ePAR Action: Hire/Rehire > Benefited Transfer

Staff, Monthly Employee (Pay Groups: 54A, 54X, 54Y)

This transaction type will be used when a benefited, staff, monthly employee is transferring from a position in one department to a position in another department.

This action type should not be used if you are hiring a non-benefited person into a benefited position. For this scenario you should submit a separation ePAR from the non-benefited position and a rehire ePAR for the benefited position.

NOTE: The responsibility of completing the ePAR resides with the department the employee is transferring to.

1. Log into the ePAR system (https://uwgforms.westga.edu) using your UWG credentials. Select the UWG repository. The UWGDev repository is used for test and training purposes.
2. Under the My Forms menu section, click the Personnel Action Request Form. Click OK to begin a new Personnel Action Request form.
3. The Initiator name will be populated.
4. Enter the Initiator contact phone number.
5. If the PAR is being entered on behalf of another initiator, you may select the individual’s name in the On Behalf Of field.
6. Enter the ADP Position Number in which you are hiring the individual. The ADP position number populates several information fields on the form. After entering the position number, verify that the other information related to the position is accurate. If you receive a red exclamation mark at any point in the process, correct the information or contact the ePAR functional administrator.
7. Enter the Effective Date of Action. For this scenario, enter the employee’s start date.
8. Enter the Type of Action. For this scenario, enter Hire/Rehire.
9. Enter the Reason for Action. For this scenario, enter Benefited Transfer.
10. Verify the information that populates in the gray fields: Division, Department, Employee Type, Department ID, Position Title, and Job Code.
11. In PAR Summary, enter a detailed description of the action that you are taking. This field is required and must be completed for form submission.
12. Indicate if the person being hired is a TRS retiree.
13. Select the name and ADP ID# of the transferring employee from the ADP Employee Number dropdown. Once the employee name is selected, the employee’s ADP number will populate. The Employee Name will also populate.
14. In the **Pay Attributes** section, enter the following:
   a. **Annual Rate** – enter the annual salary for this position based on 1.0 full-time equivalent (FTE).
   b. **Number of Working Months per Year** – enter the number of working months per year that this employee will work (i.e. 12, 10 or 9 month, etc.)
   c. **Standard Hours (Per Week)** – enter the anticipated number of hours the employee will work per week (i.e. 40, 30, 19 hours, etc.)
   d. **Expected Annual Pay** – enter the annual amount you expect the person to be paid. If less than 1.0 FTE, the amount should be prorated. Use the following calculation to calculate the expected annual pay if less than 1.0 FTE:
      - Number of hours to be worked per week/40 hours = FTE%
      - Annual Salary * FTE% = Expected Annual Pay
      - Ex. Employee works 30 hrs. per week instead of 40. Divide 30/40 standard hours and FTE is .75; $50,000 * .75 = $37,500.
      An employee earning $50,000 per year at 1.0 would earn $37,500 at .75 FTE.

15. Utilizing the dropdown in the **Chart Strings** section, select the Department ID, Fund, Account, Program, Class and Project Codes (if applicable). Enter the total **Amount** of the expected annual salary that should be expensed to the chartstring(s).
