Meeting Agenda Items

1. New Business
 - a. Approved the minutes from the last meeting.
 - b. Jamie gave an update of her reporting at the Faculty Senator Meeting regarding the decommission of three individual links in PolicyStat, the decision not to move forward regarding the proxy amendment, and policy reviews being released in June and July.

Rules Committee Minutes

2. Old Business

a. Reviews in June and July

Erin discussed and updated the potential issue of policies needing review in June and July when faculty are not on contract and then shared with the committee what she was told from the Legal Office regarding policies being sent out during the summer. It seems that due to the nature of that office and the roles of those individuals working in it, some faculty-related items would need to be disseminated during those months.
