. The grounds for dismissal which follow are institutional grounds are superseded by Board Policy in all cases of conflict. Grounds or “cause” for dismissal may include, but shall not be limited to, the following conduct unbecoming a faculty member:

**Grounds for Removal** (per BOR 8.3.9.1 Grounds for Removal)

1. Conviction or admission of guilt of a felony or of a crime involving moral turpitude during the period of employment—or prior thereto if the conviction or admission of guilt was willfully concealed.

2. Professional incompetency, intentional or habitual neglect of duty, or default of academic integrity in teaching, in research, or in scholarship.

3. Unlawful manufacture, distribution, sale, use or possession of illegal drugs as defined by Georgia laws; teaching or working under the influence of alcohol which interferes with the faculty member’s performance of duty or his/her responsibilities to the institution or to his/her profession (BOR minutes 1989-90, pp.384-385).

5. Physical or mental incompetency as determined by law or by a medical board of three (3) or more licensed physicians, or as otherwise authorized by law.

6. Intentional misrepresentation related to official documents filed with the Institution

7. Disruption of any teaching, research, administrative, disciplinary, public service or other authorized activity.

8. Willful violation of Regents’ or Institution’s published policies and procedures that constitute serious misconduct.

**105 Procedures for Removal of Faculty Members**

*(see Article V, Section 3, UWG Statutes)*

105.01 The President may at any time remove any faculty member for cause. Cause or grounds for dismissal are set forth in the Tenure regulations of the policies of the Board of Regents and in the approved statutes or by laws of an Institution. (Whenever the words "President" or
105.02 Preliminary Procedures
The dismissal of a tenured faculty member or a non-tenured faculty member during his or her contract term should be preceded by:

105.0201 Discussion between the faculty member and appropriate administrative officers looking toward a mutual settlement.

105.0202 Informal inquiry by an appropriate faculty committee which may, upon failing to effect an adjustment, advise the President whether dismissal proceedings should be undertaken; its advisory opinion shall not, however, be binding upon the President.

105.0203 A letter to the faculty member forewarning that he or she is about to be terminated for cause and informing him or her that a statement of charges will be forwarded to him or her upon request. The faculty member may also request a formal hearing on the charges before a faculty committee. Failure to request charges or a hearing within a reasonable time shall constitute a waiver of the right to a hearing.

105.0204 A statement of charges, if requested by the faculty member, framed with reasonable particularity by the President or his or her designated representative.

105.03 Provision for Hearing Committee

105.0301 A dismissal as defined above shall be preceded by statement of charges or causes (grounds for dismissal) if so requested, including a statement that the faculty member concerned shall have the right to be heard by a faculty hearing committee.

105.0302 The hearing committee shall consist of not less than three or more than five impartial faculty members appointed by the Faculty and Administrative Staff Personnel Committee (or its equivalent) from among the members of the entire faculty (as defined by the Board of Regents Policy Manual).

105.0303 Members of the Hearing Committee may serve concurrently on other committees of the faculty. The Hearing Committee will meet as a body when it is called into session by the chair of the body which selected them either at his or her discretion or upon the request of the President or the faculty member who is subject to dismissal.
105.0304 When the Hearing Committee is called into session, it shall elect a chair from among its membership. A member should remove himself or herself from the case, either at the request of a party or on his or her own initiative if he or she deems himself or herself disqualified for bias or interest. Each party shall have a maximum of two challenges without stated cause, provided, however, that all challenges whether with or without cause shall be made in writing and filed with the chair of the Hearing Committee at least five days in advance of the date set for the hearing. The chair shall have the authority to decide whether a member of the committee is disqualified for cause. If the chair determines that a member is so disqualified or if a committee member removes himself or herself from a case, the replacement shall be made in the same manner as the original committee was selected. If the chair is thus removed, the committee shall elect a new chair after committee replacements have been appointed. A minimum of three (3) members is required for any action to be taken.

105.04 Dismissal Procedures
In all instances where a hearing is requested, the following hearing procedures shall apply:

105.0401 Service of notice of the hearing with specific reasons or charges against the faculty member together with the names of the members of the Hearing Committee shall be made in writing at least twenty (20) days prior to the hearing. The faculty member may waive a hearing or he or she may respond to the charges in writing at least five (5) days in advance of the date set for the hearing. If a faculty member waives a hearing, but denies the charges or asserts that the charges do not support a finding of adequate cause, the Hearing Committee shall evaluate all available evidence and rest its recommendation upon the evidence in the record;

105.0402 The Hearing Committee, in consultation with the President and the faculty member, may exercise its judgment as to whether the hearing should be public or private.

105.0403 During the proceedings, the faculty member and the administration shall be permitted to have an academic advisor and/or counsel of his or her choice. The Hearing Committee will be permitted to have advisory counsel.

105.0404 At the request of either party or the chair of the Hearing Committee, a representative of a responsible education association shall be permitted to attend as an observer.

105.0405 A tape recording or transcript of the proceedings shall be kept and made available to the faculty member and the administration in the event an appeal is filed.

105.0406 An oath or affirmation shall be administered to all witnesses by any person authorized by law to administer oaths in the State of Georgia.
105.0407 The Hearing Committee may grant adjournments to enable either party to investigate evidence as to which a valid claim of surprise is made.

105.0408 The faculty member and the administration shall be afforded a reasonable opportunity to obtain necessary witnesses and documentary or other evidence.

105.0409 The faculty member and the administration will have the right to confront and cross examine all witnesses. When the witness cannot or will not appear, but the committee determines that the interests of justice require the admission of his or her statement, the committee will identify the witness, disclose his or her statement and, if possible, provide for interrogatories.

105.0410 The Hearing Committee will not be bound by strict rules of legal evidence and may admit any evidence which is of probative value in determining the issues involved. Every possible effort will be made to obtain the most reliable evidence available. All questions relating to admissibility of evidence or other legal matters, shall be decided by the chair or presiding officer.

105.0411 The findings of fact and the decision of the Hearing Committee will be based solely on the hearing record.

105.0412 Except for such simple announcements as may be required over the time of the hearing and similar matters, public statement and publicity about the case by either the faculty member or administrative officers should be avoided until the proceedings have been completed, including consideration by the Board of Regents in the event an appeal is filed. The President and the faculty member will be notified in writing of the decision and recommendation, if any, of the Hearing Committee.

105.0413 If the committee concludes that adequate cause for dismissal has not been established by the evidence in the record, it will so report to the President. If the President does not approve the report, he or she should state his or her reasons in writing to the committee for response before rendering his or her final decision. If the committee concludes that an academic penalty less than dismissal would be more appropriate than dismissal, it may so recommend with the supporting reasons. The President may or may not follow the recommendations of the committee.

105.0414 After complying with the foregoing procedures, the President shall send an official letter to the faculty member notifying him or her of his or her retention or removal for cause. Such letter shall be delivered to addressee only, with receipt to show to whom and when delivered and address where delivered. The letter shall clearly state any charges which the President has found sustained and shall notify such person that he or she may appeal to the Board.
of Regents for review. The appeal shall be submitted in writing to the Executive Secretary of the Board within twenty (20) days following the decision of the President. It shall state the decision complained of and the redress desired. The Board or a committee of the Board shall investigate the matter thoroughly and render its decision thereon within sixty (60) days from the date of the receipt of the appeal or from the date of any hearing which may be held thereon.

105.0415 Upon dismissal by the President, the faculty member shall be suspended from employment without pay from the date of the final decision of the President. Should the faculty member be reinstated by action of the Board of Regents, he or she shall be compensated from the date of suspension.
105 Dismissal Process of a Faculty Member

The President may at any time remove any faculty member for cause. Adequate cause for dismissal will be related directly or substantially to the fitness of the faculty member in his or her professional capacity. Dismissal will not be used to restrain faculty members in their exercise of academic freedom or rights protected by the United States Constitution.

The Board of Regents Policy Manual states grounds for dismissal (8.3.9.1) of tenured faculty. Board Policy (8.3.9.1.9) permits institutions to make additions to grounds for dismissal. The grounds for dismissal which follow are institutional grounds are superseded by Board Policy in all cases of conflict. Grounds or “cause” for dismissal may include, but shall not be limited to, the following conduct unbecoming a faculty member:

**Grounds for Removal** (per BOR 8.3.9.1 Grounds for Removal)

1. Conviction or admission of guilt of a felony or of a crime involving moral turpitude during the period of employment—or prior thereto if the conviction or admission of guilt was willfully concealed.
2. Professional incompetency, intentional or habitual neglect of duty, or default of academic integrity in teaching, in research, or in scholarship.
3. Unlawful manufacture, distribution, sale, use or possession of illegal drugs as defined by Georgia laws; teaching or working under the influence of alcohol which interferes with the faculty member’s performance of duty or his/her responsibilities to the institution or to his/her profession (BOR minutes 1989-90, pp.384-385).
5. Physical or mental incompetency as determined by law or by a medical board of three (3) or more licensed physicians, or as otherwise authorized by law.
6. Intentional misrepresentation related to official documents filed with the Institution
7. Disruption of any teaching, research, administrative, disciplinary, public service or other authorized activity.
8. Willful violation of Regents’ or Institution’s published policies and procedures that constitute serious misconduct.
Addendum VIII
UWG PROCEDURE NUMBER: UWG Procedure 2.6.1, Dismissal Process
Authority: UWG POLICY: UWG Policy 2.6, Discipline and Grievance Procedures

The University of West Georgia faculty, pursuant to the authority of UWG Policy 2.6, establishes the following procedure for compliance with UWG Policy 2.6 on Discipline and Grievance Procedures:

Purpose of the procedure is to clearly communicate to University of West Georgia faculty the Dismissal Procedure.

A. Definitions.
   1. Dismissal- the termination of employment of a faculty member.

B. Procedures:
These procedures shall apply only to the dismissal of a faculty member with tenure, or a non-tenured faculty member before the end of the term specified in his/her contract.

It is intended that the procedures set forth below shall be considered as minimum standards of due process and shall not be construed as a limitation upon individual standards or procedures, consistent with the Policy Manual and Bylaws of the Board, which a USG institution may elect to adopt for its own improvement or to make adjustment to its own particular circumstances.

Such additional standards or procedures shall be incorporated into the statutes of the institution. The president may at any time remove any faculty member for cause. Cause or grounds for dismissal are set forth in Section 8.3.9.1 of the BOR Policy Manual and in the approved statutes or bylaws of an institution. Whenever the words “president” or “administration” are used in these procedures, they shall be construed to include the designated representative of the president.

Preliminary Procedures
The dismissal of a tenured faculty member, or a non-tenured faculty member during his/her contract term should be preceded by:

1. Discussion between the faculty member and appropriate administrative officers looking toward a mutual settlement.
2. Informal inquiry by an appropriate faculty committee which may, upon failing to effect an adjustment, advise the president whether dismissal proceedings should be undertaken; its advisory opinion shall not be binding upon the president.
3. A letter to the faculty member forewarning that he/she is about to be terminated for cause and informing him/her that a statement of charges will be forwarded to him/her.
4. The faculty member may also request a formal hearing on the charges before a faculty committee. Failure to request charges within 5 university business days or a hearing within 10 university business days of receiving the statement of charges shall constitute a waiver of the right to a hearing.
5. A statement of charges framed with reasonable particularity by the president or his or her designated representative. Along with the charges, the faculty member shall be advised...
of the names of the witnesses to be used against him or her together with the nature of their expected testimony.

Provision for Hearing Committee

1. A dismissal as defined above shall be preceded by statement of charges or causes (grounds for dismissal), including a statement that the faculty member concerned shall have the right to be heard by a faculty hearing committee.

2. The Hearing Committee shall consist of not fewer than three (3) or more than five (5) impartial faculty members appointed by the executive committee of the Senate, from among the members of the entire faculty, as defined in Section 8.1.1 of the BOR Policy Manual, of the institution.

3. Members of the Hearing Committee may serve concurrently on other committees of the faculty. The Hearing Committee will meet as a body when it is called into session by the chair of the body that selected them either at his/her discretion, or upon the request of the president or the faculty member who is subject to dismissal.

4. When the Hearing Committee is called into session, it shall elect a chair from among its membership. A member should remove himself/herself from the case, either at the request of a party or on his/her own initiative if he/she deems himself/herself disqualified for bias or interest. Each party shall have a maximum of two (2) challenges without stated cause, provided, however, that all challenges whether with or without cause shall be made in writing and filed with the chair of the Hearing Committee at least five (5) university business days in advance of the date set for the hearing. The chair shall have the authority to decide whether a member of the committee is disqualified for cause. If the chair determines that a member is so disqualified or if a committee member removes himself/herself from a case, the replacement shall be made in the same manner as the original committee was selected. If the chair is thus removed, the committee shall elect a new chair after committee replacements have been appointed. A minimum of three (3) members is required for any action to be taken.

Dismissal Procedures

In all instances where a hearing is requested, the following hearing procedures shall apply:

1. Service of notice of the hearing with specific reasons or charges against the faculty member together with the names of the members of the Hearing Committee shall be made in writing at least twenty (20) university business days prior to the hearing. The faculty member may waive a hearing or he/she may respond to the charges in writing at least five (5) university business days in advance of the date set for the hearing. If a faculty member waives a hearing, but denies the charges or asserts that the charges do not support a finding of adequate cause, the Hearing Committee shall evaluate all available evidence and rest its recommendation upon the evidence in the record.
2. The Hearing Committee, in consultation with the president and the faculty member, may exercise its judgment as to whether the hearing should be public or private.

3. During the proceedings the faculty member and the administration shall be permitted to have an academic advisor and/or counsel of his/her choice. The Hearing Committee will be permitted to have advisory counsel.

4. At the request of either party or the chair of the Hearing Committee, a representative of a responsible education association shall be permitted to attend as an observer.

5. A recording or transcript of the proceedings shall be kept and made available to the faculty member and the administration in the event an appeal is filed.

6. An oath or affirmation shall be administered by the chair of the Hearing Committee to all witnesses by any person authorized by law to administer oaths in the State of Georgia.

7. The Hearing Committee may grant adjournments to enable either party to investigate evidence as to which a valid claim of surprise is made.

8. The faculty member and the administration shall be afforded a reasonable opportunity to obtain necessary witnesses and documentary or other evidence.

9. The faculty member and the administration will have the right to confront and cross-examine all witnesses. Where the witness cannot or will not appear but the Committee determines that the interests of justice require the admission of his/her statement, the Committee will identify the witness, disclose his statement and if possible provide for interrogatories.

10. The Hearing Committee will not be bound by strict rules of legal evidence and may admit any evidence which is of probative value in determining the issues involved. Every possible effort will be made to obtain the most reliable evidence available. All questions relating to admissibility of evidence or other legal matters shall be decided by the chair or presiding officer.

11. The findings of fact and the decision of the Hearing Committee will be based solely on the hearing record.

12. Except for such simple announcements as may be required covering the time of the hearing and similar matters, public statements and publicity about the case by either the faculty member or administrative officers should be avoided until the proceedings have been completed, including consideration by the Board of Regents in the event an appeal is filed. The president and the faculty member will be notified in writing of the decision and recommendation of the Hearing Committee.

13. If the Committee concludes that adequate cause for dismissal has not been established by the evidence in the record, it will so report to the president and the faculty member. If the president does not approve the report, he/she should state his/her reasons in writing to the Committee for response before rendering his/her final decision. If the Committee concludes that an academic penalty less than dismissal would be more appropriate than dismissal, it may so recommend with supporting reasons. The president may or may not follow the recommendations of the Committee.
14. After complying with the foregoing procedures, the president shall send an official letter to the faculty member notifying him/her of his/her retention or removal for cause. Such letter shall be delivered to addressee only, with receipt to show to whom and when delivered and address where delivered. The letter shall clearly state any charges which the president has found sustained and shall notify such person that he/she may apply for discretionary review as provided for in Policy 8.6. (BoR Minutes, February 2015)

15. Upon dismissal by the president, the faculty member shall be suspended from employment without pay from the date of the final decision of the president. Should the faculty member be reinstated pursuant to an application under Policy 8.6, he/she shall be compensated from the date of the suspension. (BoR Minutes, February 2015)

C. Compliance [or Penalties].

The University of West Georgia follows the Board of Regents policies on this matter, and to the extent the language conflicts, the Board of Regents language prevails. (See Sections BOR 8.3.9.1 and BOR 8.3.9.2, BOR Manual).
