

ABOUT THE MAJOR

Our Bachelor of Science in Elementary Education (B. S. Ed.) degree program is designed to prepare candidates for initial teacher certification in grades Pre-Kindergarten through fifth grade school settings. Program coursework and field experiences promote research-based practices that ensure that all students can and do learn. Through a full year of field experiences in public schools candidates apply the content knowledge and pedagogical skills learned in professional education courses.

ABOUT THIS MAP

This program map is intended ONLY as a guide for students to plan their course of study. It does NOT replace any information in the Undergraduate Catalog, which is the official guide for completing degree requirements. Use this map to help plan and guide your experience at UWG, including academic, co-curricular, and discovery opportunities. Everyone's experience is different and activities in this map are suggestions. Always consult with your advisors whenever possible for new opportunities and updates.
