

Campus Center Access for Association of Retired Faculty & Staff

UWG retirees within the Association of Retired Faculty & Staff are eligible for Campus Center access through a current agreement. This agreement will be subject to change annually.

Access to the facilities will begin upon completion of the following registration process:

1. Retirees must visit the card office located on the third floor of the UCC to obtain a UWG ID card that identifies them as “retiree.”
 - a. This allows Campus Center staff to ensure retirees receive appropriate access.
2. Retirees must then visit the UREC administration desk at the front of the Campus Center with their Retiree ID during Monday - Friday 7:45 am - 5:45 pm to complete UREC account setup and gain facility access.

Guidelines

- Please be advised that the Campus Center is funded by student fees. Programs and offerings are student-centered (types of classes offered, music played in facility, building hours, etc.).
- Only UWG retirees are eligible for this access, spouses and dependents are not eligible.
- Retirees will not have access to the MyRec portal. Any registrations (such as group fitness classes) can be accommodated in advance in person or by phone at the UREC administration desk at 678-839-5500.
- Please check our website regularly for special hours, holiday closures and operating procedures.

Retirees will be asked to comply with all Campus Center policies including the ID policy below:

In compliance with the University of West Georgia Student and Employee Handbooks, all students, faculty, and staff must have their UWG ID card to enter controlled access within the Campus Center. This includes both recreational and event space. The first two times that a patron forgets their card, they will receive a forgotten card warning linked to their account but will still be granted access. On the third violation, patrons will not be granted access.
