5. Old Business

6. New Business

A) Shared Governance, Matt Franks

Dr. Franks, in his capacity as President of the UWG chapter of the American Association of University Professors (AAUP), raised the issue of shared governance with regards to the recent budget cuts in order to begin a discussion of Faculty Senate’s role in ensuring transparency and shared governance where budget matters are concerned, specifically with regards to the decision process of how those cuts impact faculty and their positions at the university. Dr. Franks outlined several major concerns held by members of the UWG chapter of the AAUP, which were as follows:

1) with another incoming Interim President, there are concerns about instability and uncertainty

2) UWG Administration has promised transparency and shared governance, and there are concerns about accountability and whether those promises will be honored

3) there are concerns that there have been a number of top-down decisions based on the budget, but not a lot of information regarding the criteria behind and nature of the budget cuts or the decision process behind the non-renewal letters that were sent last month.
Dr. Franks stated that UWG’s AAUP chapter is an advocacy committee and advocacy group that can only do so much but that they are committed to working with the Faculty Senate to ensure transparency and shared governance in the ongoing budget crisis and situation on campus. AAUP Nationals recommends the following in terms of Faculty Senate’s role:

--create a document that specifically outlines and guides actions in times of budget crisis that includes faculty criteria and faculty values that would guide recommendations from the faculty to university administration

--ensure that information and updates are disseminated regularly and frequently by university administration to the university faculty and the Faculty Senate

--having a mechanism in place that allows the Faculty Senate to draft recommendations from the Faculty Senate quickly

Dr. Franks stressed that this is not meant to tell Faculty Senate what to do, but this is more an effort to open a dialogue. Chair Butler stated that a lot of this is ongoing at the moment, and referred Dr. Franks to the Senate Budget Standing Committee. Dr. Franks noted that Dr. Elman, who is Chair of that committee, has expressed support and interest in working with the UWG chapter of the AAUP on this and they have been discussing the issue at length most recently. Dr. Drake stated that Incoming Interim President has expressed that it is their intent to share the algorithm that will be used in making decisions about making faculty reductions.

There was some concern expressed by faculty and Senators in attendance that this information was coming too late, as many faculty who received non-renewal letters are on the job market, and that there was no consultation with faculty about the process and criteria behind the decisions that have been made. Others in attendance expressed concern that the current structure by which the information is developed, and decided, and then shared is at fault. Furthermore, many were concerned that departments have been damaged. Others still expressed that there are areas where there could be better communication starting with the Senate in terms of enrollment and what is being done, and that Faculty Senate could be part of the solution process at least with regards to bringing information back to their departments for discussion and feedback.

Chair Butler reiterated that things are in the works, and an Enrollment Committee is now in place with a Faculty Senate Liaison. It was noted that Dr. Rayfield has stated that something is happening now, and it is impossible at this point to know something right now since this is such a huge project. Dr. Rayfield was quoted as stating that no one is standing around letting people go on the market. Lastly, it was shared that Dr. Rayfield mentioned in the Faculty Senate
Executive Committee that they are limited by the USG as to what they can share, and, despite Dr. Crafton’s wish to be more transparent with faculty about the budget cuts and the non-renewal letters, his hands were tied as to what he could and could not communicate.

There was a question about what happens to a Faculty Senate Resolution once passed, and it was noted that they are posted to Faculty Senate website as part of the approved meeting minutes and in the Faculty Senate Newsletter, which is also posted on the Faculty Senate website. After a brief discussion of perhaps posting resolutions under a separate item on the website or in the newspaper, Chair Butler moved to the next order of business.

8. Adjournment
   The meeting adjourned at 2:37 p.m.

Respectfully submitted by
Colleen Vasconcellos
Executive Secretary of the Faculty Senate
Rationale:
This policy change is an attempt to clarify whom the regionally accrediting bodies are and clarify the definition on a non-traditional learner. This is also to clarify who could consider admission for non-traditional transfer students.

APPROVED REVISED VERSION

Transfer Students

A transfer applicant is one who has been enrolled in any regionally accredited college or university (eg. SACS COC, MSCHE, NEASC CIE, NEASC CTCI, NCA CASI, NCACS HLC, NWCCU, WASC ACCJC, WASC ACS, WASC ACSCU.) All previous college attendance must be reported at the time of application. Those who have earned fewer than 45 quarter hours/30 semester hours of transferable work or the equivalent will be asked to comply with both freshman and transfer requirements for admission (see freshman requirements for additional details).

A transfer applicant should request the Registrar of each college or university they have attended to send a transcript to the Office of Admissions. Credits from one former institution appearing on the transcript of another institution can neither be officially evaluated for admission nor accepted for credit until a transcript has been received from the institution originating the credit.

Transfer students will be considered for admission on the basis of their previous college records:

1. They must have a minimum cumulative grade point average of 2.0 in all transferable college work attempted (non-traditional transfer students [ link to: https://www.westga.edu/admissions/adult-learners.php] may be considered with a lower GPA by the Director of Undergraduate Admissions on a case-by-case basis in order to determine their ability to be successful).

2. Students not meeting the minimum GPA requirement may be admitted if they hold an associate degree in a college transfer program from an accredited college and if they have not attempted any college coursework since completing the associate degree.

3. Students must be in good social and academic standing at their former institutions. Students who have been away from high school for less than five years must have completed all RHSC deficiencies and/or Learning Support requirements prior to being admissible and show both English and math proficiency through course credit. Students who have been away from high school for greater than five years may prove proficiency in English, Reading, and Math either through placement testing, valid SAT/ACT scores (less than seven years old), or completion of college coursework. Transfer students from an out-of-state institution may also
prove proficiency via the placement test on a case by case basis. Please contact the Admissions Office for further policy details.

4. Admission acceptance by the Office of Admission does not guarantee admission to a specific program or department.

Undergraduate Catalog:  
Modification of Academic Policies, Academic Renewal  
Location in catalog: Page 62-63 (print)

**Rationale for proposed change:**

The University of West Georgia did not update our policy to align with the USG’s academic renewal policy change in 2016. As such, we are the only Research Level Two institution in the state that requires an absence of five years. All other comprehensive universities, our major competitors in the research level, and our major competitors in the state have chosen to help students achieve their goals by reflecting the new three year renewal standard set by the USG. In addition, unlike our peers, UWG does not apply renewal automatically to transfer students to help with admission and enrollment. Further, UWG is the only comprehensive tier institution that states if Academic Renewal status is approved, no transfer credit will be granted for course work completed during the student’s period of absence. UWG is also the only school that specifies that a student who has been suspended or dismissed from UWG and has attended one or more System institutions during the period of suspension or dismissal will not be eligible for Academic Renewal. This change will take place under Academic Renewal, page 62 in our Undergraduate Catalog.

It was requested that we mimic the Academic Renewal Policy from Georgia Southern University for readability and comprehension.

**APPROVED REVISED VERSION**

**Academic Renewal Policy**

The Academic Renewal Policy allows students who are enrolled in a University System of Georgia (USG) institution to have a fresh start if they have had academic difficulties in the past.

**Requirements for Eligibility**

- Current or former students must apply for Academic Renewal by contacting the Enrollment Services Center. New students must contact the Office of Undergraduate Admissions.
- Students must apply for Academic Renewal, if they choose this option, by the end of their third semester of enrollment or by the end of one calendar year from enrollment or re-enrollment, whichever comes first.
- Academic Renewal may be granted only once by a USG college or university.
- Students must have experienced their academic difficulties at the University of West Georgia or be a transfer student from a regionally accredited institution of higher education to be eligible for Academic Renewal.

**About the Policy**

1. All previously attempted coursework continues to be recorded on the student’s official transcript.
2. An Academic Renewal Grade Point Average begins when the student resumes taking coursework following the three-year period of absence once Academic Renewal has been granted. The institution will place a statement on the student’s transcript indicating the Academic Renewal status and the beginning of a separate Academic Renewal GPA in addition to an overall UWG GPA.

3. The Academic Renewal GPA will be used for determining academic standing and eligibility for graduation. At least 50% (60 hours) of course work must be completed after the granting of academic renewal for a student to be eligible for graduation with honors.

4. Academic credit for completed coursework during the period of absence - including transfer coursework - will be retained only for courses in which an ‘A’, ‘B’, ‘C’, or ‘S’ grade was earned. Retained grades are not calculated in the Academic Renewal GPA, but are counted in Academic Renewal hours earned.

5. To earn a degree, a student must meet the University of West Georgia’s residency requirements. UWG will apply the retained hours earned prior to Academic Renewal toward the residency requirement.

6. A student can be granted Academic Renewal status only once.

7. Any previous notation of academic probation, suspension, and dismissal will remain recorded on the student’s transcript.

8. A student re-enrolling after an absence of three or more years must apply for Academic Renewal within three semesters of enrollment or within one calendar year, whichever comes first.

9. The Academic Renewal GPA begins with the first term following awarding of renewal.

10. Admission or re-entry into any specific degree program (such as teacher education, nursing, business majors, selected majors in the College of Arts and Humanities, College of Science and Math, or College of Social Sciences) is not automatic. Admission criteria for specific programs are determined by the department where the program is housed.

11. The granting of Academic Renewal does not supersede financial aid policies regarding Satisfactory Academic Progress.

12. United States and Georgia history and constitution requirements and Regents’ Test scores met prior to the granting of academic renewal will remain on the student’s transcript even though the courses may not count in the Academic Renewal GPA or Academic Renewal hours earned.

13. Students desiring to enroll must submit a letter explaining why they should be considered for Academic Renewal along with the Academic Renewal application.

**Readmitted students**

- Readmitted students must be absent from The University of West Georgia for three (3) years, the required period of absence.
• The period of absence is calculated based on the period of time between the date of last enrollment at The University of West Georgia and the date of return to The University of West Georgia.

• Only coursework completed prior to the period of absence may be considered for Academic Renewal. If Academic Renewal is granted, all coursework completed prior to the period of absence will be renewed.

• Students may attend other institutions during the period of absence; however, that coursework will not be eligible for Academic Renewal and will be used to determine admissibility to The University of West Georgia. Transfer credit for any coursework taken during the period of absence shall be granted in accordance with the prevailing USG and West Georgia policies and procedures regarding the awarding of transfer credit.

Transfer students

• Students who previously attended a USG institution or any regionally-accredited institution of higher education and transfer to The University of West Georgia may be eligible for Academic Renewal for coursework taken three (3) or more years prior to the term of enrollment at The University of West Georgia.

• If Academic Renewal is granted, all coursework completed three (3) years prior to the term of enrollment at The University of West Georgia will be renewed. Courses taken less than three (3) years prior to the term of enrollment at The University of West Georgia are ineligible for consideration for Academic Renewal and will be utilized to determine admissibility, as outlined in the General Admission Policies section of the undergraduate catalog.

UWG Faculty Handbook
Modification of 103.0302 Specific Minimum Criteria for Promotion

Rationale: The wording has been updated to conform to the wording in the BoR Policy Manual, Section 8.3.6.1.

APPROVED REVISED VERSION

103.0302 Specific Minimum Criteria for Promotion

Foreword. Four criteria are prescribed by Section 8.3.6.1, Board of Regents Policy Manual, University System of Georgia: 1) excellent teaching and effectiveness in instruction, 2) noteworthy professional service to the institution or the community, 3) noteworthy research, scholarship, creative activity, or academic achievement, and 4) continuous professional growth and development. According to Regents' Policies, noteworthy achievement should be expected in at least two areas. At the University of West Georgia, one of those “noteworthy” areas must be teaching, except in the case of librarians and administrators whose primary tasks are not teaching. For employment or promotion to Associate Professor or Professor, one must have demonstrated at least some substantive and documentable achievement in all four areas. For those holding academic rank in the Library, outstanding fulfillment of duties rather than superior teaching shall be the criterion applied although teaching librarians and administrators must supply evidence of excellence in teaching as part of their case for promotion.

As the institution becomes more diverse in the types of programs offered and clienteles served, it might reasonably have different levels of expectation for faculty in different programs. All faculty members at the University of West Georgia, however, are expected to participate actively in the intellectual life of their discipline and their profession. This may take the form of professional development activities which involve the practical application of existing knowledge or the creation of new knowledge. UWG Faculty Senate Resolution on Retaining Diverse Faculty

Whereas the University of West Georgia Faculty Senate passed the Resolution on Diversifying the Faculty on March 30, 2018, demonstrating the faculty’s commitment to building a more diverse faculty that better represents the diversity of our student body;

Whereas significant effort has since been expended to recruit diverse faculty, resulting in the hiring of numerous faculty members from underrepresented groups over the past several years;

And whereas many of these faculty members’ recent hiring makes them potentially vulnerable to non-renewal during the current budget reassessment based on reduced revenue projections;

The University of West Georgia Faculty Senate is resolute in urging faculty and administrators at all levels to purposefully consider faculty diversity as a critical factor informing budget management decisions. We appeal to faculty members in all departments to communicate the importance of maintaining the gains we have made in building a diverse faculty, and we expect decision makers to account for the consideration of faculty diversity in the actions they take to address budget management concerns.
