To purchase your Tk20 account, go to [www.westga.edu/coe/tk20](http://www.westga.edu/coe/tk20). Then, click on the link “PURCHASE TK20 HERE.”

Then, click on the link “Click here to purchase or register your Tk20 account.”
If you’re purchasing your account online, click the first option “I would like to purchase a $100 account for 10 years.”

* Please note: If you purchase a Tk20 packet from the bookstore, you can click on the second option and register your account. There is a very long number printed in the Tk20 packet, which you will type in and activate your account.

Next, choose your payment method:
Most people pay by credit card. Just enter your payment information and then click “submit.”

Keep in mind that your account will not be immediately available. It normally takes a few hours, and in some cases, could take a day or two. To ensure quicker activation, make sure to enter your 917# without any dashes or slashes; it should only be 9 digits total.

For help, contact tk20@westga.edu.
