EdD Student Learning Goals

- 1. Demonstrate advanced nurse educator competencies to enact increasingly complex faculty and leadership roles.
- 2. Facilitate curriculum design, development of courses, and evaluation of program and learner outcomes using evidence-based strategies.
- 3. Function as a change agent, innovator, and leader with the continuous pursuit of quality improvement in the nurse educator role.
- 4. Advance the scholarship of nursing education.
- 5. Conduct, evaluate, and synthesize theoretically guided research to further pedagogical knowledge in nursing education.
