SPRING 2026 CEREMONIES

elcome to Commencement at the University of West Georgia! An academic commencement is unlike any other ceremony. The importance of the occasion is underscored by the use of symbols and traditions which have their origins in the medieval academies. The academic dress, the mace, many of the words we use, and even the diplomas themselves derive from a long and distinguished academic history.

We hope you will take time to look through this program. In it, you will find explanations of some of the customs and symbols you will witness today. We hope your understanding of these academic traditions will add to your enjoyment of the commencement ceremony.

We are happy to have you with us today as we celebrate the achievements of our graduates.

Welcome!

A MESSAGE FROM PRESIDENT JOHNSON

Dear Graduates,

Today marks a moment of transformation: a celebration of your hard work, your perseverance, and your promise.

On behalf of the University of West Georgia, it is my profound honor to congratulate you on this extraordinary achievement. Earning your degree is more than a milestone; it's a launchpad. It's the moment when potential becomes progress and dreams begin to take shape.

You are now part of a proud tradition: a community of more than 87,000 alumni who carry the spirit of UWG into classrooms, boardrooms, communities, and causes around the globe. Your journey here has prepared you not just to succeed, but to lead, to serve, and to make a meaningful difference.

As you step forward, know this: you are forever a part of this university's story. Your success strengthens our purpose. Your voice shapes our future. And your impact will echo far beyond this campus.

So go forward with confidence. Lead with purpose. And know that wherever life takes you, you'll always have a home here.

Go Wolves!

Honorary Degrees

University System of Georgia senior institutions are allowed to recommend to the Board of Regents honorary degree recipients for each academic year. UWG’s basic criteria for an honorary degree recipient are notable achievements in an academic field, the arts and letters, the professions, or public service. Nominations are solicited from the college community and are reviewed by the Honorary Degree Committee, which makes nominations to the president. The president then submits a candidate’s name to the University System staff for final consideration by the Board of Regents. The chancellor then makes a recommendation to the Board of Regents.

UWG began awarding the Doctor of Humane Letters in 1996, and recipients of this honor include:

ABOUT THE UNIVERSITY OF WEST GEORGIA

The University of West Georgia has been a beacon for learning since 1906. Originally founded as an agricultural and mechanical school, the institution became a two-year college and charter member of the University System of Georgia in 1933. In 1957, it expanded to a four-year institution and received university status in 1996. Today, UWG is a leading residential, doctoral comprehensive university that offers a broad undergraduate and graduate curriculum based on a liberal arts foundation.

With an enrollment of more than 16,000 during the fall 2025 semester, UWG currently offers 118 programs of study, including four two-year degrees, 46 at the bachelor's degree level, 24 at the master's level, six at the specialist level, five at the doctoral level, and 21, post-baccalaureate, 10 undergraduate, and two post-master's certificates. The university prides itself on a diverse student body, as students come from most counties in Georgia, as well as from 45 other states and 66 other countries.

UWG has many ways for students to become involved on campus. The university hosts more than 170 registered organizations in addition to many intramural and recreational sports. On July 1, 2024, UWG elevated to compete in NCAA

Division I Athletics as a member of the Atlantic Sun Conference. The university fields eight women's and five men's intercollegiate athletics teams, as well as co-ed and all-female cheerleading squads. Service-learning is also a basic tenet of the institution, as it has been recognized by the Carnegie Foundation for its institutional commitment to community engagement through teaching, research, and public service.

Over the past five years, the campus has improved and expanded facilities that enhance opportunities for students to thrive and succeed, such as construction for the Student Health Center and Roy Richards Sr. Hall, home of the Richards College of Business. The university recently renovated the Humanities Building, home to programs in art, English, film studies, history, language, performing arts, and philosophy. UWG Newnan has also expanded its location at the historic Newnan Hospital.

Visit westga.edu for further information on the university or call 678-839-4000 to schedule a tour.

TRADITIONS OF COMMENCEMENT

ACADEMIC REGALIA

The academic regalia worn by today's participants dates back to the Middle Ages. The clergy were the literate class, so early academic costumes were clerical. The monk's habit and cowl worn over the head were predecessors of the modern black gowns. Hoods and capes were also necessary during European winters because the buildings where scholars lived and studied were cold.

Over time, gown styles became standardized for the three types of degrees. Those holding the bachelor's degree wear a gown distinguished by long, pointed sleeves. Master's and specialist degree candidates wear the traditional black gown with full-length square sleeves. The doctor's gown is faced with a broad strip of velvet and has three horizontal velvet bars on each sleeve.

The greatest symbolism is shown by the hood. The bachelor's hood is three feet long with a three-inch band of velvet. The master's and specialist hood is three-and-one-half feet long, faced with a three-inch band of velvet. The doctor's hood is four feet long, faced with a five-inch band of velvet. The color of the velvet band on the hood indicates the field of study in which the degree was earned or granted, and the hood is lined with the color of the university granting the degree.

THE MACE

During the Middle Ages, the mace was a weapon used in battle, but as newer and more powerful military arms developed, it was adopted by academia as a symbol of the power of ideas, truth, and wisdom. In modern times, the mace is carried to symbolize the unity and aspirations of the collegial community.

The mace is constructed of cherry wood, black walnut, hand-turned walnut, and walnut burl. The institution's seal adorns the head of the mace and complements the presidential medallion.
