112 Educational and Professional Leave

Leaves of absence of one year or less with or without pay may be granted by the institution’s president and reported to the Chancellor. Extensions of such leaves, or the initial granting of leaves of more than one year, require the approval of the Chancellor or his/her designee. (For paid leave, see 112.01. For unpaid leave, see 112.02). When funds are available, leaves with pay may be granted for the purpose of scholarly work and encouraging professional development. Such leaves are for a calendar year or less and are subject to renewal.

112.01 Faculty Paid Educational and Professional Leave

Faculty paid leave is one mechanism for encouraging professional growth and development. Paid leave shall be granted only for the purposes of promoting scholarly work and encouraging professional development. The University of West Georgia shares with other universities the traditional responsibilities to discover, develop, preserve and disseminate knowledge. Much of this mission is realized through the professional, scholarly and creative activities of faculty members and through their interactions with students. Therefore, faculty development is a critical element in reaching West Georgia’s goal of achieving educational excellence within a personal environment.

112.0101 Eligibility and Application Procedures

A. Tenured faculty may apply for paid leave during or after their sixth year of full-time service at the University of West Georgia. Faculty members who are being reviewed for tenure are not eligible to apply for paid leave during that year.

Applications are due on or before December 1st for the following academic year. Exceptions to the application deadline or the period of leave are subject to individual review.

Applications are submitted to the department chair/director for department recommendation. Applications must include a current curriculum vita and a proposal for activities to be accomplished should the leave be granted. The proposal should include a clear statement of the nature, significance and objectives of the project, specific plans for completing it, the tangible results expected, and a statement of how this project will benefit the faculty member’s department, College or the University as a whole. Proposal activities would ordinarily focus on research and/or creative endeavors, although proposals for specific activities aimed at significant improvements in pedagogical practices and student learning will be considered. The department chair or library unit head will forward all applications submitted, accompanied by his/her recommendation, to the Dean of the College/Dean of Libraries for a decision.

B. At the time of application, the faculty member will be asked to sign an agreement indicating that:

1. For a leave with pay of less than one year, the faculty member agrees to return to the institution at the end of the leave for a period of at least one year.
2. For a one-year leave with pay, the faculty member agrees to return to the institution at the end of the leave for a period of at least two years.
3. In the event that the faculty member does not return to the institution for the full amount of time specified in the agreement, he or she agrees to reimburse the University for the amount of compensation while on leave, as well as any other expenses paid by the University during the leave, including all benefit costs.
C. Faculty may be granted an award of paid leave no more often than every seventh year.

112.0102 Awards

Granting of leave will depend upon availability of resources to fund the hiring of part-time or replacement faculty and upon the merit of the proposal. The most common award options would be one year (two semesters) off with 1/2 pay or 1/2 year (one semester) off with full pay; however, other arrangements which better meet the needs of the individual faculty member’s project may be considered. Leaves with pay will require that the appropriate Dean certify that during the leave, the unit will be able to:

1. Satisfactorily carry on its instructional, research and administrative activities.
2. Fulfill obligations to graduate students or honors students whose programs or theses are being directed by the faculty member.

Faculty members granted leave on the basis of the activities included in the proposal must file a report with the department chair/library unit head and Dean indicating what was accomplished during paid leave. A public presentation is also required when the faculty member returns to teaching and/or other duties.

112.02 Faculty Unpaid Educational and Professional Leave

Leaves of absence of one year or less without pay may be granted by the institution’s president and reported to the Chancellor. Such a request must be approved by the department chair, dean, and the Provost. Extensions of such leaves, or the initial granting of leaves of more than one year, require the approval of the Chancellor or his/her designee.
Section 2. Faculty Senate Organization

A. Composition of the Senate (Revised March 12, 2010)

The Senate shall be comprised solely of the voting members of the General Faculty as defined in Article I, Section 2C of the Statutes. Its membership shall include:

1. The President, an ex-officio (nonvoting) member;

2. The Provost and Vice President for Academic Affairs, an ex-officio (nonvoting) member;

3. Chair of the Senate;

4. Chair-Elect of the Senate, an ex-officio (nonvoting) member, or Past Chair of the Senate, an ex-officio (nonvoting) member;

5. Duly elected senators, apportioned to each college, the School of Nursing and the Library, such that the number of senators allocated to each unit shall equal 10% of their full-time faculty. The Library and the School of Nursing shall elect their senators at large. For the colleges, each department within a college elects one senator and the remaining senators allocated to that college are elected at-large by the college. Should any department fail to elect a senator in an election cycle for which it has a vacancy, that vacancy will be added to the at-large pool for its college for that election.

6. Executive Secretary

B. The Chair of the Faculty Senate

With the consent of the President of the University, the Chair of the Faculty Senate shall preside at all Faculty Senate meetings and chair the Executive Committee of the Senate. Additional responsibilities include serving as the representative of the University of West Georgia to the University System of Georgia Faculty Council; serving as a liaison between Senate and other stakeholders in the University community; setting the agenda for Senate meetings; providing for an orientation and training for new chairs of Senate committees; resolving issues with Senators who do not serve or who resign; casting a vote only in case of a tie; and designating a replacement to preside over Senate meetings in case of absence; and mentoring the current Chair-Elect.

1. Eligibility
   In order to run for Chair-Elect of the Senate, a person must be a tenured full-time faculty member who has served in the Senate within the prior three years and who is not currently Chair or Past-Chair of the Senate.
2. Election of the Chair of the Faculty Senate
   At the March meeting of the Faculty Senate in the current Chair’s first year in office, the Senate shall nominate at least two (2) qualified persons to stand for election as the next Chair-Elect; in conjunction with the spring General Faculty Meeting the University faculty will vote in such a fashion that the winner of the election will have received a majority of votes cast. Ballots will specifically include an option for a write-in candidate.

   If the newly elected Chair-Elect is currently a member of the Senate, he or she will resign his or her Senate seat (and committee assignments) before assuming the role of the Chair-Elect and will be replaced by an election within the person’s respective college or school.

3. Term of Office
   The Chair-Elect of the Faculty Senate will begin service on June 1 following his or her election for a one-year term in that position. Consecutively, he or she will automatically serve a two-year term in office as Chair of the Faculty Senate, followed by a one-year term as Past Chair of the Faculty Senate.

4. Support
   To support the effective carrying out of his or her duties, in due recognition of the time commitment of such service, the Chair of the Faculty Senate shall receive reassigned time of one-course per semester or the equivalent. In consultation with the individual’s supervisors up through the level of the Provost, there may be an alternative of an equivalent stipend. In the case of reassigned time, the Chair’s home department shall be compensated by an amount sufficient to hire a part-time instructor to fill the gap left by the course release.

C. The Responsibilities of the Chair-Elect of the Faculty Senate

   The Chair-Elect will serve as an ex officio member of the Faculty senate for one year before taking office as Chair. While serving in the position, the Chair-Elect will learn the responsibilities of the Chair of the Faculty Senate and will be mentored by the current Chair. Responsibilities for the Chair-Elect will include the following: attend monthly Faculty Senate meetings as an ex officio member; attend occasional President’s Advisory Council (PAC) meetings; attend one state-level meeting for Faculty Senate leaders during the year. Should the Chair of the Faculty Senate be absent, the Chair-Elect shall preside. Should the position of the Chair of the Faculty Senate become vacant between elections, the Chair-Elect of the Faculty Senate shall fill the vacancy.

D. The Past Chair of the Faculty Senate

   After the two-year term in office, the Chair of the Senate will serve a one (1) year term as Past Chair, an ex-officio (nonvoting) member of the Senate. The Past Chair will serve on the Executive Committee of the Senate.
E. The Executive Secretary

The Secretary of the General Faculty shall serve as the ex-officio (nonvoting) Executive Secretary of the Senate. His or her duties shall be to prepare and maintain the official records of the Senate, to receive committee reports, to supervise the operational affairs of the Senate, maintain the Senate web site, and serve as a member of the Executive Committee of the Senate.

1. Support
   To support the effective carrying out of his or her duties, in due recognition of the time commitment of such service, the Executive Secretary shall receive reassigned time of one-course per year or the equivalent. In consultation with the individual’s supervisors up through the level of the Provost, there may be an alternative of an equivalent stipend. In the case of reassigned time, the Secretary’s home department shall be compensated an amount sufficient to hire part-time instructor to fill the gap left by the course release.

F. The Executive Committee of the Faculty Senate

The Faculty Senate shall include an Executive Committee with the following functions and composition.

1. Functions. The Executive Committee shall have broad responsibility for:
   a. Planning and facilitating the activities of the Senate, including the following functions: assign senators to Senate standing committees and subcommittees; create ad hoc Senate committees and assign senators; assign senators to such non-senate university committees, task forces and search committees as may be needed; propose any legislation to the Senate the Executive Committee may deem appropriate.

   c. Interviewing candidates for university-wide positions and provide evaluations to the appropriate search committees.

2. Composition. The Executive Committee shall be composed of the chairs of the Senate standing committees, the Chair of the Senate, the Chair-Elect or Past Chair of the Senate, the Executive Secretary, the President of the University, and the Provost of the University.

G. Election of the Faculty Senate

The following shall be the rules which govern election to the Senate, with the exception that in any year in which a college is reorganized in such a manner as to affect the ability to adhere to these rules, the Executive Committee shall have the authority to allow exceptions to these rules as it may deem necessary.
1. Senators shall be elected for a term of three (3) years from the General Faculty, excluding the Officers of Administration named in Article III. Academic department chairs, however, shall be eligible for election. Terms shall be staggered with one-third elected each year. Senators may be re-elected; however, no senator shall be eligible for re-election until at least one (1) year after completion of his or her second consecutive full (three-year) term.

2. In case of a temporary vacancy of at least one semester, a replacement shall be elected by the unit of the absent senator to serve during his or her absence.

3. By February 15th of each year the Executive Secretary shall notify, in writing, the dean or head of each unit and the Provost and Vice President for Academic Affairs of the number of Senate positions to be filled by each unit.

4. All members of a unit who meet the requirements set forth above are eligible to be elected as senators. To be elected a person must receive a majority of the votes cast at a meeting of the members of his or her unit which has been called for that specific purpose. That meeting should be held before April 7th, and must be announced at least two weeks prior to being held. Senators shall be elected on a basis of representative faculty participation, and consistent with the provisions of A (3) above, and shall be inaugurated at the last meeting of the Faculty Senate in spring semester. (The newly constituted Senate and its committees shall begin office the first meeting of Summer semester.) The dean or head of each unit shall notify, in writing, the Chair of the Faculty Senate, the Executive Secretary of the Faculty Senate and the Provost and Vice President for Academic Affairs of the election results by the agenda deadline for the final Spring semester meeting of the Faculty Senate.

5. The composition of the Senate shall be reviewed at least every five (5) years by the Senate Rules Committee. When revisions in numbers or representation are made, the terms of newly elected senators shall be modified, if necessary to one-year, two-year, or three-year terms to maintain a balanced rotating membership among units.

6. Unexpired terms of Chair of the Senate shall be filled by the same procedure used in the initial election.

H. Standing Committees, Purpose

The Senate shall empower standing committees (listed in I below) to recommend policy and/or procedures on all matters appropriate to their respective areas of
concern. In addition to recommending policy on matters within its purview, each standing committee shall be responsible for working with the administration in a liaison capacity to help ensure effective communication with regard to policy implementation. The effective working system of the Senate, then, will consist of the standing committees. The Senate Rules Committee reserves the right to resolve all jurisdictional and procedural questions that might arise among the committees.

UWG Shared Governance Procedures for Modifications to Academic Degrees and Programs

Many changes also need approval by the BOR, SACS, and/or specialized accreditors prior to implementation. This document only addresses the UWG internal approval process.

The Provost serves as the Chief Academic Officer for the Institution. As such, all changes to programs and courses need approval of the Provost. The Dean, serving under the Provost, serves as the Chief Academic Officer for the college or school of his or her appointment. It is the responsibility of both the Dean and members of the faculty to engage in improvements and innovations in pedagogy, curriculum, and programming in an effort to increase student learning. Many of these changes should flow naturally out of market conditions, environments, national norms, and data collected and analyzed through the assessment of student learning outcomes.

The process for new or modified academic programs and curriculum normally (but not exclusively) initiates within a college or school. As such, it is the responsibility of the Dean as the chief academic officer of the college or school to manage the curriculum creation/modification process within his/her area of appointment. Each college or school has the opportunity to define internal processes for the creation and modification of curriculum and academic programs, within the boundaries of UWG and BOR policy and procedures.

When the creation or modification of an academic program or curriculum is approved by the Dean, many changes should also be submitted for consideration by the faculty senate and its committees, while others should be reported directly to the Office of the Provost and Vice President for Academic Affairs.

The process of notification and approval for the creation/modification of academic programs and curriculum is outlined below:

1. The following are actions items by the Senate:
   - Any changes to degree requirements within a college or across colleges
   - Changes in semester credit hours for an existing course
   - New academic programs and new courses (degrees, minors, certificates, etc...)
   - Changes to a course level (i.e. changing from 3000 to 4000 level)
   - Adding or removing a course from the Core Curriculum
   - Changes to course prerequisites that span across colleges
   - Modifying the requirements to complete an academic program
   - New or modified concentrations within a degree program
   - New XIDS course topics

2. The following are information items for the Senate:
   - Changes in admission standards for an academic program
   - Suspending (deactivating) or eliminating (terminating) academic programs
   - Offering an existing academic program more than 95% online
   - Offering an approved academic program more than 50%, but less than 95% online

3. The following are reviewed by the Senate graduate and undergraduate programs committees to assure quality of academic programs
   - Comprehensive Program Reviews
   - Academic program learning outcome assessments

4. The following are not items considered by the Senate and should be reported directly to office of the Provost:
   - Modifications/additions/deletions to existing academic program learning outcomes
   - Offering less than 25% or 25-50% of an academic program at an off-site location or online (separate notifications for each change)
   -Minor modifications to courses including : course name, description, course learning outcomes, course deletions (with the exception of Core courses) and prerequisites within a college or school
   - Creation or modifications of assessment artifacts
   - Moving an approved course to online delivery

This document was approved by the Senate on March 9, 2012 and adopted by the president on May 9, 2012
Amended by the Senate on December 7, 2012 and approved by the president on March 20, 2013
Amended by the Senate on April 24, 2015 and approved by the president on June 15, 2015
