Area of Concentration

School Counseling

Please note: We will review any courses you would like to transfer, after your acceptance. Many courses are not available each semester. If you need to take AoC courses, please review the list below.

CEPD 7152 - Research & Program Evaluation
This course is designed to provide counselors with the research knowledge and skills necessary to evaluate individual and group counseling interventions, as well as educational programs. An emphasis will be placed on the collection and use of quantitative and qualitative data to evaluate programs. Counselors in training will also learn how to communicate data and findings to others to effect change and to act as advocates for students/clients.

CEPD 8138 – Advanced Multicultural Counseling

CEPD 8152 – Consultation, Collaboration and Programs

CEPD 8156 - Designing Effective Programs (Offered Spring only)
This course is designed for graduate students who have been admitted into the Ed.S. program in professional counseling and supervision and will address steps involved in effectiveness based program planning, including elements of a program that are critical in measuring effectiveness.

CEPD 8102 - Lifespan Human Development

This graduate course is a study of human growth and development from birth through aging and death. The course focuses on areas of physical, cognitive, social, personality, and emotional development as a series of progressive changes resulting from the biological being’s interactions with the environment. Special emphasis is placed on the development characteristics of school age youth within a multicultural and diverse society.

CEPD 8171 - Current Issues in Counseling/Supervision
