   Absent:
   Boumenir, Hansen, Mbaye, Pencoe, and Rees

3. Minutes

   A) The April 16, 2021 Meeting Minutes were approved electronically on April 23, 2021.

4. Administrator Reports

   A) Report from the President

   • The new Richards College of Business building is nearly completed and is on schedule.
   • The final design for the Humanities Building Renovation Project is almost ready and will be submitted to the Board of Regents and the USG soon for their approval.
   • There are no updates as yet on the Chancellor search.
   • President Kelly provided more information about the separation of the Division of Student Affairs and Enrollment Management into two separate offices (see June 11, 2021 Zoom Meeting, beginning at 23:10). The reorganization will allow us to become a more organized and competitive marketplace, as well as provide better focus on enrollment strategies within the areas of recruitment, retention, and graduation. Vice President Fortune will continue to serve as Vice President for Student Affairs, while the search for a new Vice President for Strategic Enrollment Management begins soon. VP
Fortune will continue to serve as head of both divisions until the VP for Strategic Enrollment Management is hired. The functions of this reorganized unit will include Undergraduate Admissions, Financial Aid, the Center for Adult Learners and Veterans, International Student Admissions and Programs, and New Student Programs.

- Orientation Programming has moved away from the two 8-hr-day program to smaller pods with more customized personal service and attention. We are offering 126 Orientation Sessions this summer.
- Please help us congratulate undergraduate student and Men’s Basketball player Michael Zabetakis, who was awarded the Gulf South Conference Commissioner's Trophy, the league’s top individual award, last week.

B) Report from the Provost

- We are back to normal operations in the fall with in-person on-campus courses as well as online and hybrid options. We are seeing a rise in demand for online classes, but still have a robust number of hybrid and in-person classes as well.
- The Provost provided more information regarding the investment in classroom improvements and upgrades as well as livestream (see June 11, 2021 Zoom Meeting, beginning at 37:40). Dr. Preston stated that all recorded lectures will be posted within CourseDen with firewall protection in order to safeguard and maintain privacy compliances. With regards to the perspectives of review, oversight, permissions, and pedagogy, he recommends that we take two approaches: (1) what is the technology, and (2) what does the enhancement provide for us. IT will be providing User Guides, tutorials, and numerous resources for faculty in the coming weeks.
- Summer enrollment is up and on par with last summer’s numbers.
- Letters of Recommendation are now optional for faculty applicant portfolios. They can be required if search committees would like to require them, but they are not required by the university as a whole.
- The Provost provided a brief update on the searches for Vice Provost and Vice President for Innovation and Research (see June 11, 2021 Zoom Meeting, beginning at 43:28).
- The deadline for applications for Director of the Office of Education Abroad program has been extended into September. The Advisory Council for this unit meets regularly in
order to ensure that our education abroad programs remain vibrant and meet the changing needs and interests of our students and faculty.

- Our SACSCOC reaffirmation of accreditation is targeted for about two years out, but we are working towards a robust and inclusive opportunity for faculty and groups of faculty to propose QEP areas of focus. Faculty will have many opportunities to provide feedback and comment before we coalesce around a university-wide QEP in the spring that can be applied broadly for students in all majors and all programs. This will allow us to implement it in earnest well before our reaffirmation visit.

- UWG is planning faculty and student led Summer Camps for Summer 2022 (see June 11, 2021 Zoom Meeting, beginning at 47:39). These will not only provide more community engagement, but they will provide great opportunities for recruitment by introducing potential students to UWG much earlier.

- The Provost spoke at length about the ongoing comprehensive analysis of programs (see June 11, 2021 Zoom Meeting, beginning at 50:00). A significant amount of data has been collected and passed on to the Deans. While there is a focus on credit hour production, enrollment, and DFW rates, there is considerable focus on providing students with options and flexibility within distinct and competitive co-curricular programs.

**Q&A:**

- When asked about expected enrollment numbers for incoming freshmen this fall, as well as the expected or current retention rate for the fall, President Kelly stated that it was too early to give exact numbers (see June 11, 2021 Zoom Meeting, beginning at 53:41). Students tend to act later at regional comprehensive universities like ours, and enrollment and registration roll outs occur on a slightly more delayed scale. The Provost added that prospective students attend multiple college and university orientations before making a final decision, and our orientation and enrollment strategies are focused on remaining competitive within these trends. Enrollment is a moving target and both our aspiration and our expectation is flat enrollment. President Kelly and Provost Preston responded to a few follow-up questions regarding decreased enrollment numbers in May and how those numbers have changed in June (see June 11, 2021 Zoom Meeting, beginning at 1:03:33).
When asked about the budget and where the new money was coming from for additional VP positions and other new items that are being added, President Kelly stated that we should not expect new money (see June 11, 2021 Zoom Meeting, beginning at 59:38). Instead, we have to rely on the resources that we have available to us, and there is a high bar for scrutiny from the Board of Regents. We are taking resources that currently exist and we are trying to make them work harder by taking dollars that were not used as effectively to get the desired outcomes of the university and reinvesting them in places where we will get those desired outcomes.

President Kelly provided more information on UWG’s change in marketing firms from Mindworks to Crawford Strategy, who is now onboarding (see June 11, 2021 Zoom Meeting, beginning at 1:07:12). This led to a discussion of various marketing strategies employed by UWG, as well as some information on our current social media metrics and analytics.

When asked about the number of open positions in Student Affairs, President Kelly stated that the delay in filling those positions was largely caused by the nature of the critical hire process within the state of Georgia (see June 11, 2021 Zoom Meeting, beginning at 1:11:04). State approval is required for any recruitment and/or filling of any open position, which causes delays.

Regarding the search for a new Dean of the College of Education, the Provost stated that they have ended the current search and have asked Interim Dean Smith to continue in that position while they revisit the search in the upcoming academic year.

Committee XII: Teaching, Learning and Assessment Committee (Rebecca Gault, Chair)

Action Item:

A) Policy Proposal for Faculty Handbook Video/Audio Recording and Live Streaming of Classes (Figure 3)
   Request: Approve

Incoming Chair of the Teaching, Learning, and Assessment Committee Dr. Swift fielded a few questions about how the Video/Audio Recording and Livestreaming of in person classes affected attendance, and it was determined that attendance policies are written at the discretion of the individual course instructor as per the Faculty Handbook and they can be written in a way that addresses the Video/Audio recording and Livestreaming of any class meeting (see June 11, 2021 Zoom Meeting, beginning at 2:11:35). Dr. Drake confirmed that while the decision to use Cares funding on these classroom upgrades came at the executive level, faculty are not required to implement Video/Audio Recording and Livestreaming into their teaching. Instead, the reasoning was that we would have certain technologies in place as we evolve and progress as an institution.

After some discussion regarding concerns over the usage of the term instructor and whether the language in this proposed policy clearly indicates a faculty member’s individual choices, two friendly amendments were proposed to change the proposed language as follows:

“Instructors decide upon the use of new technologies” now reads “Each course instructor decides upon the use of new technologies.”

“When faculty choose to record and/or live stream” now reads “When a course instructor chooses to record and/or live stream.”
The proposed friendly amendments passed with no objections, and the proposal passed with 36 in favor, 0 opposed, and 1 abstention.

6. Old Business

A) New Faculty and Staff Parking Fees for 2021-22 (Figure 4)

Vice President of Business and Financial Services Haven spoke at length about the reasonings behind the parking fee increase, specifically noting declining enrollment, the pandemic, and increased operating costs (see June 11, 2021 Zoom Meeting, beginning at 1:17:48). VP Haven also provided additional information regarding servicing accrued debts from parking as well as the pay scale put into place for the upcoming academic year.

The HelpWest Committee is planning a fundraiser to create a UWG family cookbook, and Faculty and Staff are encouraged to share a favorite family recipe or two. This effort will serve our UWG employees who are experiencing emergency financial situations and are in need of a quick fund to pay a bill. The recipe book will be compiled with illustrations from the students in the UWG Art Department and from the children in the UWG Early Learning Center. Committee VII: Facilities and Information Technology Committee (John Hansen, Chair)

Information Items:

A) Parking Policy Changes for the 2021-2022 Academic Year (Figure 6)

There will be an increase in parking fees for employees on campus as outlined in Figure 6. After several questions related to this increase in parking fees, the drop in revenue from campus parking, the impact of covid on this revenue source, how campus shuttles factor into this fee structure, and the use of past revenue surplus on any parking budget debts incurred since FY19, the conversation turned to faculty concerns regarding why these fee increases were not taken to or discussed by the Faculty Senate Budget Committee, why they were not put on the UWG Website for feedback, and whether the increase of parking fees would cover shortfalls in other areas of the campus budget.

Chair Williams moved to continue this discussion under new business as the increase in parking fees was an information item and not an action item that required Faculty Senate approval. (See April 16, 2021 Zoom Meeting, beginning at 2:09:13).

B) Yvonne Fuentes will serve as the Chair of the Facilities and Information Technology Committee for the 2021-2022 Academic Year

C) Parking Policy Changes for the 2021-2022 Academic Year

After a continued discussion of the information item presented by the Chair of the Facilities and Information Technology Dr. John Hansen in Figure 6, Chair Williams made a motion, using the ideas and wording suggested by Dr. David Nickell, to recommend that the policy described in Dr. Hansen’s report not be implemented until the matter is studied and faculty questions are answered. The motion was seconded and passed with a vote of 35 in favor, 2 opposed, and 2 abstentions.
