

ABOUT THE MAJOR

The B.B.A. program in finance provides students with a high-quality liberal arts based educational foundation to either secure entry level finance positions in local, regional, or national organizations or to continue studies at the masters level. The finance program consists of seven upper-level courses (21 hours) in the department designated as major courses and a three-hour capstone course in strategic management which is required of all B.B.A. programs. Three required courses in finance are Intermediate Corporate Finance, Investment Analysis, and Bank Management. There are three finance electives, one accounting course in either financial statement analysis or management accounting. Finance electives include courses in international finance, problems in corporate finance, portfolio management, and derivative markets. An internship course is also available to those students who secure a qualifying internship.

ABOUT THIS MAP

This program map is intended ONLY as a guide for students to plan their course of study. It does NOT replace any information in the Undergraduate Catalog, which is the official guide for completing degree requirements. Use this map to help plan and guide your experience at UWG, including academic, co-curricular, and discovery opportunities. Everyone’s experience is different and activities in this map are suggestions. Always consult with your advisors whenever possible for new opportunities and updates.
