Action Items (Addendum II):

A) University College
   a) Department of Civic Engagement and Public Service
      1) POLS - 3100 - Constitutional Law
         Request: Add
         This is an eMajor class approved by the consortium as an elective for CRJU majors. It provides a perspective on constitutional law for practical applications in civil rights, civil liberties, courts, criminal procedure, and equal protection. This class should have been submitted in 2021 with the program request but was not submitted at that time.

Information Items:
A) The Honors Faculty Council approved the grading procedure for Honors conversion courses.
   a) The Honors Faculty Council approved updates (shown in Addendum III) to the process by which "regular" (non-Honors) courses are converted to "Honors" credit. The two changes are intended to reduce the burden of course conversion for instructors from having to alter the base syllabus and to establish consistency across course conversions through which students earn Honors distinction.

B) Old Business
   A) Chair-Elect nomination.

C) New Business

E) Adjourn
Addendum I
UWG Course Scheduling Proposal

The proposal from the UWG Course Scheduling Workgroup on aligning and updating the scheduling of classes across all colleges brings specific positive upgrades to the way we schedule classes and supports elevating student experiences through:

1. Creating consistent start times for classes will make scheduling much easier for students.
2. This new proposal provides “free time” to allow meeting planning, as well as time for invited speakers that do not conflict with class times. This allows all faculty to be able to attend.
3. There is an opportunity to provide flexible class times to accommodate our students with jobs and adult learners.
4. This proposal also makes it easier to schedule some block courses for freshmen, and create cohorts of students with similar interests or majors.
5. This proposal enables us to have a higher utilization rate of classrooms.
6. Low-utilization classes starting early or late in the day have been reconsidered based on historic scheduling data, and new start times aligned with top preferences that have been observed.

UWG - Class Scheduling Guide

Scheduling Principles

Facilitate Student Scheduling and Success

- Colleges must schedule classes so that students can build reasonable schedules with maximum options. For example, scheduling four different required courses in consecutive MWF time blocks allows students to build a schedule easily.
- On-grid scheduling maximizes room utilization and reduces student scheduling conflicts.

Optimize Space

- Colleges must optimize classroom space utilization throughout the week.
- Sections scheduled as hybrids, technology-enhanced, or meeting once a week for 165 minutes must align to the scheduling grid and be matched with other sections to maximize room utilization throughout the week.

Use Standard Time Slots

- Classes must be scheduled within the official start and end times of the schedule grid so students will not be blocked from scheduling consecutive classes and to ensure final exams can be scheduled without conflicts.
- All General Education courses for 3 credits must follow the scheduling grid blocks A or B (see next two pages). General Education courses less than 3 credits must begin on schedule grid start days/times and end before the schedule grid end times. Requirements for courses of more or less than 3 credits are detailed in the section entitled, “Scheduling of Courses of 1, 2, or 4 Credits.”
- Exceptions to the schedule grid require justification and prior approval from the Office of the Provost.

<td>M, W, or F</td>
<td>One F2F 75-min meeting</td>
</tr>
</tbody>
</table>

**Note(s):**

- If the online component of a section includes an online synchronous meeting, the synchronous meeting time(s) must adhere to the schedule grid and match the meeting time of the face-to-face component(s) of the section.
- While rarely used, the 6:55-7:45 AM MWF slot is an option.
### Block B

<table>
<thead>
<tr>
<th>Meeting Type</th>

<tr>
<td>Hybrid (50% F2F with 50% online)</td>
<td>T or R</td>
<td>One F2F 75-min meeting</td>
</tr>
</tbody>
</table>

**Note(s)**

- If the online component of a section includes an online synchronous meeting, the synchronous meeting time(s) must adhere to the schedule grid and match the meeting time of the face-to-face component(s) of the section.
- While rarely used, the 6:30-7:45 AM TR slot is an option.

### Block C

<table>
<thead>
<tr>
<th>Meeting Type</th>
<th>Day(s) of Week</th>
<th>Meeting Pattern</th>
</tr>
</thead>
<tbody>
<tr>
<td>F2F</td>
<td>M, T, W, R, F, S, or U</td>
<td>One F2F 165-min meeting</td>
</tr>
</tbody>
</table>

**Note(s):**

- Any online synchronous meeting must adhere to the schedule grid.
- One-day-per-week classes are strongly discouraged during weekdays except evenings and Friday afternoons, as such classes create scheduling conflicts for students who need to take other classes during the week.
**Required Balance of Course Offerings**

**Distribution of Course Offerings**

Between 8:00 AM – 6:15 PM Monday through Friday, course offerings should be balanced across the days of the week and all standard class times. Course offerings should not be concentrated into select days and/or time periods.

- General Education offerings must follow Standard Scheduling Blocks A and B.

**Space Optimization Guidance**

**Scheduling Efficiencies**

Two or more courses (e.g. hybrid and one-day-a-week) could be scheduled within a single room and time slot on separate day(s) of the week. Care should be taken in selecting the “matching” courses so that the same size and type of room is appropriate. The same strategy applies to two 7-week sections scheduled in the same time slots and in the same room during different 7-week sessions to optimize space.

**Scheduling of Courses of 1, 2, or 4 Credits**

Seek opportunities to optimize space utilization for 1-credit, 2-credit, or 4-credit sections.

**Scheduling Courses of 4 or More Credits:**

By necessity, courses of 4 or more credits with no online components will occupy more than one standard 3-credit block. Scheduling of these courses should be done with certain principles in mind:

- Start and end times should be chosen so that the course doesn’t overlap with more than two standard 3-credit blocks.
- Start and end times should be chosen so that students have adequate time to move between courses scheduled on the standard grid.
- See below for examples of how a 4-credit course might be scheduled:
  - TR, 8 AM – 9:40 AM
  - TR, 10 AM – 11:40 AM
  - TR, 12 PM – 1:40 PM
  - TR, 2 PM – 3:40 PM
  - MW or TR, 4 PM – 5:40 PM
  - MW or TR, 6 PM – 7:40 PM
  - MW or TR, 8 PM – 9:40 PM
  - MWF, 9:25 AM – 10:35 AM
  - MWF, 10:50 AM – 12 PM
MWF, 12:20 PM – 1:30 PM
MWF, 1:45 PM – 2:55 PM

Scheduling 1- and 2-Credit Courses:

1- and 2-credit courses must use standard start times so students will not be blocked from scheduling consecutive classes and final exam times can be scheduled without conflict. Schedulers should also match course offerings with other sections to maximize room utilization throughout the week.

- **1-Credit Courses:**

  Because of final exam considerations, 1-credit courses that meet 50 minutes per week should be scheduled using Block C start times and matched with other course offerings to use the space optimally. For example, offer one section on Tuesday at 2 PM and one section on Thursday at 2 PM, or offer one on Monday at 11 AM, one on Wednesday at 11 AM and one on Friday at 11 AM.

- **2-Credit Courses:**

  2-credit hour courses should be scheduled using Block A or B start times.

- **Laboratory Courses:**

  Laboratory courses that meet on M, W, or F should start on Block A times. Laboratory courses that meet on T or R should start on Block B times.

750 minutes/credit hour/days of the semester

*Meeting and Research Slot Opportunity*

The scheduling grid under option 2, also allows for a regular time slot where no classes are scheduled for faculty to utilize for research, meetings and other student success needs.

Justification and Assessment

Rationale*  This is an eMajor class approved by the consortium as an elective for CRJU majors. It provides a perspective on con law for practical applications in civil rights, civil liberties, courts, criminal procedure, and equal protection. This class should have been submitted in 2021 with the program request but was not submitted at that time.

Student Learning Outcomes - Please provide these in a numbered list format.*

After completing this course, you will be able to:
- Demonstrate the ability to think critically on issues involving criminal procedure, analyzing and interpreting situations, events, practices, and cases;
- Demonstrate competence in written communication on issues involving criminal procedure producing well-organized writing that meets conventional standards of correctness, exhibits appropriate style and awareness of audience, and presents substantial material;
- Demonstrate the ability to use research and technology effectively in communication and scholarship on issues involving criminal procedure.

Course Format and Requirements

Teaching Philosophy:

| Assignments | 450 minutes |

It is anticipated that students will need to work independently for twice the number of minutes listed above to complete the online activities.

Course Texts

eMajor has explored cost-reducing options for students and currently utilizes a range of open educational resources for this course. Open educational resources apply to information and technology that is licensed but freely available for educational purposes. You will not be required to purchase a textbook at this time. The required readings and course material can be found in each module. This course will use the following open educational resources in addition to external web links and embedded video content.

NOTE: These materials are collected from multiple higher education resources, including sources that are printed in British-English. The spelling of words and grammar may differ from American-English. Although extremely rare, some materials may have minor typos. We strongly encourage you to report these mistakes using the Student Change Request form in the Course Resources module.

Module Breakdown

The following modules are covered in this course:

- Module 1: Understanding the Supreme Court & State Action
- Module 2: Judicial Power - The Power of Judicial Review: Challenges & Constraints
- Module 3: Judicial Decision Making – How Politics Shapes Constitutional Interpretation
- Module 4: Slavery & Racial Equality
- Module 6: Civil Rights- Racial Discrimination
- Module 7: Civil Rights- Discrimination Based on Sex and Gender
- Module 8: Civil Liberties- The Second Amendment

Course Format and Requirements
In your statement of teaching philosophy, you should include descriptions of how you think learning occurs, how you (as a) will impact the students’ learning, what goals you hold for student learning, and how you believe students should participate in the learning process.

Course Schedule:

NOTE: The schedule is tentative and may be subject to change.

## Attendance, Participation, and Time Commitment

"Attendance" and participation are required. You will be expected to participate in ongoing discussions of the lesson topics and to interact with other students and your instructor regularly. It is expected that you will demonstrate a positive attitude and courtesy toward other participants in the discussion and observe good discussion netiquette. Be sure to read and observe the following procedures:

- You are a guest in the instructor's classroom, so be sure to observe the class rules.
- Practice manners and civility, and be polite and respectful of your instructor and classmates in all your communication.
- Respect your instructor, and be on time in your work submissions.
- Keep your instructor informed of your status.
- Address your instructor as Professor or Doctor.

### Module 7 D

### Module 8 D

### Module 8 G

### Module 8 S
In the online environment, problems associated with power outages, networks being down, and ISP troubles inevitably result in legitimate reasons for delays, however, you should still be prepared to deliver your work by the stated deadlines. If you have a problem, let your instructor know as soon as possible. The student who repeatedly turns in late work will be subject to penalties.

**Time Commitment**

Taking an online course is not easier or faster. On the contrary, it will take as much time as taking a face-to-face class or more. If you normally go to class 3 hours per week per course, you will need to devote that same amount of time to your online course. In addition to online time, you should spend time studying and working with course materials several hours per week offline. It will be helpful to set aside regular study time when you can work uninterrupted. Offline time could be spent in composing messages to post online, reading, studying, and working on homework problems.

The amount of time it will take you to complete the work for the course will depend on many factors, which will vary with each individual. Students can expect to spend anywhere from 8 - 15 hours per week on this course. Consult the course Calendar and your instructor to be sure you are on schedule, keeping up with the material, and taking quizzes on time.

As a general rule, in this course you will be expected to:

- Log in regularly to check messages from your instructor and other students.
- Check the Calendar for announcements from your instructor.
- Study, read online materials, and work on all assigned problems for each lesson.
- Complete all coursework and assignments in the time allowed.

**Conduct**

You are expected to refrain from profanity, crudeness, and slurs of any kind. In other words, you are expected to behave and treat your fellow students and instructor fairly, just as you would in the traditional classroom.

Just as you would listen to others speak in the classroom, you are expected to read and respond politely and thoughtfully to others in the online course. You are expected to refrain from crude or unbecoming comments and be supportive to the class. Proper conduct applies to all forms of communication in the course.

**Late Policy**

- Use correct grammar and punctuation in all your communication (‘Dear Professor xxx' not ‘Hey').
- Accept your instructor's feedback and learn from it.

Grade Scale

Grades are based on student performance and capability. Simply turning in all the assignments does not guarantee that the student will receive a "good grade." To receive a higher grade, a student must demonstrate proficiency in the material. For different students, gaining that proficiency requires different levels of work, because not all students walk into the class with the same aptitude for the course content. The standards for the respective grades are as follows:

A: 90-100%
B: 80-89%
C: 70-79%
D: 60-69%
F: 0-59%

Grade Turnaround: All assignments and assessments will be graded within one week's time. The instructor will provide comments along with the grade as necessary for feedback.

Expectations and Standards

A – To achieve this grade you must display superior performance in his/her course work. This includes demonstrating the ability to process and comprehend complex ideas, and to be able to convey those ideas to others in a clear, intelligent manner. An "A" student will go beyond simple requirements and seek to excel in his/her preparation for and presentation of assigned work. He/she will demonstrate excellence in communication skills and the ability to contextualize material.
**Academic Honesty**

(Acknowledgement is hereby given to Georgia State University on whose policy this is based).

As members of the academic community, all students are expected to recognize and uphold standards of intellectual and academic integrity. The University System of Georgia assumes as a basic and minimum standard of conduct in academic matters that students be honest and that they submit for credit only the products of their own efforts. Both the ideals of scholarship and the need for fairness require that all dishonest work be rejected as a basis for academic credit. They also require that students refrain from any and all forms of dishonorable or unethical conduct related to their academic work.

In an effort to foster an environment of academic integrity and to prevent academic dishonesty, students are expected to discuss with faculty the expectations regarding course assignments and standards of conduct. In addition, students are encouraged to discuss freely with faculty, academic advisers, and other members of the academic community any questions pertaining to the provisions of this policy.

Information Item from Undergraduate Programs Committee

Honors Course Conversion Grading Procedure

The Honors Faculty Council approved updates to the process (shown below) by which "regular" courses are converted to "Honors" courses. The updated process changes two elements related to the additional work that an Honors student "contracts" with the professor/instructor to do in order to turn the course into an Honors course.

Change the terms for Honors course conversion as follows:

<table>
<thead>
<tr>
<th>Additional assignment/work</th>
<th>Current</th>
<th>Change</th>
</tr>
</thead>
<tbody>
<tr>
<td>Grading and Syllabus</td>
<td>Must constitute some percentage of the course grade. Thus, Honors conversion alters the syllabus for the course.</td>
<td>Is graded pass/fail and does not affect the student’s percentage in the course and letter grade. Thus, Honors conversion does not alter the syllabus for the course.</td>
</tr>
<tr>
<td>Assignment Options</td>
<td>Determined by the course instructor. There are minimal guidelines and no established standards.</td>
<td>Options are provided on the contractual form (e.g., at least six options, including research paper, applied and/or creative projects, short papers, additional presentation), along with guidelines and standards that the Honors Faculty Council is establishing with minimal/maximal standards, e.g., page counts.</td>
</tr>
</tbody>
</table>

The Honors College is making this change: (1) To reduce the burden of course conversion for instructors that arises from having to alter the syllabus and (2) to establish consistency across course conversions through which students earn Honors distinction, e.g., to avoid one student completing a two-page paper for a successful conversion and another, in another instructor’s course, completing a 30-page paper for a successful conversion.
